

Police contract acceptance triggers recall try

By HENRY CANTIN

Contending that the officials of Romulus are not serving Romulus in the best interest of its citizens, John Sabich, 9452 Barry, Romulus, has initiated a recall campaign against Mayor Hyle J. Carmichael and the city's seven-man council. Recall petitions, about 60 in number, have circulated in the Romulus community in a drive for 1,248 signers required for a recall election.

Sabich, an inspector at the Livonia Plant of General Motors, is a three-year resident of Romulus. He and some supporters of a local police department began their campaign for a recall following a Wayne County Circuit Court decision July 28 that held against the Romulus Police Officers Association.

The association brought suit against the city charging that the City Charter adopted in May, 1970, called for a city-operated police force and not by an outside agency. The suit sought an injunction to halt the city entering into a law enforcement contract with the Wayne County Sheriff Department.

Circuit Judge Charles S. Farmer ruled that a proposed law enforcement contract between the city and the county sheriff was legal.

Last Tuesday (Aug. 10) a contract providing full-time police protection to Romulus, a one-year-old city, by the Wayne County Sheriff Department was signed by city and county officials.

The mayor and city council recently approved the contract with the sheriff's department that will replace the 10-man

police force with deputies from the road patrol of the sheriff's office, supported by the backup and detectives services at an initial year's cost of \$378,000.

The new police enforcement services for the city are to begin on Sept. 1.

Sabich, in announcing the recall, drive said: "The mayor and council members have not acted in good faith in carrying out the dictates of the city charter and we are not satisfied."

"Our charter states that there will be a police department and gives the chief law enforcement power to the mayor. He has handed this power over to the Wayne County Sheriff. We don't like it."

Mayor Carmichael the recall campaign said, "I am not concerned. The elected officials of the city have made the decision. Any resident, man or women, has the right to op-

pose or take the action they so desire. If this is his desire, it is alright with me."

The petitions also contend the city has spent no money for the local police department in the last 12 months although an annual 1.5 mill tax levy is collected for the operation of the police force.

City officials replied that the money from the tax levy was saved pending final action of procuring "adequate police protection" for the city of Romulus.

Further that the council has held "secret meetings" on the contract excluding the public from the discussion.

And the council and mayor have ignored the financial needs of the city and approved excessive expenditures in other areas such as the 1.1 mill increase in this year's city taxes which Sabich contends will go for only police services and not for other areas of city service.

Summary judgment asked in zoning suit

By JOE CHAREST

The City of Romulus, in a surprise move, went to court last week to request a summary judgment in the suit lodged against it by people opposed to the new zoning ordinance.

Wayne County Circuit Court Judge Charles S. Farmer has taken the city's request, made Friday, under advisement.

The suit was initiated when the council refused to accept petitions for a referendum on the zoning ordinance. By a vote of 4 to 3, the city council decided to follow the recommendation of its legal counsel Elsmann, Young and O'Rourke who advised rejection of the petitions on the grounds that the zoning law was not legally subject to a referendum.

City Council President Jimmy C. Raspberry took the zoning law opposition to task last week, saying that charges of "closed door meetings" to decide certain changes in the zoning map were exaggerated and misleading.

Raspberry produced copies of meeting minutes and various other paperwork which detailed chronologically what transpired during

development of the zoning law and map, which were accepted by the electorate May 6.

A report from a special meeting held March 9 indicated that the Planning Commission and the Citizens Advisory Committee differed on at least two points on the zoning map. The commission, in one instance, wanted residential zoning in a section

where the citizens group was seeking commercial zoning.

According to Raspberry, it was in an area where a commercial designation would lead to development of a dumping area, which the Planning Commission opposed.

On March 23, a Parkins and Rodgers (planning consultants) communication indicated that there were four areas of disagreement left unresolved between the commission and advisory group.

A public hearing on the zoning ordinance, as required by law, was scheduled and held on April 20.

Raspberry produced a tape of the proceedings to prove the point that Robert Plank, chairman of the Citizens Advisory Committee, was satisfied with the zoning law.

In a statement during the meeting, Plank said, "I feel we've got a good zoning ordinance." Plank indicated he wasn't happy with some points on the map, but added, "you can't please everyone."

Plank's statement and the public hearing, however, occurred prior to the council's final zoning changes, which Raspberry says were a result of opinions given by the people

More police protection

September 1 is date for county take-over

By HENRY CANTIN

Law enforcement in the City of Romulus will be taken over by the Wayne County Sheriff's Road Patrol on Sept. 1.

The contract for police protection by the complete services of the sheriff's department was signed Aug. 11 after months of negotiations and community controversy on the pros and cons of city police force versus county service.

Metropolitan Airport and many large commercial and manufacturing firms.

The city has and is presently undergoing a tremendous growth in business and residential development.

It is expected that the police services for Romulus will operate from the road patrol offices, located on Henry Ruff Rd. until suitable quarters can be decided upon by city fathers.

Police cars serving Romulus will be marked as Romulus police cars and be operated 24-hours a day in the city.

The police contract is the first such agreement concluded since the Wayne County Board of Commissioners notified all cities and townships a year ago that free local patrol by the sheriff's department would be phased out gradually.

The sheriff's department and the county board of auditors have been meeting with officials of a number of other cities and townships to discuss possible similar agreements.

It was disclosed by Sheriff William Lucas that a number of other communities are interested in the concept. He said officials of several

Subdivision ordinance is first for Romulus

Romulus City Council has unanimously adopted a new Subdivision Control Ordinance.

Approved by the council at its Thursday council meeting it is the first in the city's history. It set up rules and regulations governing all phases of land subdivision.

The adoption of the ordinance followed several weeks of discussion between council members, city attorneys, engineers, building inspector and city planners.

The subdivision ordinance was one of the two major items that the supporters of the present referendum controversy involving the city's recently adopted new Zoning Ordinance claimed was not approved when promised.

The other complaint was

that the city has not adopted a new and strong Building Code Ordinance prior to the adoption of the zoning ordinance.

The subdivision ordinance becomes effective as soon as it is published. The details of the new ordinance are listed elsewhere in this issue of the Romulus Roman.

The procedures for the preparation and filing of preliminary plats, submission of record of final plats and approval of plats by the city council are detailed in the new ordinance.

Also included are platting regulations and requirements in regards to conformity to the city comprehensive development plan including streets, alleys and easements.

The ordinance provides a penalty of \$500 fine or 90 days

in jail or both for violations of its rules and regulations.

Council President Jimmie Raspberry in commenting on the subdivision control law said that it was proposed back in March.

"The delay in council approving the new ordinance first proposed in March was due to the council's request to have the city attorney and city engineers make a detailed study of all the legal aspects and engineering phases of the new rules and regulations."

"As to the adoption of a new Building Code Ordinance, city officials, city attorneys and our building department manager have and are now working on its provisions. The preparation of this ordinance was delayed due to the resignation of Joseph B. Gallagher, former manager of the building department."

A building committee has been formed with the approval of council and we expect to have final council action on this ordinance in the near future."

Clayton Meldrum, present manager of the building department, reported Monday that he hopes to have the ordinance ready for final council action in 4 to 5 weeks.

Meanwhile he said, the city is operating under the provisions of the BOCA Code (Building Officials Conference of America) until the adoption of the new ordinance.

He added that the BOCA code is too "complicated and incomplete for local areas including Romulus."

The law enforcement agreement is described as the first of its kind in Michigan was approved by the Wayne County Board of Commissioners and Romulus City Council.

Under the three-year agreement, the city will pay \$378,000 a year (subject to annual review) for the services of 16 officers, plus the special bureaus of the sheriff's road patrol and investigation division and extra manpower in emergencies.

The city police force will be eliminated and its members given the option of becoming sheriff deputies, with the exception of Police Chief Jacob J. Koch, who, it was reported, is slated for another city position.

County and city hailed the contract as a step toward increasing the professionalism of small-city police departments and giving the taxpayers better law enforcement per tax years.

Romulus has grown from a rural township to a city of more than 23,000 residents in recent years. It is the site and headquarters for Detroit

Carriers collect

The carrier boy who delivers this newspaper to your door will be calling to collect 50 cents for the month of August. This will include payment for the issue of August 25th. If your paper was started later in the month, he will collect a smaller amount.

This will be the first collection for some of our carriers.

Your carrier will appreciate prompt payment. If you have any suggestions on how he can improve his service to you he invites your suggestions.

Romulus family welcomes Nigerian lady and children

Mrs. Christine Stallings, vice-president of the Nigerian Broadcasting Television station at Lagos, Nigerian, is visiting the United States for the first time.

She and her three children,

Delia, Nene and Eyimofe, arrived at Detroit Metropolitan Airport Aug. 4 to visit relatives and friends of her late husband, Herman Stallings of Detroit and Pontiac.

She plans on a 17-week stay in America before returning to her birthplace at Lagos.

While staying and visiting the local areas, she will spend two weeks as a guest of Mrs. Dorothy R. Phenix of 6031 S.

Wayne Rd., Romulus, chairman of the Citizens District Council and mother of Tyrone Phenix of the Urban Renewal Office in Romulus.

Mrs. Stallings, who reports that each day so far has been a delight and excitement for herself and her children, will present an authentic African art exhibit at the home of Henry Stallings, of 18630 Joseph Campau, on Aug. 28-29. Henry is Mrs. Stallings' brother-in-law.

She holds the distinction of being the first African airline hostess. She speaks 40 languages.

In commenting on her U.S. visit, Mrs. Stallings said, "I am excited over the size of the automobiles and the fact that the steering wheel is on the left hand side."

She expressed fascination over the large cars, supermarkets, shopping centers, manufacturing activities, fashions and the very active life of most Americans in the United States.

In September, Mrs. Stallings plans on joining President Gowan of Nigeria when he visits New York before returning home.

VISITING AMERICA — Mrs. Christine Stallings (center) of Lagos, Nigeria, and her three children are chatting with Romulus friends with whom she will be staying with during part of her American visit. With her is Tyrone Phenix, who is assigned to the Urban

Renewal office in Romulus, and Mrs. Tyrone Phenix. The children of Mrs. Stallings are Delia, Nene and Eyimofe. Mrs. Stallings, who was born in Lagos, is the widow of the late attorney Herman Stallings, formerly of Detroit and Pontiac.

Registration time set in Romulus

All new students who will be attending the Romulus schools for the first time this September are asked by Romulus Community School officials to register early according to the following schedule:

All new kindergarten and elementary students may enroll at their appropriate school from 8 a.m. to 4:30 p.m. weekdays from Aug. 23 through Sept. 7.

Families who enrolled their children for kindergarten last spring need not register, Assistant School Superin-

tendent William Jakad announced.

New junior high students may register at Romulus Junior High School from 7:30 a.m. to 4 p.m. Aug. 23 through Sept. 7.

New senior high students may register at the Romulus Senior High School from 7:30 a.m. to 4 p.m. Aug. 23 through Sept. 7.

Counselors will be available both at the junior and senior high schools to assist new students to set up their class programs during this period.

SUMPTER TOWNSHIP

NOTICE of PUBLIC HEARING

Please take notice that a public hearing will be held by the Sumpter Township Planning Commission on the 7th day of September, 1971, at 7:00 p.m. in the Township Hall, 23483 Sumpter Rd., in the Township of Sumpter, for the purpose of granting any person interested the right to be heard by the planning Commission on the following amendment to the Township of Sumpter Zoning Ordinance No. 11, as amended, the tentative text and map of which is available for inspection in the office of the Township Clerk at the Township Hall, during regular business hours.

I. This property, Parcel A and B, 12.1351 acres is located on the Southwest corner of Sumpter and Wear Roads.

The description and proposed amendment is:

PARCEL "A"

That part of the S.E. 1/4 of Sec. 21, T.4S., R. 8 E., Sumpter Township, Wayne County, Michigan described as beginning at a point on the E. & W. 1/4 line of said Sec. 21 distant S. 88 degrees 02' 23" W. along the E. & W. 1/4 line of said Sec. 21, 426.68' from the East Quarter Corner of said Sec. 21, and proceeding thence, S. 88 degrees 02' 23" W. along the same said E. & W. 1/4 line of Sec. 21, 516.66'; Thence, S. 1 degree 24' 43" W., 829.93'; Thence, N. 87 degrees 55' 13" E., 536.31'; Thence, N. 0 degrees 03' 30" E., 827.89' to the Point of Beginning, containing 10.0065 acres, more or less, be rezoned from RCH (Rural Country Homes) to R2 (Multiple Units).

PARCEL "B"

That part of the S.E. 1/4 of Sec. 21, T.4S., R.8E., Sumpter Township, Wayne County, Michigan described as beginning at the East Quarter Corner of said Sec. 21, and proceeding thence, S. 0 degrees 03' 30" W. along the East line of said Sec. 21, 217.00'; Thence, S. 87 degrees 55' 13" W., 426.72'; Thence, N. 0 degrees 03' 30" E., 217.89'; Thence, N.88 degrees 02'23" E. along the E. & W. 1/4 line of said Sec. 21, 426.68' to the Point of Beginning, containing 2.1286 acres, more or less, be rezoned from RCH (Rural Country Homes) to C commercial).

II. This property is located approx. 1/2 mile North of Oakville-Waltz Road and 165' East of the Arkona Woods Sub-Division on Rawsonville Road, containing approx. 67.3 acres.

The description and proposed amendment is:

That part of the N.W. 1/4 of Sec. 31, T.4S., R.8E., Sumpter Township, Wayne County, Michigan described as beginning at a point N. 1318.82' from the E. & W. 1/4 line of the S. 1/2 of the N.W. 1/4 of Sec. 31; and proceeding thence, S. 0 degrees 12' 20" W. 1275.82'; Thence, due E. 130'; Thence, S. 0 degrees 12' 20" W. 43'; Thence, E. 2088' along the E&W 1/4 line of said Sec. 31; Thence N.1319'; Thence S.89 degrees 23' 15" W. 2215' to the Point of Beginning, containing 67.3 acres, more or less, be rezoned from R1B (Residential) and M1 (Light Industry) to R2 (Multiple Units) for the purpose of erecting a Planned Unit Development (PUD).

Generosity continues for McGinnis family

Area residents, touched by the struggle of the Arnold McGinnis family against adversity, continue to offer assistance and aid to the stricken family.

Mrs. Eva McGinnis, a young mother of six, has incurable cancer. She is not confined to room 164, bed 1, at Seaway Hospital in Trenton, where her condition is listed as "poor".

A hospital spokesman said there are no immediate plans for her release. She is receiving intravenous feedings and is unable to take nourishment by mouth.

The family's plight was brought to the attention of the community through the plea of their neighbor, Rick Franz, who asked for a miracle.

In their struggle to meet the mounting expenses of a three year battle against the disease, the family had denied themselves many comforts and necessities.

Despite their efforts they had fallen behind; insurances had been cancelled, doctor bills had multiplied and hospitals had become reluctant to treat Mrs. McGinnis. Franz asked that the community get behind

the family and see them through their trials.

In response, a bank account was opened at the Manufacturers National Bank of Romulus that now totals \$940. Contributions have ranged from \$1 to \$100. "They come through the mail or people drop in and make deposits," said a spokesman.

The Belleville area Lions Club has deposited \$100 with Kidwell Drugs, Romulus, for Mrs. McGinnis's prescription needs.

Through the Romulus Jaycee's and their auxiliary, a

carpet and linoleum have been installed in the family's home. The children were treated to a picnic and swimming party and plans are for some school clothes.

The Belleville Moose Lodge has helped with linens and a washer and dryer have been donated and installed.

An Ypailanti couple gave a cooking stove; Roberts Furniture and Bud's TV both of Belleville have each given a set of bunk beds. A television set has also been donated by Bud's TV.

In addition, a telephone has been connected and the bill paid by the Livonia Branch of Michigan Bell. Memering's Five Points Service, Belleville, has contributed \$200 worth of automobile repairs to the McGinnis's family car.

A central heating system will keep the family warm this winter thanks to Melvin and Bob White of Martinsville Road.

An account at the National Bank of Detroit, Belleville

office, was established by the Van Buren Civic Association to help make house payments. Mrs. Mabel Sawmiller asked that residents contribute to the account.

"I am so proud of the people," said Franz. "They have really been wonderful. So many things have been done, like the lady who has been taking the wash, those who have given food, the plans that are being made for the children, I'm afraid I will leave someone out. It's just great."

Carriers wanted

News carriers are wanted in different areas served by the Belleville Enterprise and the Romulus Roman. To Place application call 729-4460.

CITY OF ROMULUS NOTICE

TO THE CITIZENS OF ROMULUS:

The City of Romulus is requesting that all city residents not place in plastic bags glass or cans, but rather that they be placed in metal containers.

This will aid Pick-up Men considerably and will assure residents of complete trash removal.

Leonard J. Folmar, Clerk
City of Romulus

TOWNSHIP OF HURON NOTICE

Applications are now being accepted at the Huron Township office, 37290 Huron River Drive, New Boston, for position of FIRE WATCH.

Applicants must be 18 years or older.

MARY LOU CAREY, Clerk
Huron Township

CITY OF ROMULUS ORDINANCE NO. 71-44.1

WHEREAS, the City of Romulus has heretofore, by Ordinance No. 71-44, entered into a contract with the United States Government pursuant to the previously approved urban renewal plan which contract and plan relate to the development of the project known as Mich. R-82; and,

WHEREAS, the City Council of the City of Romulus deems it necessary to restrict development in the area known as Project Mich. R-187 until the completion of the development of such project pursuant to the power granted the City by virtue of Act 344, Public Acts of Michigan of 1945, as amended;

THE CITY OF ROMULUS ORDAINS: That there be added to the Zoning Ordinance for the city of Romulus, Ordinance No. 71-44, the following Section 20.03 (d):

"(d) Restriction on Permits in areas Subject to Urban Renewal Plan. The Building Inspector shall not issue a Zoning compliance Permit with respect to any land located in an area as to which there exists an officially adopted urban renewal plan enacted pursuant to the provisions of Act 344, Public Acts of Michigan of 1945, as amended, unless the work done or to be done shall be in accordance with such officially adopted plan; provided, however, that the Board of Appeals shall have the power on appeal filed with it by the owner of such land to approve a minor deviation from such officially adopted urban renewal plan in the event that the Board of Appeals shall find upon evidence presented to it that the application of the urban renewal plan results in unnecessary hardship or practical difficulties and that a minor deviation from the urban renewal plan is required by considerations of justice and equity. Prior to taking action on any such appeal, the Board of Appeals shall hold a public hearing thereon, and the Board of Appeals shall cause a notice of the time and place of such hearing to be published in a newspaper of general circulation in the City at least ten days prior to the date of such hearing and shall cause all property owners within 200 feet of the land in question to be notified of the time and place of such public hearing by ordinary mail addressed to such property owners at the addresses given in the last assessment roll."

This Amendment shall be effective immediately upon publication.

I, Leonard J. Folmar, Clerk for the City of Romulus do hereby certify that the foregoing is a true copy of an Amending Ordinance adopted by the Romulus City Council at their Regular Meeting held on August 12, 1971.

Leonard J. Folmar, Clerk
City of Romulus

ATTEST:
Hyle J. Carmichael, Mayor
City of Romulus

Within forty five (45) days after the publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6 percent) percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

CITY OF ROMULUS ORDINANCE NO. 71-44.2

AN ORDINANCE TO AMEND SECTION 10.02 OF THE MASTER ZONING ORDINANCE NO. 71-44. TO REVISE THE REQUIREMENTS FOR TRAILER SPACING AND PADS, MATS OF PLATFORMS THEREOF.

WHEREAS:

The City of Romulus deems it in the best interest of the City and its citizens to amend the requirements of Article X, Section 10.02, paragraph 1 (Trailer Spacing) and paragraph 8 (Pads, Mats of Platforms) of Zoning Ordinance No. 71-44.

THE CITY OF ROMULUS ORDAINS:

Section I

Short Title: Amended Zoning Ordinance.

Section II

Article X, Section 10.02, Paragraph 1 of Ordinance No. 71-44 is hereby amended to read as follows:

1. Trailer Spacing: Trailer coaches shall not be permitted to occupy single or full multiple sites if the trailer coaches are wider longer or wider than would permit compliance with the following requirements:

a) Space between trailer coaches may be used for the parking of motor vehicles if the space is clearly designated and the vehicle is parked at least ten (10) feet from the nearest adjacent trailer coach.

b) There shall be unobstructed open spaces of at least twenty (20) feet between the sides or end and sides of adjacent trailer coaches for the full length of the coaches, and at least ten (10) feet of unobstructed open space between the ends of adjacent trailer coaches. Hitches shall not extend beyond the boundary lines of the sites.

c) Trailer coaches shall not be parked less than ten (10) feet from a building, a public street or alley, nor less than three (3) feet from the boundary of any trailer coach park. When an area for motor vehicle parking is provided other than on a site or street right of way, motor vehicles shall be parked at least ten (10) feet from the sides of trailer coaches and three (3) feet from the ends of trailer coaches.

d) After the effective date of this 1971 amendatory act, for those lots added to an existing park and all lots in a new park the ten (10) foot distance specified in subsections (b) and (c) is increased to twelve (12) feet if any trailer coach involved is in excess of twelve (12) feet in width at the end of the trailer coach where the distance is measured.

Section III

Article X, Section 10.02, Paragraph 8 of Ordinance No. 71-44 is hereby amended to read as follows:

8. Pads, Mats of Platforms: All pads shall conform with trailer size, so as to allow skirting to cement on all four (4) sides of each unit, or a minimum of twelve (12) feet by fifty (50) feet (12'x50') as proposed in the 1959 Mobile Home Ordinance. Each pad shall be four (4) inches thick or of equal bearing strength.

This amendment shall be effective immediately upon publication.

I, Leonard J. Folmar, Clerk for the City of Romulus do hereby certify that the foregoing is a true copy of an Amending Ordinance adopted by the Romulus City Council at their Regular Meeting held on August 12, 1971.

Construction begins on hospital facility

By JIM CARRAVALLAH

The seemingly endless planning for a long term care facility on the Wayne County General Hospital grounds has reached a climax. Construction has begun on the \$9.5 million project, with a completion in 1973 anticipated — barring any strikes or unforeseen delays.

"The facility will allow us to move our present long-term care patients from N Building," explained Dr. Emma J. Conklin, director of the general hospital division, "to the more modern facilities in the long-term care building."

Wayne County General Hospital presently houses more than 230 long term care patients — people who are not sick enough to remain in the acute care hospital — yet are not well enough to live normal daily lives.

"We've been housing long-term care patients here for more than 100 years," explained the doctor. "They've been in N Building since 1932."

More than 160 patients were housed in one ward in the old N Building set-up for long term care. Later the number was reduced to 120 per ward, and the present number is 60 per ward.

"This setup did not meet the stringent guidelines of medicare," explained Dr. Conklin. "We qualified provisionally, providing we planned to build a better facility."

The new long-term care facility will include 360 beds on six floors in wards containing four beds and two beds along with private rooms.

Included in the plan on each floor is a classroom for special instructions and pastimes and a recreation room with television and other entertainments.

"One of the biggest advantages of the new facility is its proximity to the acute hospital and all the services we offer through it," explained Dr. Conklin.

"There is no other long-term care facility with so many services right next door."

Cory PTA planning

Mrs. Gloria Chandler, president of Cory Elementary School PTA, has announced an organizational and planning meeting and luncheon for her officers and chairmen.

The meeting will be held at her home, 9621 Ozga Rd., on Tuesday, Aug. 24 at 10 a.m. with luncheon to follow the meeting.

The purpose of holding the meeting prior to the school's opening, Mrs. Chandler said, is to plan objectives and programs for the year so that the group can swing into action when school begins in September.

Cory PTA, one of the oldest parent teacher groups in Wayne County, has taken the

The facility is about 200 feet north of the existing hospital structure and the two will be joined by an underground tunnel, much as the present facility in N Building is linked to the hospital by tunnel.

No patient will be more than minutes away from the best medical care available, in the county, according to the doctor.

The building will not house any medical facilities, since it is so near the hospital, which

provement Committee."

Administration of the two buildings will remain the same, but the completion of the new facility will bring a few more job openings to the entire county complex.

"I don't have the figures at hand," explained Dr. Conklin, "but the nature of the facility, with the largest wards holding four beds, requires more personnel to run it than the larger wards."

VAN BUREN PUBLIC SCHOOL DISTRICT

OFFICIAL NOTICE OF SALE
\$1,500,000.00

VAN BUREN PUBLIC SCHOOL DISTRICT
COUNTIES OF WAYNE AND WASHTENAW
STATE OF MICHIGAN

TAX ANTICIPATION NOTES

Sealed bids for the purchase of tax anticipation notes of Van Buren Public School District, Counties of Wayne and Washtenaw, Michigan, of the par value of \$1,500,000 will be received by the undersigned at 555 W. Columbia, Belleville, Michigan, until 8:00 o'clock, P.M., Eastern Standard Time, on the 30th day of August, 1971, at which time and place they will be publicly opened and read.

The notes will be dated September 1, 1971, will mature April 1, 1972 and will bear interest at a rate or rates not exceeding 6 percent per annum. Both principal and interest will be payable at a bank or trust company located in the State of Michigan to be designated by the original purchaser of the notes which paying agent qualified as such under the Statutes of the State of Michigan or of the Federal Government, subject to the approval of the Van Buren Public School District. Denominations and form of notes to be at the option of the purchaser. Accrued interest to date of delivery of such notes must be paid by the purchaser at the time of delivery.

The notes shall not be subject to redemption prior to maturity.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the notes from September 1, 1971 (Here insert the sale, date or the date of the notes whichever is later) to their maturity and deducting therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest dollar interest cost to the municipality. No proposal for the purchase of less than all of the notes or at a price less than their par value will be considered.

The loan is in anticipation of the operating portion of the school tax for the fiscal year beginning July 1, 1971 which tax is due and payable December 1, 1971.

A certified or cashier's check in the amount of 2 percent of the par value of the notes, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer must accompany each bid as a guarantee of good faith on the part of the bidder to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the notes. Checks of unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of the purchaser's attorney approving the legality of the notes, to be secured at the purchaser's expense. The purchaser shall furnish notes ready for execution at his expense. Notes will be delivered at a place to be agreed upon with the purchaser. The right is reserved to reject any and all bids. Envelopes containing the bids should be plainly marked "Proposal for Notes."

Meetings

The Romulus Merchants' Bowling League will meet Wednesday, August 25, at 8:30 p.m. at the Romulus Recreation Center.

The Romulus Mixed Social Bowling League will meet Tuesday, August 24, at 8:30 p.m. at the Romulus Recreation Center.

The Romulus Board of Education will meet at 7:30 p.m. next Monday at the school district's administration building, 36520 Grant Rd.

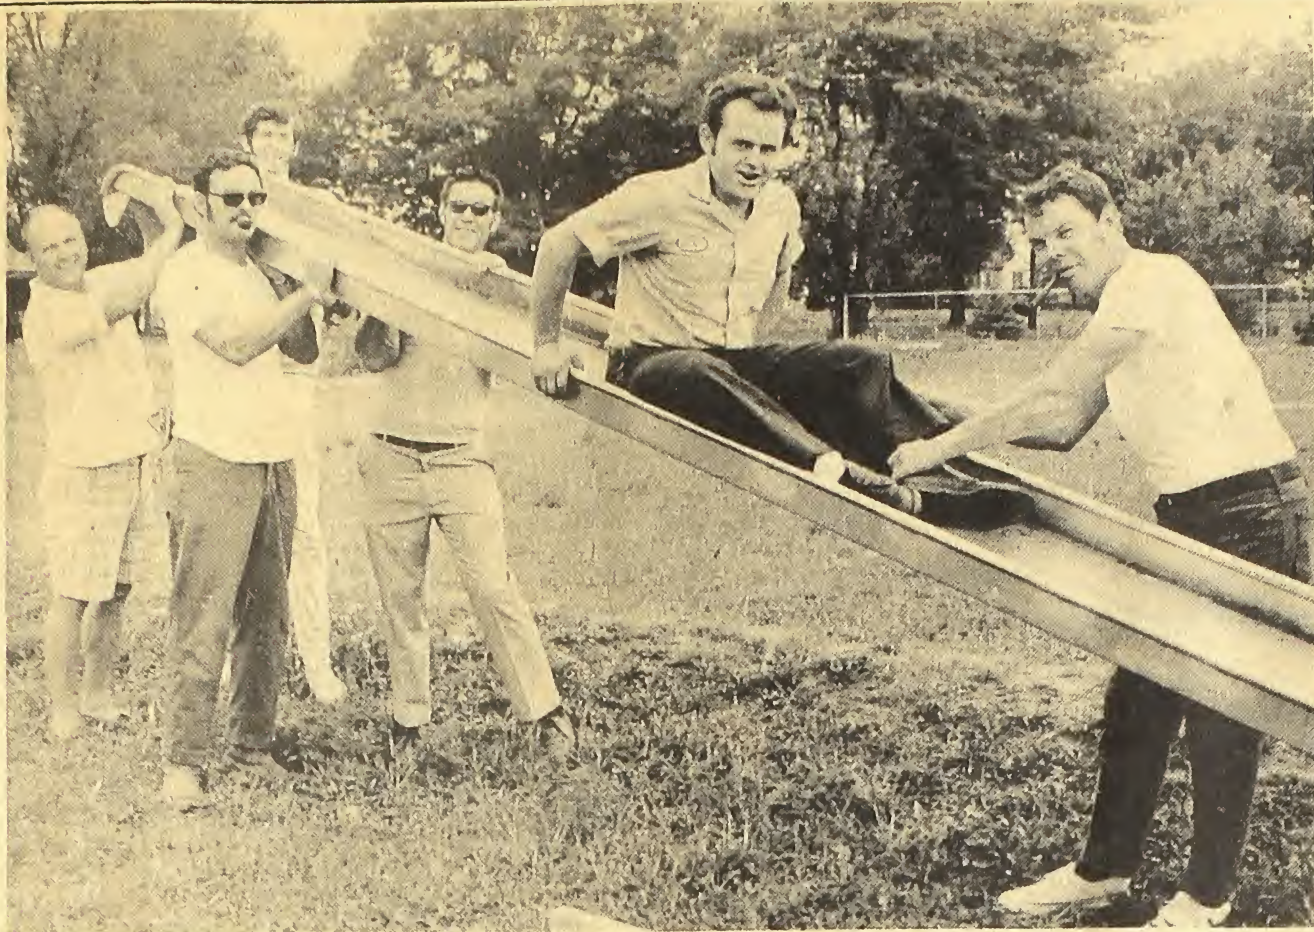

The Huron Township Board will meet at 8 p.m. at the township hall, 37290 Huron River Dr.

Deaths

Florence Murray, 60, of Garner St., Romulus, Aug. 11, John N. Santeiu & Son Funeral Home, Garden City
Emmett August Schmidt, 87, of 14640 Harrison, Romulus, Aug. 14, Roberts Brothers Funeral Home, Belleville.

Births

Mr. and Mrs. Mander Thornsberry, 38033 Westvale Dr., a boy, Kevin Edward, Aug. 3, Garden City Osteopathic Hospital.

ASSEMBLING PARK EQUIPMENT — Members of the Romulus Jaycee Club spent Saturday and Monday night assembling park equipment owned by the city at Kennedy Park, located at Huron River Dr. and Goddard Rd. The slides, swings, merry-go-round, barbeque pits and other riding equipment for children stored at the DPW garage by officials

under township rule has been ordered by Romulus City Council to be placed back in operation. The Romulus Jaycees volunteered to do the job. Assembling one of the slides are (from left) George Pratt, John Domas, Ron Dick, Mitch Mason, Alex Bossidies and Lee Silvey.

Mrs. Kent recuperating

Mrs. Ann Kent, of 29145 Smith Rd., Romulus is in Annapolis General Hospital, Wayne, recuperating from a heart attack suffered two weeks ago, her daughter, Mrs. Carolyn Brooks reported.

Relatives visiting her from out of town were her mother and sister from Nashville.

Advisory information chairman concerned over zoning map

The Advisory Council on Zoning of Romulus which has initiated action against city officials to force revisions in the newly adopted zoning ordinance, voiced their

concerns and reasons for taking the action.

Mrs. June Blanton, information chairman for the group, said, "We feel more is at stake than has been publicized. Most of the people who served on the advisory council are just plain folks, but during our year of volunteer service we have learned a lot about what makes our community tick. We feel the importance of a proper zoning map is a very real issue to all of us."

Mrs. Blanton viewed the airport expansions and needs for transient housing and eating facilities as important in the progress of the city. She said such expansion should be encouraged.

She took issue, however, with changes in agricultural zoning that, she said, penalized those who own more than five acres of land. She was

concerned about those who are living on the land, using it for crops for their own use and sale. "Not the land speculators," she emphasized.

She also attacked the increased zoning for multiple housing units. While admitting that those residents did pay taxes and were entitled to full citizenship, she feels that such development is encouraged only because it is cheaper to service and because the people are contained in specific and manageable areas.

"Do away with agriculture, force the people off the land, bring in bigger and bigger planes, overcrowd the schools and contain the people. These are the issues," she said.

She invited residents who support the group's contentions to assist them by making contributions to offset legal expenses by attending a

series of dinners planned for tonight (Wednesday Aug. 25 and Sept. 2 and 9, between 6 and 9 p.m. at Terry's Lounge, Middlebelt and Northline. Donations will be \$7.50 for each dinner.

Mrs. Blanton can be reached at 722-3877; Citizens for Legal Action, 8775 Cogswell Rd., Romulus, or Mrs. Florence Allen, at 721-3819 can be called.

Lumber mills number around 10,000 in the United States. The top ten manufacturers account for less than 19 percent of lumber output.

fact that they had fulfilled their function in coming up with recommendation.

Raspberry emphasizes that the executive session of the city council which produced the changes dealt only with redesignating portions of the zoning map, and did not change any part of the ordinance itself.

It is apparently this executive session, which the ordinance opposers consider the closed-door meeting at which "unauthorized" changes were made.

Raspberry explained that the council followed the letter of the law, as spelled out in a communication from its legal counsel.

"The council was responsible for holding a public hearing," the councilman said. "Then we had the responsibility to consider the public's opinion, and we responded to those requests."

He added that the next step for people who have grievances should be the zoning board of appeals, which can change portions of the zoning map.

Raspberry also said that the fact that acceptance of the petitions for a referendum would have left the city without a zoning plan and led to chaos was a primary consideration in the rejection of those petitions.

He does not think that Judge Farmer will make any decision which will jeopardize the city by nullifying the adopted ordinance.

Dean's list

Among the students cited by Northern Michigan University for academic excellence during the 1971 spring semester was James Kwasnik of 20045 Vining Rd., New Boston.

The university listed 1,191 students from throughout the state on the university Dean's list.

City Players win funds for winter

The Romulus City Players, an amateur community theatrical group organized this year and sponsored by the City Recreation Department, has been awarded funds to implement a winter adult theatre program, announced David Ferdon, director.

At the last City Council meeting the group was granted nearly \$600 to produce A. A. Milne's classic "Winnie

the Pooh", scheduled for casting in early January.

The performances, planned for elementary-aged children, will be presented at Saturday and Sunday matinees during February.

A recent summer production of a three act comedy, presented at the Romulus High School Auditorium, attracted good participation and community interest, Ferdon said.

County starts Sep. 1

(Continued from Page 1)

communities have expressed interest in contracting for specific services rather than complete replacement of their local police departments.

"It is much easier for a large department, such as ours, to bear the cost of providing expensive special equipment and skilled technicians that it is for a small city or township to bear the cost alone," Lucas explained after signing the agreement.

"The people of Romulus will have the full services of our specialized bureaus, such as homicide, detectives, narcotics, the crime laboratory and our juvenile officers, in addition to 24-hour patrol by highly-trained officers."

County Board Chairman Robert E. FitzPatrick described the contract as an "historic document" in signing the agreement.

"This is the first contract of its kind to be consummated and we hope there will be many others, not only in the area of

law enforcement," FitzPatrick stated, adding:

"County government is described as the government of the future because counties are in a unique position to provide many services on an area-wide basis at less cost than individual localities would have to bear."

Romulus Mayor Hyle J. Carmichael, in adding his signature, said the chief advantage to his city will be the addition of specialized services which the city could not afford to develop on its own. He stated:

"Police work has become so sophisticated that it is extremely difficult for smaller

cities to finance locally the caliber of police departments needed today."

The lengthy negotiations which produced the contract were directed by the Law Enforcement and Public Safety Committee of the Board of Commissioners.

Its members are Eugene A. Sikora, of Detroit, D-District 7, chairman; Ervin A. Steiner, Jr. Grosse Pointe Farms, R-Dist. 3, vice chairman; Roscoe L. Bobo, Ecorse, D-Dist. 18; William L. Dunbar, Detroit, D-Dist. 10; Huey A. Ferguson, Detroit, D-Dist. 5; William G. Suzore, Lincoln Park, D-Dist. 22; and Joseph F. Young, Detroit, D-Dist. 4.

Romulus school date set

The Romulus Board of Education has set Sept. 7 for the opening of the 1971-72 school. Assistant School Superintendent William Jakad announced Monday.

The school district's teaching staff of 280 teachers are to report on Sept. 7 and classes in all grades will begin on Sept. 8.

A complete and detailed school calendar for the upcoming school will be published at a later date.

Current teacher contract negotiations will include school calendar approval when agreed upon by negotiators, Jakad said.

Baum Funeral Home

TELEPHONE 941-9200

In our opinion

If we pay for something, we may as well use it

If we're going to pay for it, we may as well use it.

Lately, there has been a slight furor of talk within school districts about the pros and cons of belonging to the Southeastern Michigan Council of Governments (SEMCOG).

Two school board members in Livonia are adamant about withdrawing that board's support from the government council. They maintain that the Livonia school district is not gaining what it should from the experience.

In other districts, school officials have already decided that what SEMCOG has to offer is not what they need. In the Wayne-Westland Community Schools, board of education members are shrugging their shoulders and signing the dues check while trying to pass the buck of representing the board to a fellow member.

It took Wayne-Westland school board members three consecutive meetings before one of them could be persuaded to attend the monthly SEMCOG meetings.

Granted, members of school boards usually are never compensated adequately for the

many hours spent attending to school affairs. However, before agreeing to participate in any organization, thorough study should be given to the responsibilities that go along with the affiliation.

Since both the Livonia and Wayne-Westland school systems are now dues-paying members of SEMCOG, that membership should be exercised to the fullest extent to reap the benefits such a large organization can provide.

Membership in any organization should not be merely a showpiece, a long string of credentials to flash for an impression. Just as one individual can spread himself too thin among clubs and organizations, so can a school district. The money flows out and the commodities of exchange get waylaid before the point of dissemination.

We would urge all school districts, and local governmental units, to consider closely the opportunities to be gleaned from participation in SEMCOG.

Next year, the choice must once again be made.

In years gone by. . .

A look through The Daily Eagle files at news of Western Wayne County one, 15 and 25 years ago:

25 YEARS AGO

Mrs. Albert Head and daughters of Venoy road returned from their vacation on Lake Erie to attend the fiftieth wedding anniversary of Mr. and Mrs. Fred Rhoades

of Huntington Woods. There were over a hundred guests present and Mr. and Mrs. Rhoades received many beautiful gifts in gold. The Heads plan to return to Lake Erie to spend the rest of the summer.

Names of 13 candidates will appear on the ballot when Belleville voters go to the polls for the special Charter

election on Monday, September 16. Major interest will be focused on the race for the four Council posts. When City Clerk Joseph Spring closed his rule of nominees last Saturday afternoon, a total of eight candidates had filed for the Council positions.

15 YEARS AGO

Aug. 18, 1956 — Several new water lines are ready for residents to tap on to, a water department report said.

Lines on Harvey, Parent and Linville between Palmer and Hazelwood; and Barton, Sheridan and Rosslyn between Wayne and Christine have been chlorinated and are ready for resident taps.

Returning from another pleasant week at their Lake Chemung cottage were the Harold Matevias of Cherry Hill rd. Their guests for three days at the cottage were Mr. and Mrs. Elton Ritter and daughter, Vickie. The Matevia family, with Mrs. Lottie Murdoch, attended the Fletcher-Bock wedding in Britton and the reception which followed in the Products Union Hall in Tecumseh.

City Manager Douglas Waddell and his wife, Erma, celebrated their silver wedding anniversary at the home of a daughter, Mrs. Kenneth Radford, of Marquette.

More than 40 guests were on hand with sincere congratulations.

The couple has three children, Mrs. Radford; Mrs. Marjorie Gordon, and Doug, Jr., and three grandchildren.

Construction of a paved roadway for Huron River Drive and Hannan rd. in Romulus township to the hard of the Lower Huron Park is now underway by the Park Authority.

Starting on Hannan just south of Huron River Drive, the Parkway will cross the Huron River and eventually extend south to New Boston.

ONE YEAR AGO

Aug. 18, 1970 — While presenting the Westland 1970-71 budget, Mayor Eugene McKinney has asked the city council to approve the addition of an inspector to the staff of the Westland Building Department.

His job was to be inspecting multiple developments on a regular basis in order to assure that the buildings are maintained to building code standards.

When the Lincoln Child Development Center opens its doors this September, it will be observing four years of operation in the Inkster school system.

The Inkster Board of education, in a recent 5-1 vote, approved a request from Supt. Edward Fort to continue the center's operation. Vice President Leland Johnston cast the dissenting vote.

Township board hit for sewer assessing

To the editor:

Recently our organization became aware of a threat to our educational system by a group which we felt did not contribute to the educational welfare of the students of Huron School District.

Needless to say, we felt obligated on two occasions in the last six months to move into the arena via a recall and election of a Board of Education that would continue to reflect the best interests of students and parents in the Huron School District.

We feel we have been successful in representing the majority view of the people in the Huron School District.

At this time the membership of People for Huron, and we feel by far a majority of citizens of this district, is gravely and seriously concerned regarding an action by the township board in assessing the Huron School District the almost astronomical sewer assessment of \$66,590. As you are aware, our school district over the years has been severely strapped economically, and this assessment would "break the camel's back". Over the years, this assessment would take educational dollars away from our children in the amount of nearly \$80,000.

Our school system can not afford to take these educational benefits away from our children.

We feel that the board has the same concern as we in regard to progress in our school system and the community as a whole. It is our considered opinion that the Huron Township Board and the Board of Education should strive as public boards to uplift the social and educational status of our people.

In light of this, churches, schools, and institutions working in this direction, whenever possible, should be given all considerations so as to facilitate their important function in our community. This seems all the more reasonable to the people of our community when it is common knowledge that the sewer program in Huron has been far over-financed.

Specifically, we are speaking of the fact that Huron Township, by assessing eight mills on this program, is taking in far more monies than is needed to meet our obligations on sewers.

In light of the penalty clause on the sewer bonds, it is all the more disturbing to citizens to see township bank accounts on sewers building up far beyond our needs to meet bond obligations. It is not possible, in our opinion, that bond counsel would have recommended eight mills to finance a program that does not need eight mills. This has been so obvious from the inception of the sewer program that, naturally, the question must be, "How did our public officials assess eight mills in the first place?"

The next logical question is, "Since the sewer program is over-financed, why must our public officials, in addition to this, assess our children and our schools \$66,590 when it is not needed to meet our bond obligations?" The questions are disturbing and bring a keen sense of awareness that all is not well in Huron Township.

Let us say that we feel this charge to our children and our schools is unwarranted and unfair. The answer, in our view, is to help not hinder; to co-operate, not to take a stand that is not an extension of the desires of parents and citizens of this community.

We feel that the board has an opportunity to display statesmanship by aiding our schools by taking whatever action may be necessary to wipe out this obviously unpopular, unwanted, and unnecessary charge.

Be assured our organization will take whatever steps necessary to assure equity for our children. We pray that the board will view this communication in a spirit of co-operation and in the spirit for which it was dispatched.

EXECUTIVE BOARD
"PEOPLE FOR HURON"

'Play this tune...he'll calm down fast!'

-- Our readers write --

EDITOR'S NOTE: The Daily Eagle and Associated Newspapers, Inc., a division of Panax Corporation of East Lansing, welcomes letters from our readers. Letters must include signature and address, which will be withheld from publication if requested. Letters also should be typed double-spaced or written clearly and should not exceed 300 words. All are subject to condensation.

Reader opposes multiple dwellings

To the editor:

It is with deep concern that I write this letter. A letter of protest really against the rezoning of our community from residential to multiple dwellings on Huron River Drive between Haggerty and Hannan Roads.

I have been an active member of this community for 20 years — all taxpaying years. I have six children ages from 25 to 5 years of age. I am not against progress as all of our small towns must grow to prosper. However I do object to short changing our children. Not just the children already here but also the ones moving in.

The area on Haggerty already has been zoned for multiple dwellings-condominiums and two apartment units are scheduled for the immediate future. I have been informed property has been obtained for a new school — but when?

As it is this year Haggerty Elementary School children are to be bused to Quirk Elementary School. This shall leave much to be desired in the teacher-parent relationship.

Where shall we put children from yet another large multiple dwelling here in the Haggerty School? What course shall we have but half-days? Upset? Yes I'm upset for my children, Van Buren Township children and the children to come in the future.

Let's be realistic - plans are nice but let's not add more until we've solved our immediate one — enough schoolrooms for our children — not just plans.

I for one would rather see a small factory like Master Craft than 73 Condominiums with 292 families on 24 Acres -

I love people but —

Ruth Ann Knysz

Worthwhile project gets poor attendance

To the editor:

On Friday and Saturday, Aug. 6 and 7, a very entertaining program was presented at the Romulus High School. As an interested citizen of our city of Romulus, I would like to publicly extend a few words of thanks to those dedicated and hard-working citizens who made the program possible.

The full-length comedy entitled "Paddle Your Own Canoe" presented by the Romulus City Players and Romulus Recreation Department was excellent theater. Mr. Dave Ferdon should receive special commendation for his excellent directing of a delightfully entertaining comedy. All of the members of the cast deserve commendation for a job well done.

Unfortunately, I have one criticism. This wonderful effort toward cultural and educational entertainment lacked one important essential—a large and appreciative audience.

The two performances were both poorly attended. At the price, each performance should have brought full-houses, but not so. Nevertheless, it appears that our Common Council members and Dave Ferdon are optimistic, going ahead with plans and preparations for several future efforts to be presented in Romulus in the very near future.

It is hoped that public interest will be greatly improved, evidenced by attendance in appropriate numbers sufficient to support the financial obligations involved in such projects. More importantly, it is hoped that in the future, attendance will be commensurate with the size and status of our community.

It is our opinion that this particular medium is one of many that contribute substantially and effectively to goodwill, better understanding and better community relations; as well as a more positive image for Romulus as our youthful participants improve their skills and move out into the greater world community of arts, commerce and industry.

JOHN G. ROUNDTREE

Speaking of schools

Fulltime use of schools has example

During 1970-71 the Cherry Hill School District began its school calendar one full week prior to the Labor Day holiday. Such an approach was met with "raised eyebrows" and wondering expressions. Yet interesting enough the anticipated calls of inquiry and/or complaint were not forthcoming.

By DR. THOMAS POWERS,
Superintendent,
Cherry Hill Schools

It is my view that some states that rank tourism as a major industry and tax source will tend to be slower in accepting a 12-month school program. Such states as Minnesota and Wisconsin, as well as Michigan, are strong examples where interests of students and parents are influenced by the availability of public and private recreational facilities. The rapid growth of camping, skiing, fishing and snowmobiling are examples of strong avocational interests.

One year ago Cherry Hill parents, as a part of the annual curriculum survey, responded to the concept of a 12-month year. The response was approximately 80 per cent

opposed. Last June the Northville School District, in an advisory vote received a similar response indicating this idea has indeed not yet received a favorable reaction from Michigan voters who are also receiving expanded vocation and retirement benefits in recent labor contract settlements.

Despite these setbacks, there continues to be a strong interest in the full utilization of educational facilities and staffs by state legislators, state and local school officials and tax special interests groups anxious to reduce bond programs. The Libby School in the Chicago Public School District represents a current effort to experiment with a 61-year old school plant. Some tentative surprising changes observed thus far are that teachers appear more enthusiastic and so do their students. Classes are quieter and the atmosphere is businesslike but more relaxed.

The principal credits lower class size - the primary goal of their program for the change in the school - which was once severely overcrowded. Under this program, students are divided into four groups, each attending on a different schedule of 45 school days, with 15 days off in between. No more than three groups are in school at any one time, reducing school population by a fourth at the three overcrowded schools.

At Libby, this means teachers have 23 to 30 pupils rather than 40 to 45 in their classrooms. Thus this year-round school schedule might not have the same effect at a school which hasn't felt major growing pains but when you're enduring 45 in a classroom - wall to wall children - it is much better with a normal load. The Libby school program now has the support of parents who had initially vocally opposed it.

During the past two years we have seen the establishing of a minimum number of instructional days for students in Michigan. Each school district calendar requires no less than 180 days. Very few new ideas in education ever are adopted in their total description and intent. There must be adjustments and usually "field-testing" and a transition stage.

One possible transition would be school calendars that gradually increase in stages from the present 180-day basic level. Thus we may be first looking toward a longer school year first before we experience a major trend toward a 12-month school calendar.

Chiropractor cites error in clinic story

To the editor:

Regarding the article printed in the August 11, 1971, publication of the Romulus Roman, Immunization Clinic scheduled in Romulus, I feel I must inform you that the article was not entirely correct.

The statement "and is legally required to obtain these immunizations" IS NOT TRUE. I would be very curious as to your source of information, and will also inform you of your error.

According to House Bill 3363, (State of Michigan, 75th Legislature, Regular Session of 1970), "a statement signed by a parent or guardian to the effect that the child has not been immunized and tuberculin tested because of religious convictions or other objection to immunization" is legally acceptable in enrolling a child in school. This therefore refutes the statement printed in the above named article.

I hope that the statement will be retracted or corrected in some way as soon as possible. Thank you.

Dr. R. Elwart
of Romulus, Chiropractor

Editor's note: Please see article on the above subject published elsewhere in this issue.

Reader says trade should be discontinued

Dear Sir:

Few people realize the double standard involved in the war in Vietnam. While we are ostensibly fighting them, we also supply the communist bloc of nations with the strategic materials that make it possible for the Viet Cong to wage such a deadly war on our boys. We know that approximately 99 per cent of the war effort in Vietnam against our country is supplied by those called allies of the United States.

Isn't it time we made it possible for our boys and our country to make an honorable effort in winning the war by stopping aid and trade with our communist enemies.

The American Opinion booth at the Wayne County 4-H Fair will feature a petition addressed to the President of the United States calling upon him to live up to his campaign promises and to stop aiding and trading with the communists.

We know that when aid and trade is discontinued to the enemy, that we are out to support our boys. How about you, do you support our fighting men. Why not come and sign the petition and let your name be counted among the increasing number of Americans already supporting this effort.

Mrs. E.F. Chapman
259 E. Huron River Dr.
Belleville, Michigan

Community thanked

To the editor:

The summer recreation program is rapidly drawing to a close. As director I am pleased with the community response and support of the entire program. I realize and feel that such support and participation is only possible if the community is well informed.

It is with great appreciation for all of your efforts and courtesy, that I extend a grateful thanks to you and the Belleville Enterprise.

Perhaps next summer I will have the pleasure of working with you to bring to the Belleville area a summer of fun and enjoyment through a recreation program.

BRYAN KILLINGBECK
DIRECTOR OF
RECREATION

Belleville Enterprise and Legal Times Romulus Roman

Established in 1885, the Belleville Enterprise and Legal Times and the Romulus Roman — the official newspapers serving the cities of Belleville and Romulus and townships of Huron, Sumpter and Van Buren — are two weekly newspapers published each Wednesday by the Associated Newspapers, Inc., a division of Panax Corporation, at 405 Main St., Belleville, Mich. 48111.

The central business office is located at 35540 Michigan Ave., West, Wayne, Mich. 48184. The corporate office is located at Box 289, East Lansing, Mich. 48823.

Office hours in Belleville: Monday, through Friday 8:30 a.m. to 4:30 p.m. Phone: 497-0191 for Belleville; 941-1275 for Romulus; area 313. Central office hour: Monday, 8:30 a.m. to 6:00 p.m. Tuesday through Friday, 8:30 a.m. to 5:30 p.m.; Saturday, 8:30 a.m. to noon. Phone: 729-4000.

Classified advertising calls at 729-3300 and circulation calls at 729-4460 during central office business hours.

Subscription rates by mail: second class postage paid at Belleville, Mich. 48111, \$5 per year in Wayne County; \$7 per year outside of Wayne County; \$5 per year for servicemen. Carrier delivery 50¢ per month, collected on a monthly basis.

Chiropractors refute department's claim

By JOE CHAREST

Two area chiropractors have taken strong exception to a claim by the Wayne County Department of Health that children are required by law to be immunized against certain diseases prior to entering school.

Dr. Ian Grassam, who practices at 28252 Ford Rd. and also resides in Garden City, says the county claims are only half the story.

A release printed in the Daily Eagle Tuesday said "Children are required to be immunized against diphtheria, tetanus, whooping cough, measles, rubella, polio and smallpox."

The story concerned on immunization clinic scheduled for Monday in Romulus.

Side effects from the immunizations are the main objections cited by Grassam. "As of September, 1970, we had three million children in the country suffer side effects because of rubella vaccination," he said. "We feel

the people should be made aware of the whole law and not just one side of it."

Dr. James W. O'Dell, a chiropractor whose practice is located at 1213 S. Wayne Rd. in Wayne, shared Grassam's opinion.

"For the public's health protection," Dr. O'Dell, who lives in Inkster, stated, "I believe it would be proper that there be a third choice included with any information regarding immunization."

The question is not whether the immunization program is right or wrong, but rather it is a question of freedom of choice.

"I say, let those that have confidence in this medication risk the lives of their children, but let those of us, who do not, retain the freedom of choice."

The release which came from Janice Moore of the Health Education section of the Department of Health, was sent to various area papers.

According to Dr. Grassam, the state law does not require immunization for any child before entering school.

Grassam cited Act 22 of the Public Acts of 1970, specifically, Enrolled House Bill 3363.

It states, in section 376, "All children enrolling in any public, private, parochial or denominational school in Michigan for the first time shall submit either:

—a statement signed by a physician that they have been immunized or protected

Occupation centers endorsed

Plans for the development of four occupational education centers to service students in Wayne County have been unanimously endorsed by the Van Buren School District's Board of Education.

The proposed centers would be designed to provide vocational education courses and facilities that could not be presented by any individual school district in Wayne County.

The program called for under proposed plans would require the levying of millage on the county level to finance construction and operation of the centers. A millage election would be held in November or at next June's school elections.

Detroit would be the site for one of the centers and proposed sites for the other centers are Romulus-Taylor, Wayne-Westland and one in the Downriver area.

against smallpox, diphtheria, tetanus, pertussis, rubella, measles and poliomyelitis, and tuberculin tested to determine the presence of infection from tuberculosis;

—a statement signed by a parent or guardian to the effect that the child has not been immunized and tuberculin tested because of religious conviction or other objections to immunization; —or a request signed by a parent or guardian that the local health department give the needed protective injections and diagnostic tests."

"It's sort of like passing a law saying you have to license all motor vehicles unless you object," the chiropractor commented.

Dr. Paul Babas, who works for the county helping to arrange immunization clinics, cited the same law.

When asked why the health department doesn't publicize the entire law, but uses just the first part, Dr. Babas said, "If we went through all this bit about written statements, I don't know how many problems we would have. But the smartest thing to do is say

that it's necessary by law to enter school."

Dr. Babas said that the county is faced with the problem of dealing with hundreds of children that the school districts will not accept because they have neither immunization nor a statement as to why they don't.

Babas did confirm, however, the immunization was not necessarily required. What is required is a signed statement from parents or guardians as to the religious or other objections they have to immunization.

Dr. Grassam said that many chiropractors are of the opinion that the risk of side effects from immunization is not worth it.

"Immunization relies on the body building up resistance to a disease known to man."

Dr. Grassam said that immunization injections bypass the body's normal means of defense, because they are injected straight into the bloodstream.

"We would rather see people maintain optimum health through normal care," he added.

Bosrock appointed to post

Ronald M. Bosrock, vice president of the Security Bank and Trust Company and trust officer has been appointed to the Trust Committee of the Michigan Bankers Association. The appointment was made by Edward W. Bowen, President of the Michigan Bankers Association.

This committee represents the trust industry in the state of Michigan, and is composed of nine men, which includes the Detroit area trust department heads. Bosrock's term of office will run to 1974.

Bosrock joined Security Bank and Trust Company in 1968, and was promoted to Vice President and Trust Department Head in 1970. He holds a Juris Doctor degree from the Detroit College of Law and is a member of The Financial Analysts Society of Detroit.

He and his wife, Mary, and two sons reside in Grosse Ile.

Selle at Orientation

Robert Selle, 29036 Ecorse Rd., Romulus, has attended orientation sessions for the University of Michigan Dearborn Campus' first freshman class.

Approximately fifty freshmen attended the two day sessions last week. Activities included an introduction to the academic, physical and social features at UM-D, group and individual testing, preregistration for fall classes, and a faculty-student discussion session.

The land site, located on the east side of Belleville Road north of the I-94 Expressway between the service drive and the proposed westbound exit ramp, was rezoned from R-1B (residential) to C-1 (general business).

Rezoning approved

The Van Buren Township Hall has approved a rezoning request filed by Harlen Whichelo, 41736 Denton Rd., and Edward Gray, 47150 Denton Rd., Belleville.

The land site, located on the east side of Belleville Road north of the I-94 Expressway between the service drive and the proposed westbound exit ramp, was rezoned from R-1B (residential) to C-1 (general business).

Building permits issued during the month of July by the Romulus Building Department had an estimated total construction cost of \$1,477,162, Clayton Meldrum, department manager, reported Monday.

There were 92 permits issued for varied types of building. Residential building permits amounted to 49 with a estimated construction cost of \$366,040.

Building permits and all other permits other than building total of 235-brought

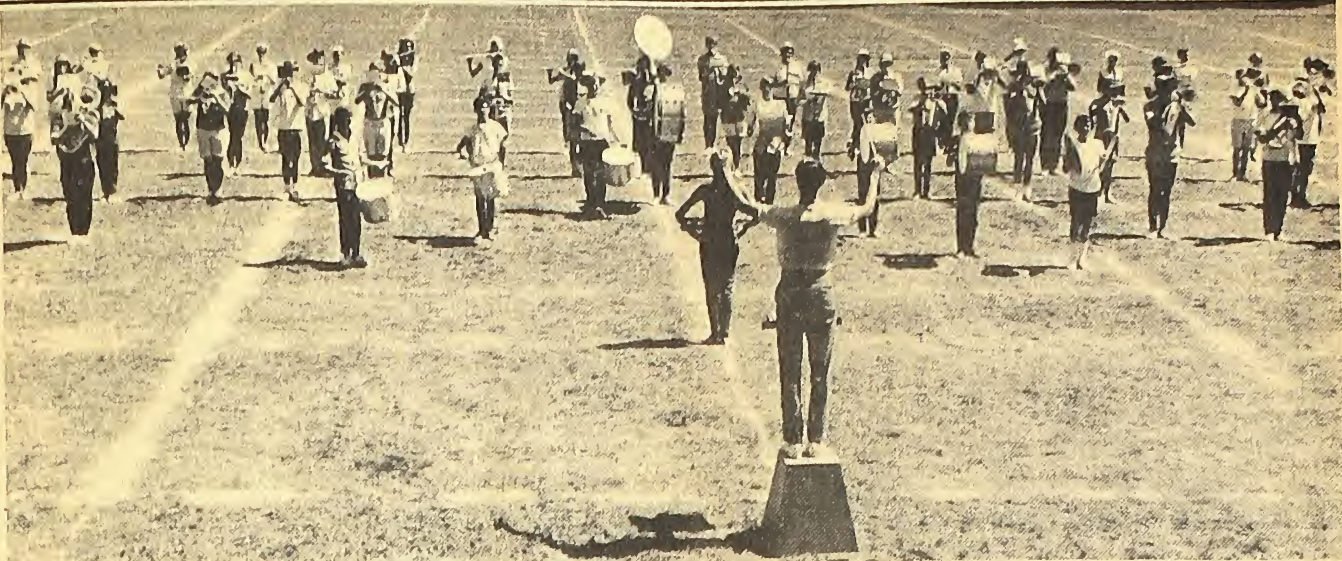

the city of Romulus \$11,494 in fees. This compares with \$4,788 for 278 various projects in June.

There were 61 permits issued by the electrical division. 44 permits issued by the plumbing division and 19 permits issued by the heating division. This compares with 57 electrical permits, 40 heating department permits and 41 plumbing department permits in June.

A commercial building permit for \$175,000 to Commercial Carriers, 10701 Middlebelt Rd.

An addition to an industrial building of Star Tool & Die, 2703 Twenty Third St., Detroit, to be built in Romulus and costing \$7,775.

The Wayne County Road Commission was also granted a permit for the construction of an emergency power building at Metro Airport with a reported construction cost of \$37,500.

REHEARSING FOR BAND CAMP — Belleville High School Marching Band left for Purdue Lumberlost Camp, located at LaGrange, Ind., for a week's stay ending Sunday, Aug. 22. The youngsters, approximately 80 in number, will be working diligently to build another award-winning band. Greg Heuer,

director of bands at the high school for the past two years, will be supervising while at Purdue. The band has been attending the camp since 1959. The band spends 28 hours plus minutes of marching drill in the seven days. Also 15 hours or so is spent in musical rehearsals.

Belleville bandsmen at camp

By KEITH HUBBS

It's that time of year again when the Belleville High School Marching Band heads for Purdue Lumberlost Camp in La Grange, Indiana.

The award-winning band left for their week's stay last Sunday and will return this Sunday.

This year, approximately eighty bandsmen are working diligently at Purdue to build another of many award-winning bands. Joining them again this year as adult counselors are Tom and Karen Sinkus. Karen teaches Latin at Belleville High School.

Glenn and Peggy Curtis, who spend a great deal of their own time helping the band will be with it again this year, too. Greg Heuer, director of bands at Belleville for the past two years, will be supervising the week at Purdue.

The Belleville High School Band has been attending Band Camp since 1959. They first went to Interlochen for a week, then in the summer of 1964, the band changed directions and headed south towards Purdue

Lumberlost Camp. They have been going there ever since.

The band spends roughly 28 hours and 35 minutes of marching drill in this short seven days and 15 hours and 40 minutes are spent in musical rehearsal.

One exercise used on the band field is the "Stride Drill". This when the tempo is slowed a great deal in order to make strides snappier and more precise.

Although it may seem a bother to some people, this one week alone at Band Camp gives members the opportunity to become close to each other, which boosts morale. Then when school starts, they are ready for a performance at any time, when other bands are just preparing.

But they don't work all the time they have free periods during the day to swim or just relax somewhere. They also have evening activities including a bonfire and a fulllength feature film. It all pays in the end, as you will see during the half-time shows of the 1971 football season.

Elementary boundaries change in Van Buren

The boundaries for the elementary schools of the Van Buren School District for the 1971-72 school year were announced Monday by Dale E. Kaulitz, school superintendent.

The school boundaries, in some instances, expanded and other area changes are as follows:

West Willow Elementary and Rawsonville Elementary Schools boundaries will remain the same as the 1970-71 school year.

The Denton Elementary School area will be expanded to include Ecorse Road from Rawsonville Road up to buy not including Beck Road from Ecorse Road north to the railroad track.

All elementary students from Pikes Trailer Park, located at 46537 Ecorse Rd., will attend Denton Elementary School.

The Sumpter Elementary

School attendance area will be expanded to include all of Karr Road south from Willis Road and that portion of Sherwood Road south of Willis Road that lies in the Van Buren School District from the Elwell area.

Children living on Willis Road from the former Sumpter School boundary line east to the school district boundary will attend Sumpter School.

All students living on the west side of Clark Road from Savage Road south to the district line will attend Sumpter Elementary School.

Children living on Martinsville Road from Bemis Road south to Harris Road will attend Elwell Elementary School. Students living on both sides of Harris Road will attend Elwell School.

Children living on Savage Road from Bemis Road south to the school district boundary

will attend Elwell Elementary School.

Edgemont Elementary school boundaries will remain the same as last year except to include a portion of Independence Square and Van Buren Estates.

Haggerty Road Elementary School boundaries will remain the same as last year except for the before designated areas. Haggerty Elementary will also be used to house a portion of the children living in the Van Buren Estates and Independence Square.

The Quirk Road Elementary

School area will remain the same except the areas designated on Ecorse Road which will now attend Denton Elementary.

Quirk Road Elementary School will be used to house a portion of the Van Buren Estates and Independence Square area.

Small, chopped-up rooms connected with arches gain a spacious feeling from removal of arches, blending living areas.

CITY OF ROMULUS ORDINANCE NO. 71-54

SUBDIVISION CONTROL ORDINANCE NO. 71-54

AN ORDINANCE ENACTED UNDER ACT 288, PUBLIC ACTS OF 1967 AS AMENDED, OF THE STATE OF MICHIGAN ESTABLISHING REGULATIONS GOVERNING THE SUBDIVISION OF LAND: PROVIDING FOR THE PROCEDURE FOR THE PREPARATION AND FILING OF PLATS, TENTATIVE APPROVAL OF PRELIMINARY PLATS, SUBMISSION OF RECORD OF FINAL PLATS, APPROVAL OF THE PLAT BY THE CITY COUNCIL: PROVIDING FOR PLATTING REGULATIONS AND REQUIREMENTS IN REGARD TO CONFORMITY TO THE CITY COMPREHENSIVE DEVELOPMENT PLAN, HEREBY DECLARED, TO BE A PART OF THIS ORDINANCE. AS TO STREETS, ALLEYS AND EASEMENTS, AND TO PROVIDE PENALTIES FOR THE VIOLATION THEREOF.

THE CITY OF ROMULUS ORDAINS:

Article 1. GENERAL

Section 100. Short Title: These Regulations shall be known and may be referred to as the "City of Romulus Subdivision Control Ordinance."

Section 101. Purposes: These Subdivision controls have been enacted for the purpose of protecting the public health, safety and general welfare of the residents of the City and of insuring the orderly growth and harmonious development by requiring:

1. Proper arrangement of streets in relation to existing or planned streets and to major thoroughfares, adjoining subdivisions and public facilities.
2. Adequate and convenient open spaces for traffic, utilities, access of fire fighting equipment, recreation, light, air, privacy, and safety from fire hazards.
3. Achieve individual property lots of maximum utility and livability.
4. Establishment of standards for the construction of adequate provisions for water, drainage and sanitary sewer facilities and other health requirements.

Section 102. Interpretation: This Ordinance shall not apply to any lot or lots forming a part of a subdivision created and recorded prior to the effective date of this Ordinance except for the further dividing of lots. Nor is it intended by this Ordinance to repeal, abrogate, annul, or in any way impair or interfere with existing provisions of other laws, ordinances or regulations, or with private restrictions placed upon property by deed, covenant, or other private agreements, or with restrictive covenants, running with the land to which the City is a party. Where this Ordinance imposes a greater restriction upon land than is imposed or required by such existing provision of any other ordinance of the City, the provisions of this Ordinance shall control; in any other case, the provisions of such other ordinance shall control.

Section 103. Scope: Subsequent to the effective date of these regulations, no plat within the City of Romulus shall be approved by the City Council unless it conforms to these regulations.

Article II DEFINITIONS

Section 200. The following definitions apply to the meanings of respective terms as they are to be construed in these regulations.

1. Block shall mean an area of land within a subdivision that is entirely bounded by streets, highways, or ways, except alleys, and the exterior boundary or boundaries of the subdivision.

2. City Clerk shall mean the City Clerk of the City of Romulus.

3. City Engineer or Engineer is the staff engineer or consulting civil engineer of the City.

4. City Planner or Planner is the staff planner or consulting city planner of the City.

5. Commission shall mean the City Planning Commission of the City of Romulus.

6. Comprehensive Development Plan shall mean the Master Plan of the City of Romulus as adopted by the Planning Commission.

7. Council shall mean the legislative body of the City of Romulus.

8. Easement is a grant by the owner of the use of a strip of land by the public, a corporation, or persons, for specific uses and purposes, to be designated as a "public" or "private" easement depending on the nature of the use.

9. Lot means a measured portion of a parcel or tract of land, which is described and fixed in a recorded plat.

(a) Lot Depth is the horizontal distance between the front and rear lot lines, measured along the median between the side lot lines.

(b) Lot Width is the horizontal distance between the side lot lines measured at the minimum building setback line as established by the zoning ordinance.

10. Major Thoroughfare Plan is that part of the Comprehensive Development Plan which sets forth the location, alignment and dimensions of existing and proposed thoroughfares.

11. Municipality or City shall mean the City of Romulus.

12. Out lot means a lot, when included within the boundary of a recorded plat, set aside for purposes other than a building site, park or other land dedicated to public use or reserved for private use.

13. Parcel or Tract means a continuous area or acreage of land which can be described as provided for in the Subdivision Control Act, Act 288, Public Acts of 1967.

14. Plat means a map or chart of a subdivision of land. (a) Pre-Preliminary Plat is a map indicating the proposed layout of the subdivision in sufficient detail to provide adequate basis for review and assistance by the appropriate City officials.

(b) Preliminary Plat is a map showing the salient feature of a proposed subdivision submitted to an approving authority for purposes of preliminary consideration prepared in conformance with the Subdivision Control Act.

(c) Final Plat is a map prepared in conformance with the requirements of the Subdivision Control Act and this ordinance, and suitable for recording by the County Register of Deeds.

15. Proprietor means a natural person, firm, association, partnership, corporation or combination of any of them which may hold any ownership interest in land whether recorded or not.

16. Street. The term "street" means a way of vehicular traffic, whether designated as a street, highway, thoroughfare, parkway, throughway, road avenue, boulevard, lane, place, or however otherwise designated. A street includes the land between the street lines, whether improved, unimproved, and may comprise pavement, shoulders, gutters, sidewalks, parking areas, and lawns.

(a) Alleys: A minor service street providing a secondary means of access to a lot, block or parcel of land.

(b) Parkway: A street designed for non-commercial, pleasure oriented traffic moving at moderate speeds, between and through scenic areas and parks.

(c) Major Thoroughfare: Those streets of considerable continuity which are used or may be used primarily for fast or heavy traffic.

(d) Collector Street: Those streets used to carry traffic from local streets to major thoroughfares, including principal entrance streets of large residential developments.

(e) Cul-de-sacs: A local street of short length and having one end permanently terminated by a vehicular turn-around.

(f) Marginal access street: A local street which is parallel and adjacent to major thoroughfares and which provides access to abutting properties and protection from through traffic.

(g) Local Street: Those streets which are used primarily for access to abutting properties.

(h) Street Width: The shortest distance between the lines delineating the right-of-way of streets.

17. Subdivide or Subdivision means the partitioning or dividing of a parcel or tract of land by the proprietor thereof or by his heirs, executors, administrators, legal representatives, successors or assigns for the purpose of sale or lease of more than one year, or of building development, where the act of division creates five (5) or more parcels of land each of which is ten (10) acres or less in area; or five (5) or more parcels of land each of which is ten (10) acres or less in area are created by successive divisions within a period of ten (10) years.

18. Subdivision Control Act means the Subdivision Control Act, Act 288, Michigan Public Acts of 1967, as amended.

19. Zoning Ordinance is the zoning ordinance of the City of Romulus adopted in accordance with the City and Village Zoning Act, Act 207, Public Acts of 1921, as amended.

Article III. SUBDIVISION PROCEDURE

Section 300. Preliminary Investigation. Prior to the preparation of a preliminary plat, the subdivider may meet informally with the City Planner to investigate the procedures and standards of the City of Romulus with reference to this Subdivision Control Ordinance and with the proposals of the Comprehensive Development Plan that effect the area in which the proposed subdivision is located.

It is the responsibility of the subdivider to:

(a) Familiarize himself with the Zoning Ordinance, Subdivision Control Ordinance, engineering specifications, and other ordinances or controls relative to the subdivision and improvement of land, so as to make himself aware of the requirements of the City of Romulus.

(b) Investigate the adequacy of existing schools and public open spaces including parks and playgrounds to serve the proposed subdivision.

(c) Review the open space development options of the Zoning Ordinance to determine the feasibility of utilizing one of these approaches.

(d) Investigate the relationship of the proposed subdivision with respect to major thoroughfares and plans for future widening of thoroughfares.

(e) Investigate the standards for sewage disposal, water supply, and drainage of the City of Romulus and the health standards of Wayne County and the State of Michigan.

(f) Review Act 288, Public Acts, 1967, and the requirements of those State and County agencies which are required by said Public Act to review and approve the plat.

Section 301. Pre-Preliminary Plat. Pre-preliminary plat review is an aid to the developer and to the Municipality. Under this procedure, a developer is provided with the opportunity to avail himself of the advice and assistance of the City Planner and Engineer and the many agencies involved in subdividing, before preparation of the preliminary Plat and its submission for approval, in order to save him time and money and to make the most of his opportunities.

(a) Nothing in this section shall be so construed as to require any pre-application contact. Any subdivider may elect to begin subdividing by submitting a preliminary plat.

Section 302. Preliminary Plat — Tentative Approval. Tentative Approval under this section shall confer upon the proprietor for a period of one (1) year from date, approval of lot sizes, lot orientation, and street layout. Such tentative approval may be extended if applied for by the proprietor and granted by the Council in writing.

1. Submittal. The proprietor shall submit ten (10) copies of the Preliminary Plat and other data to the City Clerk and copies shall be distributed to as follows:

(a) City Clerk retains two (2) copies

(b) Three (3) copies of the Preliminary Plat are sent to the Planning Commission.

(c) Two (2) copies of the Preliminary Plat are sent to the City Engineer.

(d) Two (2) copies of the Preliminary Plat are sent to the City Planner.

(e) One (1) copy of the Preliminary Plat is sent to the Superintendent of Schools.

2. Information Required. The following information shall be shown on the Preliminary Plat or submitted with it:

(a) Proposed name of subdivision.

(b) Location of the subdivision giving the metes and bounds description according to Section, Township and Range, and the name of the City and County.

(c) Names and addresses of the proprietor, owner, and the planner, designer, engineer, or surveyor who designed the subdivision layout.

(d) The names, locations of abutting subdivisions, layout of streets indicating street names, right-of-way widths and connections with adjoining platted streets, the widths and location of alleys, easements and public walkways and lot layouts.

(e) The Preliminary Plat may be on paper and shall be not less than 24 inches by 36 inches at a scale of one hundred (100) feet to one inch showing date and north arrow.

(f) A map of the entire area scheduled for future development, if the proposed plat is a portion of a larger holding intended for subsequent development.

(g) Ten (10) copies of the proposed protective covenants and deed restrictions, or state in writing that none are proposed. If common areas are to be reserved for use of the residents of the subdivision, copies of an agreement showing how the area will be maintained, shall also be submitted.

(h) Layout, numbers, and dimensions of lots including dimensional building setback lines.

(i) Indication of parcels of land intended to be dedicated or set aside for public use or for the use of property owners in the subdivision.

(j) Location of any existing and proposed sanitary sewers, water mains, storm drains and other underground facilities and public utilities.

(k) A site report, if the proposed subdivision is not to be served by public sewer and water systems, as described in the rules of the State Department of Public Health.

(l) Contours shall be shown on the Preliminary Plat at five (5) foot intervals where slope is greater than ten per cent (10%) and two (2) foot intervals where slope is ten per cent (10%) or less. Topographic contours to be based upon U.S. c. & g.s. datum.

(m) The Preliminary Plat shall contain preliminary engineering data for streets, water, sewers, sidewalks, and other required public improvements. The engineering plans shall contain enough detail to enable the City Engineer to make a determination as to general conformance of the proposed improvements to applicable municipal regulations and standards.

(n) Location of 50 year flood control with relation to river, county drains, and natural water courses where more than two (2) square miles of drainage basin exists upstream or where required by the City Engineers.

3. Procedures

(a) The Preliminary Plat shall be placed on the agenda of the next regular meeting of the Planning Commission.

(b) The Planning Commission shall review the Preliminary Plat and the comments of the City Planner and Engineer and shall recommend approval, provisional approval or disapproval.

(1) If approval is granted, the Chairman of the Planning Commission shall make a notation to that effect on each copy of the Preliminary Plat and retain one (1) copy as a matter of permanent record. One (1) copy shall be returned to the proprietor and one (1) copy forwarded to the City Council with a written report of the findings by

the Planning Commission and its recommendation for approval.

(2) If provisional approval is granted, it shall be the responsibility of the proprietor to resubmit amended plans conforming to the specified modifications within fourteen (14) days of the date of this provisional approval. Failure to resubmit revised plans within fourteen (14) days, shall result in the submittal to the City Council with a recommendation for disapproval. If the revised plans are timely submitted, and revisions meet the approval of the City Engineer, and City Planner, and conform to the specified modifications of the Planning Commission, the plat shall be submitted to the City Council with recommendations for tentative approval of the preliminary plat.

(3) If the Planning Commission disapproves the Preliminary Plat, the minutes of the meeting shall record the reasons for disapproval and a copy forwarded to the proprietor. The City Council shall receive a report of the findings by the Planning Commission and its recommendation for disapproval.

(c) The Planning Commission shall give its report to the City Council not more than sixty (60) days after submission of the Preliminary Plat. The sixty (60) day period may be extended if the proprietor consents. If no action is taken within sixty (60) days, the Preliminary Plat shall be deemed to have been approved by the Planning Commission.

(d) The City Council shall not review a preliminary plat until it has received the review and recommendations of the Planning Commission. Upon receipt of the recommendations from the Planning Commission, the City Council shall at their next regular meeting, review said Preliminary Plat and within ninety (90) days from date of filing, tentatively approve the Preliminary Plat or disapprove said Plat. The Council shall record their approval on the Plat and return one copy to the proprietor or set forth in writing its reasons for rejection and requirements for tentative approval.

(e) The proprietor upon receiving tentative approval from the City Council shall submit the Preliminary Plat to all authorities as required by Sections 113 through 119 of the Subdivision Control Act. Tentative approval shall not constitute final approval of the Preliminary Plat.

Section 303. Preliminary Plat - Final Approval. Final approval of the Preliminary Plat under this section shall confer upon the proprietor for a period of two (2) years from date of approval, the conditional right that the general terms and conditions under which preliminary approval was granted will not be changed. The two (2) year period may be extended if applied for by the proprietor and granted by the City Council in writing. Written notice of the extension shall be sent by the City Council to the other approving authorities.

1. Submittal. The proprietor shall submit ten (10) copies of the Preliminary Plat to the City Clerk and the following information:

(a) A certified list of all authorities required for approval in Sections 113 through 119 of the Subdivision Control Act and the proprietor shall also provide approved copies of plats from each of the required authorities.

(b) Copy of the receipt from the City Treasurer that all Engineering inspection fees, and other charges and deposits, as provided in Article IX of this Ordinance, have been paid.

(c) Final engineering construction plans for all improvements to be constructed in connection with the proposed plat in accordance with standards and specifications of the City Engineer and City Council.

2. Procedures. The City Council, after receipt of the necessary approved copies of the Preliminary Plat, shall:

(a) Consider the review and recommendation of the City Planner and Engineer for compliance with tentative approved preliminary plat and engineering design standards.

(b) Consider the Preliminary Plat at its next meeting, or within twenty (20) days from the date of the submission of all necessary approved plats.

(c) If the Preliminary Plat conforms substantially to the plat approved tentatively by the City Council and has met all conditions specified for tentative approval, the City Council shall give the final approval to the Preliminary Plat.

(d) The City Clerk shall promptly notify the proprietor of approval or rejection in writing, and if rejected, shall give the reasons.

(e) Construction of improvements may be commenced by the proprietor if he has:

(1) Received notice of final approval of the Preliminary Plat by the City Council, and engineering plans have been approved by the City Engineer.

(2) Entered into a subdivision agreement with the City for construction of all required subdivision improvements.

(3) Deposited with the City a performance guarantee and cash escrow as required under Section 501 of this Ordinance.

(f) Construction of up to four (4) model homes in a new subdivision may be commenced by the proprietor if he has complied with Section 303, 2, (e) above. The model(s) shall be constructed on proposed lots and in accordance with all conditions or regulations which would be in effect if the final plat were recorded.

No certificates of occupancy shall be issued until such time as the plat has been recorded and all utilities and improvements have been installed and accepted by the City.

Section 304. Final Plat Approval. Following final approval of the Preliminary Plat by the City Council, the proprietor shall cause a survey and five true plats thereof to be made by a surveyor.

1. Submittal. Five (5) copies of the final plat on an approved polyester film and an additional five (5) paper prints of the final plat shall be submitted to the City Clerk. Final plats shall not be accepted after the date of expiration of the Preliminary Plat approval. Submittal to the Clerk shall be at least ten (10) days prior to a regularly scheduled meeting of the City Council, which meeting shall be considered as the date of filing.

2. Information Required. All Final Plats of subdivided land shall comply with the provisions of the Subdivision Control Act of 1967 and shall conform to the approved Preliminary Plat.

(a) An abstract of title certified to date of the proprietor's certificate to establish recordable ownership interest and any other information deemed necessary for the purpose of ascertaining whether the proper parties have signed the plat, or a policy of title insurance currently in force, covering all of the land included within the boundaries of the proposed subdivision.

3. Procedures

(a) The Final Plat shall be reviewed by the City Planner and Engineer as to compliance with the approved Preliminary Plat and final construction plans for utilities and other improvements.

(b) The City Council shall review all recommendations and take action of the Final Plat within twenty (20) days of its date of filing and shall:

(1) Approve the plat if it conforms to all provisions of this Act and instruct the Clerk to certify on the Plat the City Council's approval, showing the date of the approval, the approval of the Health Department, when required, and the date thereof as shown on the approved Preliminary Plat; or

(2) Reject the Plat, instruct the Clerk to give the reasons in writing as set forth in the minutes of the meeting, and return the Plat to the proprietor.

(c) The Clerk shall transcribe a certificate of approval of the City Council on the plat and deliver all copies to the Clerk of the County Plat Board together with the filing and recording fee required by the Plat Act.

Article IV. DESIGN STANDARDS FOR SUBDIVISION PLANNING

The following design standards are intended as a guide

to sound land planning and are the minimum standards for subdivision development in the City of Romulus.

Section 400. Streets and Alleys: The specifications herein set forth are to be the standards adopted for the width and location of all highways, streets, and alleys which may hereafter be platted or accepted within the City of Romulus. The standards for County roads are intended to be in harmony with road and right-of-way standards and policies of the Wayne County Road Commission.

1. Layout: The layout of proposed street shall provide for the continuation of existing streets in surrounding areas and-or shall conform to a plan for the neighborhood approved by the Planning Commission in cases where topographical or other conditions preclude the continuation of existing streets. In general, such streets shall be of width as great as that of the street so extended. Local residential streets shall be laid out as to discourage their use by through traffic.

2. Major Thoroughfares: Where the subdivision abuts or contains an existing or proposed major thoroughfare, the Planning Commission shall require the construction of marginal access streets or reverse frontage of lots with provision of screen planting contained in a non-access reservation along the rear property lines with a minimum width of fifteen (15) feet, or with side lot lines parallel to the major thoroughfare.

3. Private Streets and Alleys: Private streets and alleys shall not be permitted, but rather all streets and alleys shall be dedicated to the public.

4. Access to Property: A plat shall not be approved which is isolated from or which isolates other lands from existing public streets, unless suitable access is provided.

5. Intersections: Intersecting streets shall be laid out so that the intersection angle is as nearly possible to ninety (90) degrees. Streets converging at one point shall be reduced to the least practicable number.

6. Half Streets: Half streets shall not be permitted where a subdivision adjoins developed property, except for such major streets of over sixty (60) feet in right-of-way width as may be recommended in the Comprehensive Development Plan or by the Wayne County Road Commission. They shall be permitted only when the Planning Commission considers the use of a half-street essential to the reasonable development of the subdivision in accordance with the intent of these regulations and where said Commission finds it practicable to require the dedication of the other half of the right-of-way when the adjoining property is subdivided. Wherever there already exists a dedicated and recorded half-street or half-alley on an adjoining plat, the other half shall be dedicated on the proposed plat to make the street or alley complete. A one-foot public reserve may be required to be placed between half-streets and subdivision boundaries. These reserves shall be deeded in fee simple to the City for future street purposes.

7. Dead-End Streets: When adjoining areas are not platted, the arrangement of streets in new subdivisions shall be extended to the boundary line of the tract to make provision for the future projection of streets into adjacent areas. A one-foot public reserve may be required to be placed between stub streets and subdivision boundaries. These reserves shall be deeded in fee simple for future street purposes.

8. Alleys: Alleys shall not be permitted in residential areas, but may be permitted or required in commercial or industrial areas for the purpose of service access, such as for off-street parking and loading.

9. Street Names: Street names shall not be permitted which might cause confusion for purposes of assessing, mail delivery, or locating by the public with names of existing streets in or near the City of Romulus. Streets that will be continuations of existing streets shall be called by the same names of such existing streets.

10. Building Lines and Setback Lines: Building lines shall conform to the requirements of the Zoning Ordinance.

11. Street Alignment:

(a) Minimum horizontal centerline radii of curvature shall be:

(1) Major Thoroughfares 700 feet radius

(2) Collector Thoroughfares 450 feet radius

A minimum fifty (50) foot tangent shall be introduced between reverse curves on local streets, one hundred (100) feet on collector streets and three hundred (300) feet on major thoroughfares except that upon recommendation of the City Engineer an exception may be granted by the City Council.

(b) Visibility Requirements:

(1) Minimum vertical visibility (measured from four and one-half (4½) foot eye level to eighteen (18) inch tail light) shall be:

-500 feet on major thoroughfares

-300 feet on secondary streets

-200 feet on local streets

-100 feet on local streets less than 500 feet in length

(2) Minimum horizontal visibility, as measured on center line shall be:

-300 feet on major thoroughfares

-200 feet on collector streets

-100 feet on local streets

(c) Street Jogs: Street jogs with centerline off-sets of less than one hundred and fifty (150) feet shall be avoided.

(d) Intersection: Curved streets intersecting with major or secondary thoroughfares shall do so with a tangent section of centerline one hundred (100) feet in length measured from the right-of-way line of the major or collector thoroughfare except that upon recommendation of the City Engineer an exception may be granted by the City Council.

12. Surface Drainage: Adequate and safe disposal of all yard drainage shall be provided in accordance with details and specifications prescribed by the City Engineer.

14. Street Right-Of-Way Widths: Street right-of-ways widths shall conform to at least the following minimum requirements:

(a) Street Type (b) Minimum Right-Of-Way

-Major Thoroughfare - One hundred and twenty (120) feet

-Collector Street - Eighty six (86) feet

-Industrial and Commercial - Sixty (60) feet

-Service Streets

-Local (residential) Streets - Sixty (60) feet

-Marginal Access Streets - Forty (40) feet

-Boulevard Streets - Eighty-Six (86) feet

-Alleys - Twenty-four (24) feet

-Cul-de-sac Streets - Sixty (60) feet

(c) Maximum length for residential cul-de-sacs shall not exceed six hundred (600) feet and shall terminate in a circle one hundred and twenty (120) feet in diameter.

Maximum length of industrial cul-de-sac streets may exceed six hundred (600) feet subject to the approval of the Planning Commission, and shall terminate in a circle one hundred and fifty (150) feet in diameter.

Section 401. Utility and Drainage Easements:

1. Drainage easements shall be provided, which conform substantially with the lines of any natural water course, drainage ditch, channel or stream. Such easements shall be of adequate width for the particular conditions of the site. The City Engineer, may, if he considers such requirement necessary to the proper development of the subdivision and the circulation of local traffic, require that the drain, if within a public right-of-way, will be tiled and fully enclosed.

2. Except where alleys are provided for the purpose, a private utility easement, not less than twelve (12) feet in width, with six (6) feet located on each side of the property line, shall be provided along rear or side lot line. Utility easements six (6) feet in width are permissible along rear property lines, in cases where such rear property lines abut unplatted land.

(Continued on Page 7)

ORDINANCE NO.
71-54 cont.

(Continued from Page 6)

3. Land within a major drainage easement and used or intended to be used exclusively for surface use, or land within a private utility easement for major electrical power transmission lines, shall not be considered as satisfying a part of the minimum required lot area.

Section 402. Lots: The size, shape, and orientation of lots shall be appropriated for the location of the subdivision and for the type of development and use contemplated. Lots shall be of such size as to permit a variety of housing types, to provide side yards for desirable access, light, air, privacy, and safety from fire hazards, and to provide for setbacks from the street line and allow sufficient space for household purposes.

1. Access: All lots shall abut upon their full frontage on a dedicated public street. Lots, other than corner lots, shall not be permitted to front onto two streets except when reverse frontage lots are to be platted in accordance with Section 400 (2).

2. Depth: No lot shall be less than one hundred twenty (120) feet in depth. The depth of a lot may not exceed a depth to width ratio of 2½ to 1.

3. Corner Lots: Corner lots in single family plats shall be provided with an extra fifteen (15) feet of width to permit the maintenance of the minimum front building setback lines on both the front and side street lines.

4. Side Lot Lines: Side property lines of lots shall generally be perpendicular or radial to street lines except where, in the opinion of the Planning Commission, a better lotting plan can be achieved. Side and rear property lines should be straight.

5. Area: The area and width of lots shall be in accordance with the minimum Zoning Ordinance requirements for the district in which the Plat is proposed.

6. Industrial and Commercial Lots: No lot or parcel zoned industrial or commercial shall be platted unless such lot or parcel be sufficient in size as to provide area for off-street parking and loading in accordance with the requirements of the Zoning Ordinance.

7. Large Lots: In case a tract is subdivided into parcels containing over one acre in area, such parcels shall be arranged to allow the resubdivision of any parcels into smaller lots in accordance with the provisions of this Subdivision Control Ordinance.

Section 403. Blocks: The size and shape of blocks shall be appropriate for the type of lots and land use proposed. Blocks shall be designed so as to permit good lot orientation, safe street design and economical use of the land.

1. Maximum Length: Maximum length of blocks, measured between intersecting street centerlines, shall not exceed thirteen hundred and twenty (1,320) feet. This maximum may be exceeded where lot sizes average over 20,000 square feet, except that in no case however, may themaximum block length exceed 1,800 feet.

2. Minimum Length: Minimum block length, measured as above, shall not be less than five hundred (500) feet.

3. Width: Width of blocks shall be equal to the total depthof two (2) tierseof lots and shall not be less than two hundred and forty (240) feet except where reverse frontage is required in Section 400 (2).

Section 404. Pedestrianways:

1. Crosswalks: Right-of-way for pedestrian crosswalks in the middle of blocks exceeding 1,000 feet in length may be required where necessary to obtain convenient pedestrian circulation to schools, parks or shopping areas. The right-of-way shall be at least ten (10) feet wide and extend entirely through the block.

2. Surfacing: The walkway surface shall be five (5) feet in width, and constructed to meet City concrete sidewalk specifications. The balance of the easement shall be sodded to meet City specifications. A four (4) foot high chain link fence shall be erected along the right-of-way lines.

Article V. REQUIRED IMPROVEMENTS

Section 501. Required Financial Guarantee Arrangements:

1. The proprietor shall be required to provide financial security in one or a combination of the following arrangements, whichever the proprietor elects.

(a) Escrow fund: A cash deposit, or deposit by certified check sufficient to cover the cost of the contemplated improvements as estimated by the City shall be deposited with the City Treasurer. The escrow deposit shall be for the estimated time period necessary to complete the required improvements.

(b) Irrevocable letter of credit: An irrevocable letter of credit issued by a bank authorized to do business in Michigan in an amount to cover the cost of the contemplated improvements as estimated.

Except with respect to official rates and charges the City Council may rebate or release to the proprietor, as the work progresses amounts equal to the ratio of the completed and accepted work to the entire project.

2. In case the subdivider shall fail to complete the required public improvements work within such time period as required by the conditions or guarantees as outlined above, the City Council may proceed to have such work completed and reimburse itself for the cost thereof by appropriating the cash deposit, certified check, surety bond or by drawing upon the letter of credit.

3. Prior to the acceptance by the City of improvements, a one year maintenance bond in an amount equal to 100 per cent of the total cost shall be deposited by the proprietor.

Section 502. Utilities and Improvements. The improvements set forth under this article are to be considered as the minimum acceptable standard. Those improvements for which standards are not specifically set forth shall be established by the City Council with assistance from the City Engineer.

1. Street Pavement: Street Pavement: Street improvements shall be provided by the proprietor in accordance with standards and specifications of the City Engineer and the following schedule:

- (a) Street Type
 - Major Thoroughfare
 - Collector Street
 - Industrial and Commercial Service Street
 - Local Single Family Street
 - Multiple Family Street
 - Marginal Access Street
 - Boulevard Street
 - Alleys
 - Cul-de-sac streets (outside radius)-Industrial Residential

(b) Pavement Width
—In accordance with standards and specifications established by the City Engineer or Wayne County Road Commission.

- Thirty Seven (37) feet to forty four (44) feet.
- Twenty Seven (27) feet to forty four (44)
- Twenty Seven (27) feet
- Twenty Seven (27) feet
- Twenty Two (22) feet
- Dual Twenty Two (22) foot pavements separated by a twenty (20) foot island
- Twenty (20) feet
- Sixty Five (65) feet
- Fifty (50) feet

2. Storm Drainage: All streets shall have enclosed storm drainage sewers in accordance with standards and specifications prescribed by the City Engineer. Where County drains are included in the Proposed Plat a letter or document of approval shall be submitted by the proprietor from the Wayne County Drain Commissioner and other public agencies that have jurisdiction.

3. Sanitary Sewerage System: A public sanitary sewer

system shall be constructed and the sewer size, grade, and other appurtenances of the system shall be constructed in conformance with the standards and specifications prescribed by the City Engineer.

4. Water System: A public water supply system shall be required and water mains, fire hydrants and necessary water system appurtenances shall be constructed in such a manner as to adequately serve all lots shown on the plat both for domestic use and fire protection. Standards and specifications shall be prescribed by the City Engineer.

5. Curbs & Gutters: Roll or batter curbs shall be constructed on all streets shown on the plat in accordance with standards and specifications of the City Engineer.

6. Sidewalks: Concrete sidewalks shall be constructed along both sides of all streets shown on the plat including major thoroughfares and collector streets. Where the average width of lots, as measured at the building setback line, is over one hundred (100) feet, sidewalks shall be required on one side only and provided further that sidewalks may not be required along commercial or industrial service streets. Sidewalks were constructed shall be five (5) feet in width and shall be placed one (1) foot off the property line. Sidewalks shall be constructed in accordance with standards and specifications prescribed by the City Engineer.

7. Trees: Street trees shall be planted between curb and sidewalk in accordance with the following schedule for all residential lots:

(a) Lots with street frontage of sixty-five (65) feet or less shall have a minimum of one (1) tree.

(b) Lots with street frontage of sixty-five (65) feet or more, and less than one hundred twenty (120) feet shall have a minimum of two (2) trees.

(c) Lots with street frontage of one hundred twenty (120) feet or more shall have a minimum of three (3) trees.

(d) Minimum tree size shall be three (3) inches caliper as measured six (6) inches above crown.

(e) The selection of variety, spacing and planting of all trees shall be done in accordance with standards and specifications of the City of Romulus.

8. Street Signs: For the proper identification of streets, the proprietor shall provide and erect street signs and traffic control devices meeting the standards of the City of Romulus.

9. Street lights: Street lights shall be provided in accordance with standards and specifications of the Detroit Edison Company.

10. Underground Wiring: The proprietor shall make arrangements for all lines for telephone, electric, television, and other similar services distributed by wire or cable to be placed underground entirely throughout a subdivided area, except on a major thoroughfare right-of-way, and such conduits or cables shall be placed within private easements provided to such service companies by the developer or within dedicated public ways, provided only that overhead lines may be permitted upon written recommendation of the City Engineer, City Planner, Planning Commission and the approval of the City Council at the time of final plat approval where it is determined that overhead lines will not constitute a detriment to the health, safety, general welfare, plat design and character of the subdivision. All such facilities placed in dedicated public ways shall be planned so as not to conflict with other underground utilities. All such facilities shall be constructed in accordance with standards of construction approved by the Michigan Public Service Commission. All drainage and underground utility installations which traverse privately owned property shall be protected by easements granted by the proprietor.

Section 503. Completion and Acceptance for Maintenance.

(1) Certification by the Developer's Engineer: The proprietor's Engineer shall furnish the City of Romulus a letter or document indicating satisfactory completion of the required improvements.

(2) Inspection by the Proprietor's Engineer and the City Engineer

After the completion of the construction of the streets and other related facilities, the City Engineer will conduct a final inspection. This inspection shall be made in conjunction with the proprietor's Engineer to assure the Subdivision is completed according to the approved plans and specifications.

(3) Partial Acceptance

In no case will a partial acceptance of any street in the Subdivision be made for maintenance.

Article VI. VARIANCES

Section 600. General. The Planning Commission may recommend to the City Council a variance from the provisions of this Ordinance on a finding that application of such provision or requirement is impracticable. The Planning Commission shall only recommend variances that it deems necessary to or desirable for the public interest. In making its findings, as required herein below, the Planning Commission shall take into account the nature of the proposed use of land and the existing use of land in the vicinity, the number of persons to reside or work in the proposed subdivision, and the probable effect of the proposed subdivision upon traffic conditions in the vicinity. No variance shall be recommended unless the Planning Commission finds after a public hearing:

(1) That there are such special circumstances or conditions affecting said property that the strict application of the provisions of this Ordinance would clearly be impracticable or unreasonable. In such cases the subdivider shall first state his reasons in writing as to the specific provision or requirement involved and submit them to the Planning Commission.

(2) That the granting of the specified variance will not be detrimental to the public welfare or injurious to other property in the area in which said property is situated.

(3) That such variance will not violate the provisions of the State Subdivision Control Act.

(4) The Planning Commission shall include its findings and the specific reasons therefor in its report of recommendations to the City Council and shall also records its reasons and action in its minutes.

(5) That such variance will not have the effect of nullifying the interest and purpose of this Ordinance and the Comprehensive Development Plan.

Article VII. PUBLIC RESERVATIONS AND SPECIAL DEVELOPMENTS

Section 700. Public Sites and Open Spaces

(1) Where a site for a park, playground, playfield, school, library, fire station or other public uses deemed necessary by the Planning Commission to fulfill the objectives of the Comprehensive Development Plan, the Commission may recommend the reservation of such areas within the subdivisions.

(a) Upon determination by the respective public agency that space for the public facility is required, the agency involved shall within ninety (90) days, enter into an agreement to purchase the site.

(b) Acquisition of the site shall be accomplished within three (3) years.

2. Reservation of other public open spaces may be required where deemed necessary by the Planning Commission for preservation of historic sites and scenic areas or for a particular type of development proposed in the subdivision but not anticipated in the Comprehensive Plan.

3. Dedication of greenbelts or buffer parks may be required by the Planning Commission in areas where they are desirable to separate and protect residential subdivisions from adjacent commercial developments, highways, streets and railroads or any obnoxious use.

Section 701. Planned Unit Developments

1. The Planning Commission will consider plats designed for special development which may require modification or adjustment of these design standards. Modifications may be made to allow:

(a) Cluster housing which need not front on a public street.

(b) Reduced lot size to accomodate the sale of townhouse units.

(c) Common private open spaces.

(d) Condominium or cooperative developments.

2. Application for the development under this section

shall be made in writing and shall be supplemented with maps, plans, or other additional data which may aid the Planning commission and City Council in the alaysis of the proposed plat.

Article VIII. ENGINEERING DESIGN STANDARDS
Section 800
GENERAL

Utility plans for a subdivision shall contain detailed drawings of the existing topograph (both on site and a minimum of 100 feet off-site), and the sanitary, storm, water, paving and site grading systems. These drawings shall be prepared on 24" x 36" sheets. A location may indicating the Section or ¼ Section, Town, Range, city, north arrow, scale and general area of the proposed improvement shall be shown on the cover sheet and on each plan sheet. A minimum of two bench marks shall be indicated on each plan sheet. All elevations on the plan shall be based on Wayne County Datum, (U.S.C.G.S.) and shall be so stated. The plans shall contain the signature and seal of the State of Michigan professional engineer preparing them. A minimum of three complete sets shall be submitted for initial review. When approved, the design engineer shall submit the required number of sets of plans for water and sanitary permits and a complete set of high quality mylar intermediates containing the following certification:

I hereby certify that these plans are identical to the plans as approved on _____ by the City Engineer.

Date _____ Signature of Professional Engineer Preparing Plans _____

The design engineer will be responsible for obtaining the necessary approvals and/or permits from the following agencies if under their jurisdiction:

The design engineer will be responsible for obtaining the necessary approvals and/or permits from the following agencies if under their jurisdiction:

- 1) Michigan State Highway Department
- 2) Michigan State Department of Natural Resources
- 3) Wayne County Drain Commission
- 4) Wayne County Road Commission

Evidence of these approvals must be submitted to the City of Romulus prior to final approval of the engineering plans.

SECTION 801
WATER MAIN

For City approval of water main system, the applicant shall furnish to the Department of Public Works three sets of the water main plans including the general plan for the system on which he desires approval. The Department of Public Works shall review the plans for conformity to the City standards, after which they will return one of the three sets or a letter with appropriate comments to the applicant. The applicant after making any requested changes shall then resubmit fifteen sets of plans to the City. The City shall then review these revised plans for conformity, and if they have been properly made, will retain five copies and transmit the remaining ten copies to the City of Detroit Metropolitan Water Services for their review and approval. Water main requirements shall include but not be limited to the following items:

1) A plan and profile will be required for all water mains sixteen inches in diameter or larger. A plan view of smaller mains will be acceptable.

2) The plan shall indicate the location of the proposed main from the property line, and the location and elevation of all hydrants and gate wells.

3) The minimum cover will be six feet.

4) The plan shall indicate elevation of proposed water main in any instance where its depth varies from the standard six feet ov cover, such as points where it crosses another utility.

5) Hydrants shall be located to provide fire protection for all proposed buildings within the development. To determine this, all prospective buildings shall fall within a 250 foot radius from the hydrant.

The following items will be included in the plan by note:

1) All work will conform to the current standards and specifications of the City of Romulus.

2) No connection will be made to existing water mains until directed by the engineer and after successful hydrostatic and bacteriological tests have been completed and approved by the City.

3) The minimum cover will be six feet.

SECTION 802
SANITARY SEWERS

For City approval of sanitary sewer system the applicant shall furnish to the Department of Public Works three sets of the sanitary sewer plans including the general plan for the system on which he desires approval. The Department of Public Works shall review the plans for conformity to the City standards, after which they will return one of the three sets or letter with appropriate comments to the applicant. The applicant after making any requested changes shall then resubmit ten sets of plans to the City, five of which shall be manually sealed and signed by a professional engineer. The City shall then review these revised plans for conformity, and if they have been properly made, will retain five copies and transmit the remaining five copies to the Wayne County Department of Public Works for their review and approval. The Wayne County Department of Public Works will then transmit the plans to the Michigan Department of Health for a construction permit.

Sanitary Sewer requirements shall include but not be limited to the following items:

1) All existing sewer inverts must be field measured and shall be so designated on the plan.

2) The type of pipe and bedding shall be indicated on the profile.

3) Premium joints shall be used for both concrete and vitrified pipe. The type of pipe to be determined for each specific case.

4) The minimum size pipe shall be ten inch for residential and twelve inch for an industrial subdivision.

5) A plan and profile shall be prepared for all sanitary sewers. (Manholes shall be numbered in the plan and profile.)

6) Sanitary Manholes shall be located by dimension and/or coordinates. The size and grade shall be indicated in the profile. A minimum velocity of two feet per second shall be maintained.

7) All sanitary sewers shall be stationed in the profile.

8) Existing or proposed storm sewers crossing or parallel to the proposed sanitary sewer shall be indicated by dashed lines in the profile. Two feet of clearance should be provided between utilities where they cross.

9) A special detail indicating special provisions for a crossing will be provided in the event two feet of clearance cannot be maintained. Show elevations of all utilities where they cross.

10) The stationing and elevation at the property line of lot to be served shall be indicated for all proposed six inch house connection leads.

The plans shall indicate:

1) All work will conform to the current standards and specifications of the City of Romulus.

2) All sanitary sewers will be reviewed by closed circuit television prior to acceptance by the City of Romulus.

3) The maximum infiltration will not exceed 250 gallons per inch diameter per mile of sewer per 24 hours between Manhole runs.

4) No surface water, sub-surface water, roof conductors or footing drains will be permitted to discharge into the sanitary sewer.

Section 803
STORM SEWERS

For City approval of storm sewer systems the applicant shall furnish to the Department of Public Works three sets of storm sewer plans including the general plan for the system on which he desires approval. Detailed storm sewer design computations and the drainage area map indicating the various areas going into the points of inlet shall be provided. The Department of Public Works shall review the plans for conformity to the City standards, after which they will return one of the three sets or a letter with appropriate comments to the applicant. The ap-

plicant, after making any requested changes, shall then resubmit five sets of plans to the City. The City shall then review these revised plans for conformity and if they have been properly made, will retain four copies for the City's record, and return one approved copy to the applicant. In the event that a County Drain is involved in the subdivision drainage system, the applicant shall obtain approval of these plans from the Wayne County Drain Commissioner. The City shall be furnished proof of the approval by the Wayne County Drain Commissioner. Storm sewer requirements shall include but not be limited to the following items:

1) Storm drainage systems within the development shall be designed for a minimum ten year storm. If drainage courses are involved in the development which drain more than two square miles of area upstream from the development, flood computations shall be provided as required by the Michigan Water Resources Commission.

2) The consulting engineer shall submit a map outlining the various areas which drain to the points of inlet used for design together with the storm sewer design computations.

3) The hydraulic gradient shall be placed on the profile where the gradient is above the top of the pipe and shall be a minimum of two feet below the top of all inlet structures.

4) Sufficient capacity shall be provided in the storm sewer system to take fully developed (fully paved and sewer) upstream drainage into the system.

5) The maximum distance between storm sewer manholes shall not exceed 300 feet for pipe under 30 inches, every 400 feet for 36 inches and every 600 feet for diameters over 36 inches.

6) The profile for the storm sewer shall indicate the length of run, size, type (pipe class), slope of sewer and the pipe bedding between each manhole. Indicate top of casting elevations. Where possible, the slope of the sewers shall provide a minimum velocity of 2.5 feet per second. Limits of sand backfill shall be shown on the profile.

7) Where possible the minimum cover over the storm sewer shall be 4.0 feet.

8) All catch basin leads shall be a minimum size of twelve inch diameter and shall be A.S.T.M. C-76 Class IV.

9) Catch basins shall be located as follows:

a. Five feet away from the end of radius.

b. At all low points.

c. No more than 150 feet of street drainage will be allowed to flow around a corner.

d. A relief basin will be required at the highest end of radius where drainage is required to cross an intersection, longitudinally.

e. At intermediate points along the street a maximum distance drainage will be allowed to flow is 600 feet. The maximum street drainage into a basin is 800 feet (from two directions).

f. Where longitudinal grade exceeds 1000 feet a double inlet structure will be required at the low point.

g. Headwalls will be required where storm sewers or culverts enter open ditches or County Drains.

10) When County Drains or open ditches are used as a part of the storm sewer system the minimum treatment of the banks shall be sod and side slopes shall not exceed one on four. If steeper side slopes are necessary special treatment will be required.

All bends or angle points in the drainage ditches shall be protected with horizontally placed grouted rip-rap.

11) Storm sewer in easements will normally not be allowed. Place all storm sewers within road or street rights-of-way where possible.

12) Direct taps into storm sewers will be allowed in storm sewers 48 inches and larger.

13) Manholes will be required at all angle points and opposite catch basins or storm sewers 42 inches and smaller.

14) If off-site storm sewers are a part of this project, work will commence at the outlet and work within the site shall not start until the off-site storm has been installed to within the limits of the project.

SECTION 804
PAVING

For City approval of street paving system the applicant shall furnish to the Department of Public Works three sets of the paving plans including the general plan for the system on which he desires approval. The Department of Public Works shall review the plans for conformity to City standards after which they will return one of the three sets or a letter with appropriate comments to the applicant. The applicant after making any requested changes shall then resubmit five sets of plans with the necessary revisions. The City shall then review these revised plans for conformity, and if they have been properly revised, the City will retain four copies and return one set of the approved plans to the applicant. Paving requirements shall include but not be limited to the following items:

1) The following notes pertaining to the paving shall be placed on the plans:

a. All work shall be in accordance with the standards and specifications of the City of Romulus.

b. No paving or excavation for paving shall be allowed until the sanitary sewers, water mains, storm sewers or County Drain cleanout construction has been approved by the City.

2) Pavement widths and type of construction:

a. In general pavement widths shall be as specified in Section 502, paragraph 1, entitled Street Pavement.

b. Pavement depths:

Local Single Family Street)

Marginal Access Street)

Boulevard Street)

Alleys)

Cul-de-sac Streets)

7" plan uniform concrete, 3500 p.s.i. at 28 days.

Industrial
9" reinforced concrete pavement, 3500 p.s.i. at 28 days.

Collector Street
8" plain uniform concrete pavement, 3500 p.s.i. at 28 days.

Major Thoroughfare

In accordance with standards and specifications established by the City Engineer or Wayne County Road Commission.

c. All streets shall be curbed with enclosed storm drainage system except in industrial subdivisions where individual conditions will be considered with the approval of the Director of Public Works.

d. On quarter line streets where half width dedications are allowed, a 22 foot wide pavement will be required. A construction and grading easement will be required for the nondedicated portion.

e. At major thoroughfares intersections the street pavement will be widened to 37 feet for a minimum distance of 100 feet.

4) All streets will have a minimum grade of 0.40 per cent. Cul-de-sacs shall have a minimum grade of 0.6 per cent in the outside gutter. The maximum allowable grade is 4.0 per cent.

5) A typical cross-section of all pavement widths will be shown on the plans.

6) An expanded plan view (1"=20') of all intersections, cul-de-sacs, eyebrow and special details showing radii, jointing, and sufficient elevations to indicate the intersection drainage scheme.

7) A gravel connection shall be provided only as a transition from paved subdivision streets to existing gravel streets.

8) Where subdivision streets intersect with existing primary roads, a widening will be required between approaches if the distance between center lines is less than 250 feet. Q widening on the opposite side of the primary road will be required if conditions on the site necessitate.

(Continued on Page 8)

ORDINANCE NO. 71-54 cont.

(Continued from Page 7)

9) The curve data for all curves shall be indicated on the plans. The profile shall also include the existing curb elevations. The profile shall also include the existing ground elevations.

11) Traffic control signs, guard rails, approach walks, street signs and street right-of-way monuments shall be installed prior to acceptance of the streets by the City of Romulus. All other cleanup items shall be done prior to acceptance and prior to opening streets to public traffic.

12) When unsuitable subgrade materials are encountered it shall be removed and replaced with materials approved by the City of Romulus. If material with high water content is encountered, underdrains will be required by the City of Romulus.

13) TEST CORES WILL BE TAKEN BY THE CITY AFTER CONSTRUCTION AND PRIOR TO ACCEPTANCE. SITE GRADING

For City approval of the site grading system, the applicant shall furnish to the Department of Public Works three sets of the site grading plans including the general plan for the system on which he desires approval. The Department of Public Works shall review the plans for conformity to City standards, after which they will return one of the three sets or a letter with appropriate comments to the applicant. The applicant, after making any requested changes shall then resubmit five sets of plans with the necessary revisions. The City shall then review these revised plans for conformity, and if they have been properly revised, the City will retain four copies and return one set of the approved plans to the applicant. Site grading requirements shall include but not be limited to the following items:

1) Each subdivision shall contain an internal storm drainage system discharging into a natural water course, established drain or enclosed storm sewer system.

2) Surface water from the proposed development will not be permitted to flow on to adjacent properties.

3) In general, proposed perimeter grades of each subdivision shall be equal to or lower than existing elevations of adjacent properties.

4) Each lot drain from the rear lot line to the street, individually, wherever possible utilizing F.H.A. type A lot grading with a minimum of one per cent swales.

5) In the event earth conditions do not permit a drainage pattern from the rear lot line to the street, F.H.A. type B grading with lots draining from the house to the street and from the house to the rear property line may be permitted.

6) The minimum swale from the house to the front property line or proposed sidewalk shall be one per cent; and the normal maximum grade shall not exceed five per cent.

7) The minimum grade from the house to the rear of the lot shall be one per cent; and the maximum grade shall be three per cent.

8) In the event existing adjacent elevations to perimeter lots result in more than three per cent slope from the house to the rear property line, the lot will be graded from the house toward the rear at a maximum slope of two per cent to a point; then the remaining difference in elevation shall be at the rate of one foot vertical to four feet horizontal and sodded. The toe of this bank shall not extend into the easement proposed along the rear lot line.

9) The minimum longitudinal slope along the rear lot lines shall be 0.60 feet per 100 feet.

10) Rear yard inlets, without sumps, shall be installed at low points and intermediate points as required.

11) The minimum size rear yard inlet lead shall be twelve inches.

12) Each rear yard inlet shall serve no more than 600 linear feet total of rear yard easement with a maximum of 300 linear feet in one direction.

13) No rear easement drainage shall be carried around any easement deflection in excess of 20 degrees.

14) All rules and regulations of the Romulus Building Department for site grading plans are hereby incorporated with these standards.

Article IX FEES, CHARGES AND DEPOSITS

1. At the time of submission of the preliminary plat, and prior to consideration or review thereof by the City, the proprietor shall deposit a review fee with the Clerk of the City, such fee to be computed as follows:

(a) In the case of a subdivision of one-family lots, \$300.00 plus \$4.25 per lot of acre, whichever is higher; or

(b) In the case of residential subdivision designed to contain at least in part, lots for residential buildings other than one-family residences, \$400.00 plus \$4.25 per dwelling unit or acre, whichever is higher; or

(c) In the case of a commercial or industrial subdivision or any subdivision intended to contain no residential lots, \$300.00 plus \$12.00 per acre of fraction thereof; or

(d) In the case of a planner unit development or other subdivision containing residential and non-residential lots, \$300.00 plus \$4.25 per lot or dwelling unit or acre, whichever is highest.

2. At the time of submission of the final plat, the proprietor shall deposit with the City fees computed as follows:

(a) A fee of \$20.00 as provided in Section 241 of Act 288, Public Acts of Michigan of 1967, or such other amount as may hereafter be provided by statute; and

(b) Such fees and charges for water and sewer connections, inspection fees, fee for special meetings of governmental agencies, engineering fees for field work on site, and other official fees and charges as may be established by ordinance or resolution of the City of Romulus; and

(c) Such fees, charges or deposits as may be required pursuant to Section 125, 182, 188, or 192 of Act 288 Public Acts of Michigan of 1967.

Article X. LOT SPLITTING

1. Submittal and Review: Any person desiring a lot split within a platted area shall submit to the City Assessor written application for to splitting, and five (5) copies of the lot split. In addition he shall deposit the necessary fees as provided in Article IX of this Ordinance.

2. Duties of City Assessor: The City Assessor shall review the proposed lot split to determine its compliance with the applicable City Ordinances, and with Act 288, Public Acts, 1967. If the resultant split is in conformance with these conditions, the City Assessor shall have the authority to authorize the requested lot splits.

3. Taxes: No lot shall be split until all taxes and special assessments have been paid. A receipt of payment must be submitted with the proposed lot split plan.

Article XI. PENALTY

Any person who shall violate any of the provisions of these regulations, whether such person be the owner or agent of the owner of the property shall be fined not to exceed the sum of five hundred (\$500.00) dollars, and the cost of the prosecution or by imprisonment for not more than ninety (90) days, or both, at the discretion of the Court.

Each day such violation shall exist shall constitute a separate offense. Furthermore, all persons shall be subject to the penalties set forth in Section 264 of the Subdivision Control Act of 1967, Act. No. 288, P.A. 1967

Article XII. VALIDITY

Should any section, clause or provision of these regulations be declared by the courts to be invalid, the same shall not affect the validity of these regulations as a whole, or any part thereof, other than the part so declared to be invalid.

Article XIII. EFFECTIVE DATE.

This Ordinance shall be effective immediately upon its publication.

Romulus personals

An Open Air Mass for Shut-Ins will be held Saturday, August 21, at the St. Aloysius Church, 11280 Ozga Road, Romulus at 2 p.m. The mass will be held out-of-doors and Father Joe Kernosek will bring the sacred host to each disabled person wherever he or she is sitting. The Christian Service Committee hopes to make this an annual event at St. Aloysius if enough parishes send people to take part.

Local service groups or individuals are invited to provide transportation for shut-ins who would like to attend the outdoor mass mentioned above. If you would like to take folks from the Van Buren Convalescent Home, phone Mrs. Fryarich there; or from Wayne County General Hospital (Eloise), phone 722-2500 and ask for Mrs. Landstrom. If there are other shut-ins in the area who would like to come, drivers are also invited to bring them. For further information, call 941-2359.

Lance Cpl. Kenneth May of 8515 Hudson was home recently on two weeks furlough before leaving for service in Okinawa, for one year. He was previously stationed at Quantico, Virginia. Kenneth is the son of Mr. and Mrs. Artis May and the fiancé of Miss Gloria Hummer of Ecorse Road.

Mrs. Steven (Margaret) Dziobak of Jackson (formerly of Romulus) recently won the title of "Jackson Citizen Patriots' Homemaking of the Year" at the Jackson Fair. She was awarded \$50. and a trophy for her array of home-made goods which included banana, sponge, chiffon, Lady Baltimore, spice, coconut and magic white cakes, apple jelly, canned beets and an embroidered apron. The beets also rated her a silver tray for best canning entry. Family members were on hand to see Mrs. Dziobak win; however, her husband was at work and was notified by phone. He hadn't even known his wife had entered the contest!

Sgt. John Govensky will be stationed at Grissom Air Force Base in Indiana after returning from a year's duty

in Thailand. He is the son of Mr. and Mrs. Paul Govensky of 38500 Barth Road and has been in service for three years and two months.

The 12 weeks old sow of Larry Davis of 36611 Goddard Road took first place in the Junior Sow division at the Monroe County Fair. Larry's New Hampshire sow is a pet. He competed with sows born from February on.

A stork shower honoring Mrs. Marvin (Christine) Lange, Jr. of Northline Road was given by her sister-in-law, Mrs. Mary Foley (former Mary Lange), at her new home at 8904 So. Wayne Road. Twenty relatives and friends joined in feting the mother-to-be who is expecting in September. The party was held the evening of Tuesday, August 10, and included a delicious lunch, games and prizes.

Little William Fox was honored at a third birthday party Saturday which was given by his mother, Mrs. Mary Lou Fox, and his great aunt, Miss Pearl Morris, at their home at 13880 Huron River Drive. Joining William for a pool and lawn party were the following small guests: Eric and Kristin Morris, Geoff Herrmann of Romulus, Nora McLoughlin of Dearborn Heights, Darius Varner of Belleville. Adults joined the youngsters in the evening for an outdoor barbeque and family party. The little honoree received many lovely gifts and had the thrill of blowing out the candles on two cakes.

The Ladies Missionary Group will meet 10 a.m. Thursday, August 19, at the Calvary Baptist Church on Ozga Road.

The Annual Open Horse Show will be held on the final day of the 4-H Fair (Sunday, August 22), at the Wayne County 4-H Grounds, Quirk Road, Belleville. The show will start at 9 a.m. rain or shine and is open to all who wish to enter, whether children or adults. You do not need to be a 4-H member. The show chairmen are Mr. Carl Morris and Mr. Fred Hay.

Argle opening now in progress

A special two-day grand opening of the Argle Gift Galleries, 537 E. Huron River Dr., Belleville, is in progress today and tomorrow.

The two-day affair, being conducted from 10 a.m. until 7 p.m. has been scheduled to acquaint residents and others of the Belleville area with the new products available at the galleries.

Leslie and Dorothy Richardson of Belleville, former owners of the Richardson Restaurant across the street from the new business venture, are the owners.

Coffee and donuts will be provided by the Richardsons for guests during the grand opening.

Registration for the two daily drawings for free gifts will be available for those who visited the gift galleries.

The shop is presently featuring modern gifts, ceramics, antiques and garden statuary.

The Richardsons are residents of the Belleville area since 1953 and operated the restaurant since 1959.

Dorothy Richardson has created some of the ceramic products which will be on sale and has collected antiques for many years.

They have set aside a large rear area to display their antiques. They plan separate areas for ceramics and a ceramic workshop and for their garden statuary and fountains.

Gas hearing is scheduled

The Michigan Commerce Department's Public Service Commission announced that it will hold a public hearing Aug. 30 on Michigan Consolidated Gas Company's request for a \$9,391,218 rate increase.

Michigan Consolidated filed an application on June 21 asking for authority to adjust its rates to offset wholesale gas rates increases.

The utility's three principal suppliers - Michigan Wisconsin Pipe Line Co., Panhandle Eastern Pipe Line Co. and Great Lakes Gas Transmission Co. - have filed rate increases with the Federal Power Commission and they are expected to go into effect about Nov. 1.

Made and passed by the City Council of the City of Romulus this 12th day of August 1971.

CITY COUNCIL
CITY OF ROMULUS

By Leonard J. Folmar
Clerk, City of Romulus

I, Leonard J. Folmar, Clerk for the City of Romulus do hereby certify that the foregoing is a true copy of an ordinance adopted by the Romulus City Council at their Regular Meeting held on August 12, 1971.

Leonard J. Folmar, Clerk
City of Romulus

ATTEST:
Hyle J. Carmichael, Mayor
City of Romulus

Within forty five (45) days after the publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6) per cent) percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

Nothing sorry about \$2,968

Charlie's a real winner

Seventeen-year-old Belleville resident Eric Wyche received a birthday present that will be hard to match in future years.

A local banker and businessman last Friday bid up the price for his prize-winning steer, Charlie, to nearly \$3,000 \$2,000 above his highest expectations.

"It has to be the best day of my life," Eric said when the auctioneer ended bidding at \$2,968, or \$2.80 a pound, the greatest amount ever paid for a steer at the Monroe County Fair.

Eric who resides at 27111 Sumpter Rd., beat out 129 other contestants with his 1,060 pound, white-faced, Charlie, a Hereford steer he raised with no farming background on a small five-acre dirt farm off Sumpter Road in Belleville.

"I just never thought anything like this could ever happen to me," Eric said.

But, thanks to intensive bidding done mainly by William Poplack, president of the Michigan Shortening Company, and Irv Wallace, representing National Bank of Detroit's Belleville Center, Eric ended up receiving nearly \$2,000 more than last year's prize-winning steer. That one went for about \$1,000 a pound.

"I wish we had won the bidding," said Wallace. "Eric's dad came in to visit me Friday morning and asked for our help."

"I told him that his bank would certainly guarantee him a good price, and beyond that we would like to buy Charlie and give him back to Eric. There's a lot he and Charlie could do to attract others to 4-H programs, and that's worth something."

Eric's father, Ezra Wyche, heads the Carlton Rough Riders 4-H Club to which Eric belongs. The 30 members come from both Wayne and Monroe Counties, and Ezra

feels the chances are now good for that membership to grow.

"There's a lot our kids can learn from animals," he says, "and I'm going to devote the rest of my life to helping them learn."

Eric plans to use his winnings to buy a car so that he can commute to school and

work to support his education.

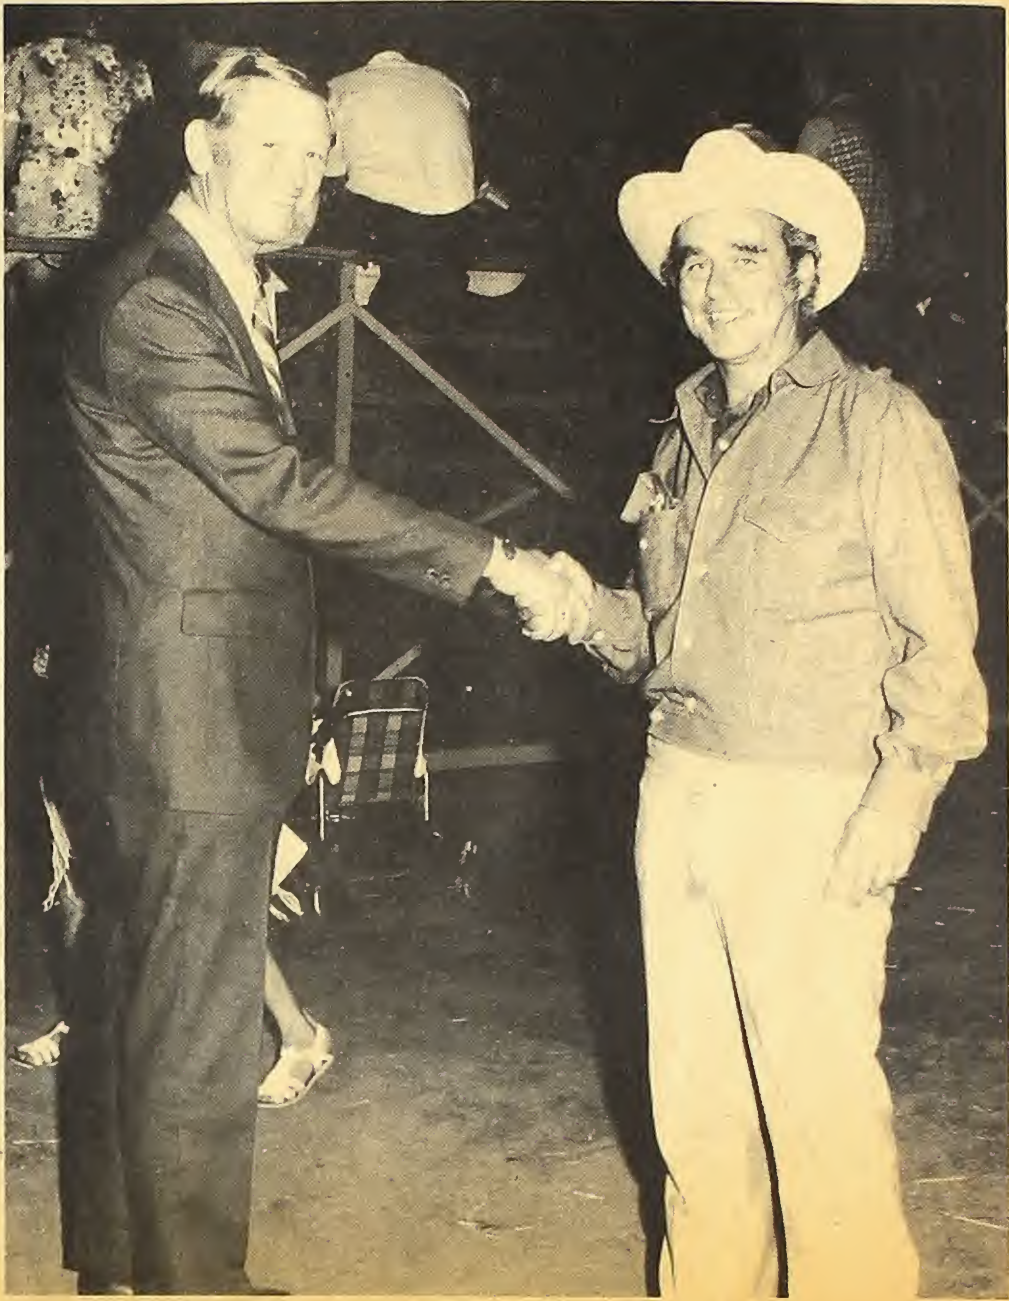

After the bidding, Poplack and Wallace met with Eric to extend their congratulations. Eric was promised that Charlie would be his to show at the Michigan State Fair, August 27 - September 12.

"He deserves every penny the steer brought," said Wallace. "The thousand-or-so

people huddled around the auction area must have been just as excited as Eric to see such a fine reward coming for his efforts."

"I was so excited myself, I'm sure I raised my own bid at least once!"

The Wyche's have banked with NBD in Belleville for more than 10 years.

TOP BIDDERS MEET — The two top bidders for Eric Wyche's prize-winning steer exchanged friendly greetings after last Friday's auction which saw Eric's 1,060 pound white-faced Charlie sold for nearly \$3,000. William Poplack, (right) president of

the Michigan Shortening Company, outbid Irv Wallace, representing National Bank of Detroit's Belleville Center, at \$2,968, or \$2.80 a pound, the greatest amount ever paid for a steer at the Monroe County Fair.

Moose Notes

by George W. Steger

The Belleville Lodge No. 934 of the Loyal Order of Moose held an Enrollment last Saturday, at the Moose Home. Details will be in next paper.

The annual picnic will be held on Sunday, Aug. 22, at the Lower Metropolitan Park from 12 noon to 6 p.m. for the members of Belleville Lodge and their families.

There will be fun galore for both the children and the adults. This is a wonderful opportunity to meet both old friends and make new ones.

The enrollment in September will be a special enrollment in honor of our Deputy Supreme Secretary Cole from Mooseheart and will be held at 8 p.m. on Friday Sept. 17.

Secretary George Steger attended the dedication of the new beautiful Benton Harbor Moose Home in Benton Harbor on Saturday, Aug. 7. General Governor Ralph D. Moore from Mooseheart was present and many other celebrities, among whom were the State Director Harold Kretsinger, also the new state Director as of Aug. 15 Don Buchanan; State President Richard Alberts and his wife, Past State President Ray Lewis.

Brother Martin Potzger's wife, Georgia, is in Riverside Hospital. Brother James Holland's two children are home from the hospital and at last report Brother Kascnow was in the Hospital.

Tonight (Wednesday) there will be an officers meeting at 7:30 p.m. at the Moose Home.

NOTICE OF PUBLIC SALE

NOTICE IS HEREBY GIVEN by the undersigned that on Thursday, August 26, 1971, at 10 o'clock A.M. at 39115 Maple, Wayne, Wayne County, Michigan, public sale of a 1969, Ford Torino Fast-back, bearing serial number 4K46R126213, will be held, for cash at auction. Inspection thereof may be made at 39115 Maple, Wayne, Wayne County, Michigan, the place of storage.

McDonald named leader

Bruce McDonald, of McDonald Mobilehome Inc., 23820 West Eight Mile Rd., Southfield, has been elected president of the Michigan Mobile Home and Recreational Vehicle Institute for 1971-72.

The organization has a membership of 701 Michigan companies including dealers, manufacturers, suppliers and others associated with the industry.

McDonald, MMHRVI vice president last year, succeeds George Pollack of Marlette Homes in Marlette, Michigan.

He has been associated for nine years with his father, Frank, in the 40 year old pioneer company which has branches in Detroit, Sarasota, Florida; and Las Vegas, Nevada.

McDonald, 31, also is a partner in the new Childs Lake Estates, a modern mobile home park at 4377 Old Plank Road, in Milford near the Ford Wixom plant.

He was graduated from Michigan State University in 1962 with a degree in marketing. He and his wife, Dottie, and their three children, reside at 767 Fairfax in Birmingham.

Keith Crawford of Hidden Lake Estates in Rochester was elected MMHRVI vice president. He lives at 19973 Sunbury in Livonia.

Elected secretary was George Zambiasi, Sebrite Corporation, 13501 Archdale, Detroit; and Pat McCafferty of Holiday Park Campgrounds, 2 Crocker Boulevard in Mt. Clemens, was named treasurer.

Gladiators in Rome were usually criminals, slaves or prisoners who fought with swords and shields for public entertainment.

TOWNSHIP OF VAN BUREN WATER CONTRACT

Township of Van Buren
County of Wayne, Michigan

Minutes of a regular Meeting of the Township Board of the Township of Van Buren, County of Wayne, Michigan, held at the Township Hall on the 10th day of August, 1971, at 8:00 o'clock p.m., Eastern Standard Time.

PRESENT: Trustees Supervisor Gollwitzer, Treasurer Birk, Trustees: Blend, Cullin, Hogan and Maton.
ABSENT: Trustees Clerk Payne.

The following preamble and resolution were offered by Trustee Blend and supported by Trustee Maton:

WHEREAS, there exists an imperative need to acquire in the Township of Van Buren, as a part of the Wayne County Metropolitan Water Supply System, water extensions and improvements as hereinafter in the contract more particularly set forth; and

WHEREAS, preliminary plans and estimate of cost of said improvements have been prepared by Morris Levine & Associates, consulting engineers of Detroit, Michigan, which said preliminary plans and estimate of cost have been reviewed by this Board; and

WHEREAS, this Board has determined that it is necessary for the public health to acquire said water extensions and improvements in accordance with said preliminary plans and estimate of cost; and

WHEREAS, Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended, authorizes the execution of contracts between municipal units and the proper county agency providing for the acquisition, construction and financing of water improvements; and

WHEREAS, the County of Wayne, acting by and through its Board of Supervisors, and in accordance with Act 342, Public Acts of Michigan, 1939, as amended, by resolution adopted by majority vote of its Board of Supervisors on October 9, 1939, authorized and directed that there be established a system of water improvements and services to be known as the Wayne County Metropolitan Water Supply System, and did designate the Board of County Road Commissioners of the County of Wayne, as the agency for the County, to acquire, operate, maintain and improve the System with all the powers and duties conferred upon such agency by statute; and

WHEREAS, this Board determines it to be in the best interest of the Township to acquire said water extensions and improvements and to finance the cost thereof in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended; and

WHEREAS, a contract between the Township of Van Buren and the Board of County Road Commissioners of the County of Wayne, providing for the acquisition, construction and financing of said water extensions and improvements, and such matters as are deemed necessary thereto, has been prepared;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Township Board of the Township of Van Buren hereby determines it to be necessary for the public health and safety to acquire the water extensions and improvements set forth in the contract herein included as a part of this resolution.

2. This Board deems it to be in the best interest of the Township to finance the cost of such improvements in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended.

3. The Township Board hereby approves the preliminary plans and estimates of cost of said improvements prepared by Morris Levine & Associates, consulting engineers of Detroit, Michigan.

4. The Township Board does hereby approve the following contract for the acquisition, construction and financing of water extensions and improvements:

CONTRACT

THIS CONTRACT, made and entered into this 10 day of August, A.D., 1971, by and between the BOARD OF county road commissioners of the county OF WAYNE, Michigan, a public body corporate, acting for and on behalf of the County of Wayne, Michigan, party of the first part, hereinafter referred to as the "BOARD", and the TOWNSHIP OF VAN BUREN, a municipal corporation in the County of Wayne, State of Michigan, hereinafter referred to as the "TOWNSHIP,"

WITNESSETH:

WHEREAS, the County of Wayne, Michigan, by resolution of its Board of Supervisors duly adopted on October 9, 1939, adopted the provisions of Act 342, Public Acts of Michigan, 1939, as amended, and pursuant to said resolution and to a prior resolution adopted on October 18, 1938, the BOARD, as the duly designated agency of the County, has constructed an extensive system of water distribution mains, extensions, storage tanks and other distribution equipment and facilities in connection therewith, through which it has been receiving water purchased by contract from the Water Supply System of the City of Detroit, transporting it through said mains and lines, and selling it to various cities, villages and townships in the County of Wayne, pursuant to contracts with said governmental units; said water distribution mains and facilities being designated as the Wayne County Metropolitan Water Supply System (hereinafter, for brevity, referred to as the "County System"); and

WHEREAS, the BOARD and the City of Detroit, by its Board of Water Commissioners, have under date of August 3, 1959, entered into a contract and agreement whereby in the interests of unified management and operation of all water supply and distribution facilities in the Detroit Metropolitan Area, the management and operation of the County System has been taken over by the Board of Water Commissioners of the City of Detroit, the BOARD, however, retaining jurisdiction over the County System for the purpose of financing necessary improvements and extensions threuo under the provisions of Act 342, Public Acts of Michigan, 1939, as amended. That said contract and agreement was duly approved by the Board of Supervisors of the County of Wayne and the Common Council of the City of Detroit. The water through the supply mains of the County System is now supplied through contract by user municipalities directly with the City of Detroit, by its Board of Water Commissioners, rather than by contract with the BOARD as was formerly the case, although title to the County System remains with the BOARD as the agency of the County; and

WHEREAS, the TOWNSHIP and the City of Detroit, by its Board of Water Commissioners, have on November 18, 1962, entered into a contract, as later amended, for the supplying of water from the Water Supply System of the City of Detroit to the TOWNSHIP through the mains and facilities of the County System, which contract assures an adequate supply of water for a period of not less than forty (40) years from the date thereof; and

WHEREAS, Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended, provide an additional and alternative method of financing water improvements authorized by said Act independent of other means provided in said Act, by the means of a contract for the acquisition, construction and financing of necessary water improvements as authorized by said Act, and the County, pursuant to appropriate action by its Board of Commissioners, is then authorized to issue bonds to provide funds therefor, secured primarily by the contractual pledge of the full faith and credit of the TOWNSHIP and secondarily by the full faith and credit pledge of the COUNTY, if authorized by resolution of its Board of Commissioners; and

WHEREAS, pursuant to the authorization provided in said Act 342 and the above referred to resolution, the County of Wayne, through the BOARD as its duly designated agency, and pursuant to contract with the TOWNSHIP has heretofore constructed certain improvements and additions to the County System located in the TOWNSHIP, which improvements were and are vitally necessary to preserve and protect the public health, and which said improvements and additions were financed by the issuance of four series of bonds, designated, respectively, "Wayne County Metropolitan Water Supply System Bonds (Van Buren Township Section), Series I," dated as of June 1, 1962, in the aggregate principal amount of \$750,000.00; "Wayne County Metropolitan Water Supply System Bonds Van Buren Township Section), Series II," dated June 1, 1962, in the aggregate principal amount of \$1,000,000.00; "Wayne County Metropolitan Water Supply System Bonds (Van Buren Township Section), Series III," dated January 1, 1968, in the aggregate principal amount of \$875,000.00; and "Wayne County Metropolitan Water Supply System Bonds (Van Buren Township Section), Series IV," dated December 1, 1969, in the aggregate principal amount of \$1,000,000.00, which said bonds were secured and payable primarily out of contract payments pledged by the TOWNSHIP, and secondarily by appropriate guaranties of the County of Wayne, all is authorized by the provisions of said Act 342; and

WHEREAS, to preserve and protect the public health, safety and welfare of the present and future residents of the TOWNSHIP, which in turn will be for the benefit of the general health, safety and welfare of the entire County of Wayne, there exists an imperative and urgent need for additional water distribution mains and appurtenances in the TOWNSHIP to make available to its citizens and residents an adequate supply of filtered water, which said additional water distribution mains are generally described and located as set forth in Exhibit A attached to this contract and made a part hereof; and

WHEREAS, a blueprint plan showing in detail said water improvement is on file in the offices of the BOARD; and

WHEREAS, the BOARD has caused plans, specifications and estimates of cost of said proposed additional water distribution mains and facilities to be prepared by Morris Levine & Associates, consulting engineers of Detroit, Michigan (hereinafter in this contract referred to as the "consulting engineers"), which estimates of cost, including contingencies, engineering, legal and financing expenses, is in the sum of Three Hundred Sixty Thousand (\$360,000.00) Dollars (which said estimate of cost is hereinafter referred to in this contract as "estimated cost"); and

WHEREAS, the execution of this contract has been authorized by resolution of the Township Board of the TOWNSHIP adopted on August 10, 1971, which said resolution has been published in a newspaper of general circulation in the TOWNSHIP, and more than thirty (30) days have elapsed since such publication and no petition for referendum concerning said resolution or this contract has been filed with the Township Clerk of the TOWNSHIP;

NOW, THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The BOARD and the TOWNSHIP hereby approve and confirm the additional water distribution mains and appurtenances to be acquired and constructed in the manner provided by and pursuant to this contract. The BOARD and the TOWNSHIP further hereby approve and confirm the preliminary plans for said additional water distribution mains and appurtenances prepared by the consulting engineers and the estimated cost as set forth in the preamble hereto. The acquisition and construction of such additional water distribution mains and appurtenances herein approved are hereinafter in this contract referred to as PROJECT TO BE FINANCED.

2. The PROJECT TO BE FINANCED and the estimated cost thereof in the sum of \$360,000.00 as set forth in the preamble to this contract, include all surveys, plans, specifications, acquisition of property for rights-of-way, including consequential and abuttal damages, if any, and interest on awards, physical construction necessary to acquire and construct the water improvements approved and confirmed in Section 1 of this contract, the acquisition of all materials necessary to acquire and construct said water improvements, engineering, supervision, administrative, legal and financing expenses necessary in connection with the acquisition and construction of said water improvements and the financing thereof, and capitalized interest on the bonds to be issued for a period of twelve (12) months.

3. The TOWNSHIP shall acquire all necessary property for rights-of-way for the PROJECT TO BE FINANCED, and consents and agrees to the use of any of its lands and public property for such PROJECT TO BE FINANCED.

4. The BOARD will acquire and construct the additional water distribution mains and appurtenances approved and confirmed in Section 1 of this contract and for that purpose will take bids for the acquisition and construction of such improvements prior to the time that any bonds are issued for the purpose of financing the cost of said improvements. The BOARD shall in no event enter into any final contract or contracts for the construction and acquisition of said improvements where such contract price or prices will be such as to cause the actual total cost of the PROJECT TO BE FINANCED to exceed the estimated cost, as set forth in the preamble to this contract, unless the TOWNSHIP by resolution of its Township Board, approves such increased total cost and agrees to pay the excess over the estimated cost, either in cash, or by specifically authorizing the maximum principal amount of bonds to be issued as provided in Sections 6 and 7 of this contract, to be increased to an amount which will provide sufficient funds to meet said increased total cost, and a similar increase in the installment obligations of the TOWNSHIP pledged under the terms of this contract to use payment of such bonds. The additional water improvements shall be acquired and constructed by the BOARD in accordance with the plans and specifications thereof based on preliminary plans approved by this contract: Provided, However, that minor variations from said plans and specifications may be made without the approval of the TOWNSHIP if such variations shall not materially affect said plans and specifications. All matters relating to engineering plans and specifications, together with the making and letting of final construction contracts, as well as inspection, construction supervision and approval of work and materials for the water improvements specified in Exhibit A of this contract shall be in the exclusive control of the BOARD.

5. Upon completion of the additional water improvements specified in Exhibit A of this contract, the TOWNSHIP shall operate and maintain said improvements for and on behalf of the BOARD, at its sole expense. The TOWNSHIP shall be obligated to continue to pay for all water furnished pursuant to the provisions of the water supply contract with the City of Detroit referred to in the preamble hereto. The TOWNSHIP shall have all the rights specified in either Act 342, Public Acts of Michigan, 1939, as amended, or Act 94, Public Acts of Michigan, 1933, as amended, or any other applicable law, relative to making charges or rates to users of said additional water improvements.

6. To carry out and accomplish the PROJECT TO BE FINANCED, in accordance with the provisions of Act 342 Public Acts of Michigan, 1939, as amended, the BOARD shall take the following steps:

(a) The BOARD shall immediately take all steps necessary to take bids for and enter into and execute final construction contracts for the acquisition and construction of the additional water improvements specified in Exhibit A of this contract in accordance with the plans and specifications therefor based on the preliminary plans as approved by this contract. Said final construction contracts shall specify a completion date of the additional water improvements.
(b) The BOARD will require and procure from the

contractor or contractors undertaking the actual construction and acquisition of the additional water improvements, necessary and proper bonds to guarantee the performance of the construction contract or contracts, and such labor and material bonds as may be required by law, in such amount and such forms as may be approved by the BOARD.

(c) The BOARD will submit to the Board of Commissioners of the County of Wayne as ordinance or resolution providing for the issuance of bonds in the aggregate principal amount of Three Hundred Sixty Thousand (\$360,000.00) Dollars (representing the present estimated cost of the PROJECT TO BE FINANCED), said bonds to mature serially, as authorized by law, and to be issued in anticipation of the installment payments to be made by the TOWNSHIP as hereinafter provided in this contract, and to be secured primarily by the contractual obligation of the TOWNSHIP to pay the installments due, plus interest, as hereinafter provided in this contract, and secondarily, if approved by a majority of the members-elect of the Board of Commissioners, by the full faith and credit of the County of Wayne. After due adoption of the bond ordinances or resolution, the BOARD will take all legal procedures and steps necessary to effectuate the sale and delivery of said bonds.

(d) The BOARD, upon receipt of the proceeds of sale of the bonds, will comply with all provisions and requirements provided for in the ordinance or resolution authorizing issuance of the bonds and this contract relative to the disposition and use of the proceeds of sale of the bonds.

7. The cost of the water improvements, referred to in the preamble to this contract, and specified in Exhibit A, shall be charged to and paid by the TOWNSHIP to the BOARD in the manner and at the times herein set forth. The cost of (presently estimated at \$360,000.00) shall be paid to the BOARD, as the agency of the County, in annual principal installments, plus interest and other expenses as hereinafter provided. The principal installments shall be as specified in Exhibit B (or any revision thereof made pursuant to paragraphs 8 or 9 of this contract) attached to this contract and made a part hereof by reference.

It is understood and agreed that the bonds of the County hereinafter referred to will be issued, in anticipation of the payment of the annual installments herein provided, and as set forth in Exhibit B, with principal maturities on May 1st of each year, commencing with the year 1975, equal to the principal amount of the annual installments due on the preceding April 1st of such year, and bearing interest at the rate or rates determined on public sale thereof, payable on May 1st and November 1st of each year.

It is further understood and agreed that the TOWNSHIP shall also pay to the BOARD, as the agency of the County, in addition to the principal installments as specified in Exhibit B, on April 1st and October 1st of each year, as accrued interest on the principal installments remaining unpaid, an amount sufficient to pay all interests not capitalized due on the next succeeding interest payment date (May 1st and November 1st, respectively), on said County bonds from time to time outstanding. From time to time as the BOARD is billed by the paying agent or agents for the County bonds to be issued for their services as paying agent, or registering bonds, and as other costs and expenses accrue to the BOARD from handling of the payments made by the TOWNSHIP, the BOARD shall notify the TOWNSHIP of the amount of such paying agency fees and other costs and expenses, and the TOWNSHIP, shall, within thirty (30) days from such notification, remit to the BOARD sufficient funds to meet such paying agency fees and other costs and expenses.

The BOARD shall, within thirty (30) days after the delivery of the County bonds hereinafter referred to, furnish the TOWNSHIP with a complete schedule of said installments, and the interest thereon due on the dates above set forth, and shall also, at least thirty (30) days prior to the due date of any such installment of principal and interest, advise the TOWNSHIP, in writing, of the exact amount due on said date. The failure to give such notice shall not, however, excuse the TOWNSHIP from making its required payments when due under the provisions hereof.

If any installment payment as herein provided is not paid when due, the amount so not paid shall be subject to a penalty, in addition to interest, of one-half of one per cent (1/2 of 1 percent) thereof for each month or fraction thereof that the same remains unpaid after the due date.

8. If the proceeds of sale of the original County bonds authorized by this contract are for any reason insufficient to complete the acquisition and construction of the PROJECT TO BE FINANCED in accordance with the plans and specifications thereof, the BOARD shall, if necessary, submit to the Board of Commissioners of Wayne County a resolution providing for the issuance and sale of additional County bonds in an amount necessary to provide sufficient funds to complete the PROJECT TO BE FINANCED, in which event the duties and obligations of the BOARD and the TOWNSHIP as expressed and set forth in this contract shall be applicable to such additional issue of bonds as well as the original issue, it being at all times fully recognized and agreed that the payments to be made by the TOWNSHIP in the manner specified in paragraph 7 of this contract shall be based upon the cost of the PROJECT TO BE FINANCED. Any such additional bonds shall mature serially on May 1st, and the installment maturing on the April 1st preceding said May 1st, as shown by Exhibit B, shall be increased by the principal amount of such additional bonds maturing on said May 1st. All the provisions of paragraph 7 of this contract shall be applicable to said increased amounts. Immediately upon the issuance of such additional bonds, the BOARD shall furnish and supply the TOWNSHIP a document entitled "Revised Exhibit B" specifying the new schedule of installments, increased as herein authorized, which shall be substituted and take the place of the present Exhibit B and the installment therein specified.

9. In the event, by reason of favorable construction bids received or otherwise, it is not necessary to issue the County bonds in the full amount of \$360,000.00 based upon the present estimated cost, but such bonds are authorized and issued in such lesser principal amount as may be necessary to pay the local share of the cost of the PROJECT TO BE FINANCED, the installment payments of the TOWNSHIP as provided in paragraph 7 and Exhibit B of this contract shall be reduced so that the installment payment due on April 1st of each year shall correspond to the reduced principal amount of the bonds maturing on the next succeeding May 1st. All the provisions of paragraph 7 of this contract shall be applicable to said reduced installments, the same as though such installments were originally in said reduced amounts. In such event the BOARD shall furnish and supply the TOWNSHIP a new Exhibit B specifying the new schedule of installments, reduced as herein authorized, which shall be substituted and take the place of the present Exhibit B and the installments therein specified.

It is fully understood and agreed by the BOARD and the TOWNSHIP that the principal amount of the annual installments, as specified in Exhibit B and due on April 1st of each year, shall at all times correspond to the principal amount of the bonds due on the following May 1st.

10. The TOWNSHIP, pursuant to the authorization of Section 5a of Act 342, Public Acts of Michigan, 1939, as amended, irrevocably pledges its full faith and credit for the prompt and timely payment of its obligations expressed in this contract, and, except as hereafter provided, shall each year, commencing with the year 1972, levy an ad valorem tax on all the taxable property in the TOWNSHIP in an amount which, taking into consideration estimated delinquencies in tax collections, will

be sufficient to pay its obligations under this contract becoming due before the time of the following year's tax collections. Such annual levies, by virtue of the authorization of Section 6, Article IX, of the Michigan Constitution of 1963, shall be without limitation as to rate or amount, being for the purpose of providing funds to meet the contractual obligations of the TOWNSHIP, in anticipation of which the County bonds, hereinafter referred to, are issued. Nothing herein contained shall be construed to prevent the TOWNSHIP from using any, or any combination of, the means and methods provided in Section 5a of said Act 342, Public Acts of Michigan, 1939; as now or hereafter amended, for the purpose of providing funds to meet its obligations under this contract, and if, at the time of making the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next tax collection period, then such annual tax levy may be reduced by such amount, or if sufficient of such funds are so on hand and earmarked to provide for the full payment of the contractual obligations due prior to the next tax collection period, then no tax levy need be made for such year.

11. The TOWNSHIP may pay in advance any of the payments required to be made by this contract, in which event the BOARD shall credit the TOWNSHIP with such advance payment on future due payments to the extent of such advance payment.

12. The TOWNSHIP may pay additional moneys over and above any of the payments specified in this contract with the written request that said additional funds be used to call bonds for redemption prior to maturity, in which event the BOARD shall be obligated to apply and use said moneys for such purpose. Such moneys shall not then be credited as advance payments under the provisions of Section 11 of this contract.

13. In the event the TOWNSHIP shall fail for any reason to pay to the BOARD at the times specified, the amounts required to be paid by the provisions of this contract, the BOARD shall immediately notify, in writing, both the County Treasurer of the County of Wayne and the Township Treasurer of such default and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the County Treasurer or other official charged with disbursement to the TOWNSHIP of funds derived from the State sales tax levy under the law, and payable to the TOWNSHIP pursuant to Section 10, Article IX, of the Michigan Constitution of 1963, is by these presents specifically authorized by the TOWNSHIP to withhold funds to the maximum amount necessary to cure said deficit, derived from such sales tax levy and returnable to the TOWNSHIP, and to pay said sums so withheld to the BOARD to apply on the obligations of the TOWNSHIP as herein set forth. Any such moneys so withheld and paid shall be considered to have been returned to the TOWNSHIP within the meaning of the Michigan Constitution of 1963, the purpose of the provision being solely to voluntarily authorize the use of said funds owing to the TOWNSHIP to meet past due obligations of the TOWNSHIP due under the provisions of this contract. In addition to the foregoing, the BOARD shall have all other rights and remedies provided by law to enforce the obligation of the TOWNSHIP to make its payments in the manner and at the times required by this contract.

14. It is specifically recognized by the TOWNSHIP that the payments required to be made by it pursuant to the terms of Section 7 of this contract are to be pledged for and used to pay the principal of an interest on the bonds to be issued by the County, as provided by this contract and authorized by law, and the TOWNSHIP covenants and agrees that it will make its required payments to the BOARD promptly and at the times herein specified, without regard to whether the PROJECT TO BE FINANCED is actually completed or placed in operation.

15. Nothing herein contained shall in any way be construed to prevent additional financing under the provisions of Act 342, Public Acts of Michigan, 1939, as amended, or any other law, for the purpose of constructing all or any portion of additional necessary water improvements.

16. After completion of the PROJECT TO BE FINANCED and payment of all costs thereof, any surplus remaining from the proceeds of sale of bonds shall be used by the BOARD for either of the following purposes at the option of, and upon request made by resolution of, the Township Board of the TOWNSHIP, to wit: (a) for additional water improvements in the TOWNSHIP, subject to approval of the BOARD, or (b) credited by the BOARD towards the next payments due the BOARD by the TOWNSHIP hereunder.

17. All contracts for connection to the water improvements, whether such connections are made during construction or after the water improvements are placed in operation, shall be made by the TOWNSHIP. The actual costs of such connections shall be paid by the TOWNSHIP except to the extent that the costs of such connections are included in the cost of the PROJECT TO BE FINANCED.

18. The obligations and undertakings of each of the parties to this contract shall be conditioned on the successful issuance and sale of bonds pursuant to Act 342, Public Acts of Michigan, 1939, as amended, and, if for any reason whatsoever said bonds are not issued and sold within three years from the date of this contract, this contract, except for payment of preliminary expenses and ownership of engineering data, shall be considered void and of no force and effect. In the event that said bonds are not issued and sold, all preliminary legal and engineering costs shall be paid by the TOWNSHIP and the TOWNSHIP shall have ownership, possession and use of all plans and specifications, surveys and other engineering data and materials prepared.

19. The water improvements acquired and constructed in accordance with the provisions of this contract shall be a part of the County System. The TOWNSHIP shall at all times maintain the water improvements to be acquired and constructed hereunder at its own expense for and on behalf of the BOARD. If at any time during the term of this contract the TOWNSHIP refuses or neglects to properly repair or maintain any of the facilities required to be maintained by it hereunder, the BOARD shall in writing order the TOWNSHIP to perform all necessary items of repair and maintenance and, in case of non-compliance with such order within thirty (30) days, the BOARD may proceed with such work and the TOWNSHIP agrees to reimburse the BOARD for any expenses incurred thereby.

20. The BOARD and the TOWNSHIP each recognize that the holders from time to time of the bonds issued by the County under the provisions of Section 5c of Act 342, Public Acts of Michigan, 1939, as amended, to finance the cost of the PROJECT TO BE FINANCED, will have contractual rights in this contract and it is, therefore, covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this contract shall not be subject to any alteration or revision which would in any manner materially affect either the security of the bonds or the prompt payment of principal or interest thereon. The TOWNSHIP and the BOARD further convey and agree that they will each comply with their respective duties and obligations under the terms of this contract promptly at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security thereof, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this contract, insofar as they pertain to the security of any such bonds, shall be deemed to be for the benefit of the holders of said bonds.

21. This contract shall remain in full force and effect for a period of forty (40) years from the date hereof, or until such lesser time as the bonds issued by the County are

(Continued on Page 10)

Crash program starting for sewer compliance

A "crash program" to get compliance throughout the city to provisions of Romulus' Sewer and Water Ordinance has been ordered and approved by Romulus City Council.

A request for immediate and strict enforcement of all current city ordinances, especially the tap-ins to the city's sanitary sewer system, made by Council President Jimmie Raspberry brought instant approval of his council colleagues.

Department of Public Works Director William Pritula was ordered to immediately initiate the crash program in areas where residents have failed or neglected to tap-in with the city's sewer system.

In making his report to council last week, Raspberry said:

"My phone has been ringing quite frequently during the hours of 4 to 11 p.m. People complained about stray dogs, abandoned cars, litter and about sewers. Some of the conditions around our community are worse than township government days. (Raspberry was a member of the old township board).

"As council chairman I do receive many, many calls. One of the most frequent calls

is about the sewer system. I think that residents who have not tap in with the sewer system begiven a court summons.

"The board of health has issued orders that sewer taps must be made. It is a matter of health. The septic tank is outmoded.

"Where the sewer is available the residents are required to tap-in as soon as possible. They have received ample time to do this. The ordinance should be enforced against those who have failed to tap-in our sewer system. This should apply to all whether they are elected officials or not.

"I am sick about being accused of not doing something about it. I am just

one member of the council."

Pritula announced that he has started a compliance program. He said that notices have been sent out to residents informing them that they were sent an earlier notice that sewer and water facilities had been extended in their areas and that they are required to connect to the sewer and water system within 90 days.

The new notices remind the resident that he has not complied with the 90-day notice and is in violation of the ordinance.

The residents who have been found in violation are again being told to take immediate steps to effectuate connection to the city's sewer system or face court action.

WATER CONTRACT cont.

paid in full. At such time within said forty-year term as all of said bonds are paid, this contract may be altered or changed by consent of the parties hereto or may be terminated by such consent. In any event the obligation of the TOWNSHIP to make the payments required by Section 7 of this contract shall be terminated at such time as all of said bonds are paid in full.

22. The TOWNSHIP shall defend, indemnify and save harmless the BOARD from and against any and all claims of any nature whatsoever, including damage to property of the BOARD or injury to or death of employees or agents of the BOARD, arising out of the construction, operation and/or maintenance of the PROJECT TO BE FINANCED.

23. This contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed this day of , 1971.

BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, Michigan

In the presence of:

By _____ Chairman

By _____ Secretary

By _____ Supervisor

By _____ Township Clerk

EXHIBIT A

Van Buren Township - Proposed Water Mains - 1971 Project

Description

MICHIGAN AVENUE: Between New Michigan and Dellor Street and a point on Rawsonville Road. 250 feet north of the N.Y.C.R. right-of-way.

3,575 l.f. 8" water main

WILLOW RUN EXPRESSWAY: From a point 55 feet east of the west property line of Lot 22-A4a to the existing 12 inch W.M. in Morton-Taylor Road.

EXHIBIT B

Principal Amount of \$360,000.00 to be paid by TOWNSHIP to the BOARD in annual installments on April 1st in the year and in principal amounts as follows:

Year Due	Principal Amount	Year Due	Principal Amount
1975	\$10,000	1986	\$15,000
1976	10,000	1987	15,000
1977	10,000	1988	15,000
1978	10,000	1989	15,000
1979	10,000	1990	20,000
1980	10,000	1991	20,000
1981	10,000	1992	20,000
1982	10,000	1993	25,000
1983	10,000	1994	25,000
1984	10,000	1995	25,000
1985	15,000	1996	25,000
		1997	25,000

The TOWNSHIP shall also pay to the BOARD interest on the principal installments unpaid at the rates and at the times specified in paragraph 7 of the contract.

5. A copy of this resolution shall be published in the Belleville Enterprise of Van Buren Township, County of Wayne, Michigan, promptly upon adoption of this resolution.

6. The Supervisor and the Township Clerk of the Township of Van Buren are authorized to execute the contract approved by this resolution upon the expiration of thirty (30) days from the date of publication of this resolution; unless, under the provisions of Section 5c of Act 342, Public Acts of Michigan, 1939, as amended, said execution is stayed by reason of the necessity of prior approval of said contract by the qualified electors of the Township.

7. All resolutions and parts of resolutions insofar as the same may conflict with the provisions of this resolution be and the same hereby are rescinded.

AYES: Trustees Hogan, Maton, Blend and Cullin.

NAYS: Trustees none.

RESOLUTION DECLARED ADOPTED.

Imogene Pence
Deputy Township Clerk

I hereby certify that the attached is a true and complete copy of a resolution adopted by the Township Board of the Township of Van Buren, County of Wayne, Michigan, at a ... Meeting held on , 1971, and that public notice of said meeting was given pursuant to Act No. 261, Public Acts of Michigan, 1968, including in the case of a special or rescheduled meeting notice by publication or posting at least 12 hours prior to the time set for the meeting.

Imogene Pence
Deputy Township Clerk

Summer cost approved

The payment of an additional \$1,000 toward the Van Buren Township Summer Recreation Program costs has been approved by the township board.

The township initiated a larger and much improved summer recreation program. It started June 8 and concluded on Aug. 6.

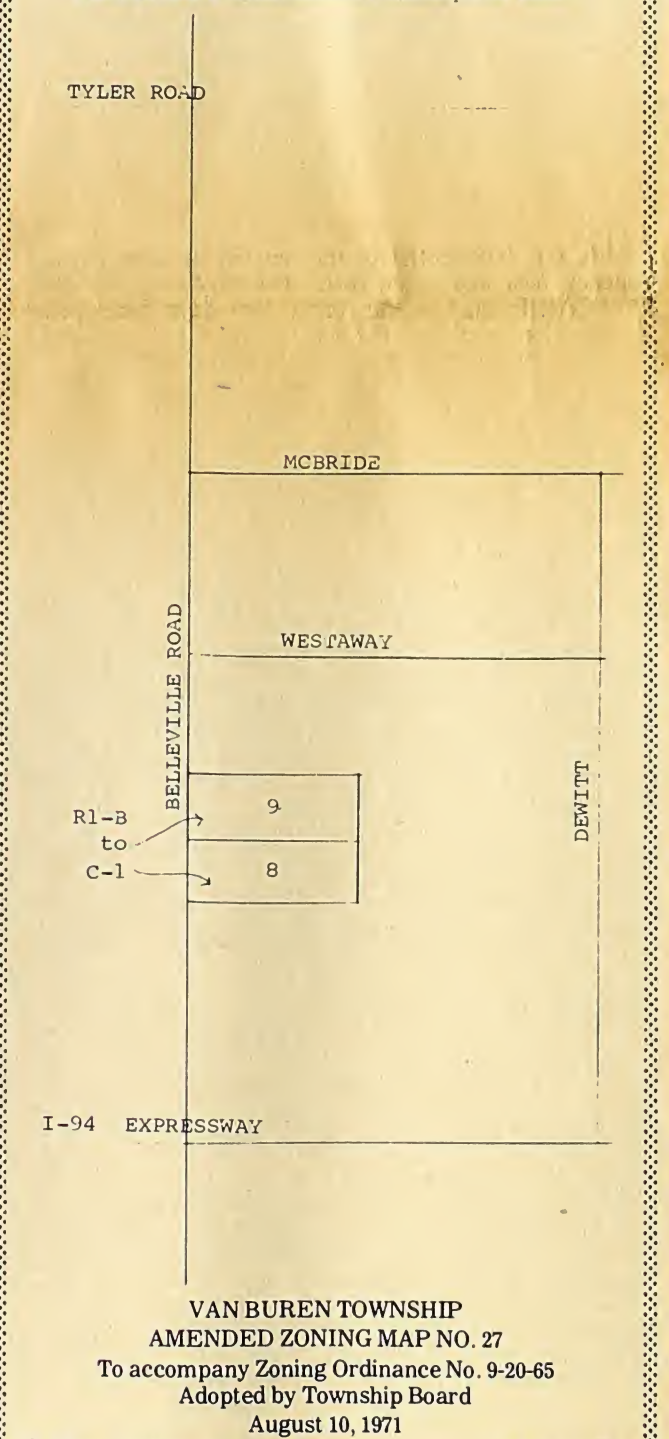

The additional \$1,000 appropriation was approved after the board was told that the program drew widespread community backing and attracted greater participation and interest than anticipated.

The township had previously approved \$5,100 for the program.

The township board also approved the sending of a letter of commendation to Bryan Killingbeck, summer recreation director, for conducting a successful program.

VAN BUREN TOWNSHIP ORDINANCE NO. 9-20-65-27

AN ORDINANCE TO AMEND ORDINANCE No. 9-20-65 BY AMENDING THE ZONING MAP

G. Elton Gollwitzer
Erma J. Payne
Supervisor
Clerk

THE TOWNSHIP OF VAN BUREN ORDAINS:

PART I. That Ordinance No. 9-20-65, known as the Zoning Ordinance of the Township of Van Buren, shall be and hereby is amended by amending the Zoning Map as indicated on the Amended Zoning Map No. 27 hereto and made a part of the Ordinance.

PART II. CONFLICTING PROVISIONS REPEALED. Any ordinance or part of any ordinance in conflict herewith is hereby repealed.

PART III. VALIDITY. Should any section, clause or provisions of the Ordinance be declared by the Court to be invalid, the same shall not affect the validity of this Ordinance as a whole or any part thereof other than the part so declared to be invalid.

PART IV. EFFECTIVE DATE. The provisions of this ordinance are hereby declared to be immediately necessary for the preservation of the peace, health, safety and welfare of the people of the Township of Van Buren and are hereby ordered to be given immediate effect and be in force from and after the earliest date allowed by law and this Ordinance is hereby ordered to be published in the manner prescribed by law.

STATE OF MICHIGAN)

COUNTY OF WAYNE)

I, Erma J. Payne, Clerk of the Township of Van Buren do hereby certify that the foregoing is a correct copy of an Ordinance as passed by the Township of Van Buren at a regular meeting held on August 10, 1971.

Erma J. Payne, Clerk
Van Buren Township

August 18, 1971

CHARTER PRESENTATION — A Charter of Affiliation has been presented to the Sumpter Township Senior Citizens Club. Roger R. Andrews, president the Detroit Metropolitan Council of Senior Citizens (right) is presenting the charter affiliation certificate to Mrs. Vera Smith, president of the Sumpter Senior Citizens Club (Second from left) Looking on are (from left) Mrs. Clara Copening, trustee of the local club; and Elmer Parraghi, Sumpter Township supervisor.

Mahalak garbage bill signed by governor

A bill introduced by state representative Edward E. Mahalak (D) Romulus to tighten state control over garbage and refuse management systems has been signed into law by the governor.

The bill's earlier overwhelming approval in the house was followed by 28 to 2 passage in the senate. Some minor amendments added in the senate were accepted by the house.

Final approval of the bill followed more than two years of work by Mahalak. "There is a definite need for this legislation," Mahalak said. "It is vital to the health and welfare of Michigan citizens. As our population has steadily increased, so has the amount of solid wastes which must be collected, hauled away and disposed of. The problem has become acute, particularly in our cities and suburbs. We must have greater state controls over the collection and disposal of these wastes in order to prevent serious pollution and public health problems."

The bill strengthens a 1965 law, also sponsored by Mahalak, which regulates garbage and refuse dumps. "This latest legislation carries the 1965 law still further by placing stricter controls over the collection and hauling of garbage and refuse," Mahalak noted.

The bill requires the licensing of trucks who collect and haul solid wastes and sets a number of standards for collection and transport. These include requirements that the trucks be built in such way that they will not leak or spill and that they be maintained in a clean and sanitary manner and be as free of odor as possible.

Mahalak said he has had a large number of complaints from citizens having to follow the large refuse hauling trucks. The measure would correct a lot of these complaints.

All refuse trucks will have to carry a license seal from the state department of mental health. The bill exempts vehicles owned by local governments.

It requires surety bonds to insure that sanitary landfills and other disposal areas are properly maintained and has a provision for court injunctions to stop the use of disposal areas that do not meet state standards.

In addition, local units of government of more than 10,000 population will have to have department of public health approval of an operational plan for refuse disposal by July 1, 1973. Such plans would have to meet present and future refuse disposal needs through the year 1990.

The amendments added in

the senate permit local units of government to establish and operate a collection center for junk motor vehicles. These amendments were acceptable to Mahalak.

Mahalak pointed out that the new law would not prevent a person from disposing of garbage and refuse from his own household if it is done on

his own property and does not create a nuisance or health hazard.

"I have been very pleased by the support this bill has received in both the house and senate," he added. "It is quite apparent that other legislators realize the seriousness of the solid waste disposal problem and that something had to be done about it."

BILL TO REGULATE SOLID WASTE APPROVED — State Rep. Edward E. Mahalak (D) of Romulus (left) is congratulated by Governor William G. Milliken on final approval of Mahalak's bill to regulate solid waste management systems. The bill (House Bill 4214) won overwhelming approval in both the house and senate. It strengthens a 1965 law, also sponsored by Mahalak, which upgraded standards for garbage and refuse dumps.

Township raises price of sand removal work

A new 60-day agreement permitting the Newman Sand Co. to continue sand removal operations on township property has been approved by the Van Buren Township Board.

The agreement approved at the board's last meeting sets up a change in sand rates to be charged Newman.

The firm's sand removal operations are at a pit located on Tyler Road.

contract with the new 35 cent rate along with an option to cancel sand removal permit at the end of the first year.

Newman's attorney, Dominic Flynn told the board that Newman required two additional years of operation at the site to earn a return on the firm's investment.

The pit, dredged at the sue by the Newman firm, is to be filled by dirt from the construction of the proposed I-275

Interstate Highway in the eastern portion of the township, which is scheduled to start during the next two years.

Supervisor G. Elton Gollwitzer has been requested by the township board to contact the state highway department and get a determination from highway officials when dirt and other materials from I-275 construction will be available and how much of it.

At the June session, the board voted to boost its charge for sand removal to Newman from 25 to 50 cents-per-yard. The firm was allowed by the township to dispose of its already dragged sand for 25 cents per yard.

In setting the 50-cent rate, the board members told firm representatives that the township's new rate is subject to change if Newman could prove that his firm could not operate at a profit at 50 cents per yard.

The new sand removal rate under the 60-day extension has been set at 35 cents per yard of sand and the same rate for sand already stored on the land site.

After the 60-day extension, the board will study a new

Negotiations awaiting state aid determination

Although negotiations on a new teacher employment contract between the Van Buren Board of Education and the Van Buren Education Association is continuing, final settlement on salaries and benefits must wait until guidelines are announced by Washington.

School Superintendent Dale E. Kaulitz announced Monday that progress has been made in the current negotiation sessions. Negotiating teams met last Tuesday. The meeting lasted until after 1 a.m.

Contract matters tentatively agreed upon are not ready for ratification and salary proposals and benefits have yet to be determined.

Delay in reaching some sort of settlement on these issues is due to the amount of state aid funds for the Van Buren School District which has yet to be determined by Michigan legislature.

President Nixon in a nationwide television address announced a wage and price freeze for the next 90 days.

Teachers resign

The resignations of three teachers received by the Romulus Community School District's administrative staff have been accepted by the Board of Education.

The teachers who have submitted their resignations are Cheryl Olsen Major, Virginia Cloud and Carol Hardy.

Assistant School Superintendent William Jakad presented the resignation at the recent school board meeting and recommended that the resignations be accepted.

VAN BUREN TOWNSHIP SEWER CONTRACT

Township of Van Buren
County of Wayne, Michigan

Minutes of a regular Meeting of the Township Board of the Township of Van Buren, county of Wayne, Michigan, held at the Township Hall on the 10th day of August, 1971, at 8:00 o'clock p.m., Eastern Standard Time.

PRESENT: Trustees Blend, Cullin, Maton and Hogan.
Supervisor Gollwitzer and Treasurer Birk.

ABSENT: Trustees Clerk Payne

The following preamble and resolution were offered by Trustee Hogan and supported by Trustee Treasurer BIRK:

WHEREAS, there exists an imperative need to acquire in the Township of Van Buren, as a part of the Wayne County Metropolitan Sewerage and Sewage Disposal System, additional sewer improvements as hereinafter in the contract more particularly set forth; and

WHEREAS, plans and estimate of cost of said improvements have been prepared by Morris Levine and Associates, consulting engineers of Detroit, Michigan, which said plans and estimate of cost have been reviewed by this Board; and

WHEREAS, this Board has determined, and does hereby reaffirm, that it is necessary for the public health to acquire said sewer improvements in accordance with said plans and estimate of cost; and

WHEREAS, Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended, authorize the execution of contracts between municipal units and the proper county agency providing for the acquisition, construction and financing of sewer improvements; and

WHEREAS, the County of Wayne, acting by and through its Board of Supervisors, and in accordance with Act 342, Public Acts of Michigan, 1939, as amended, by resolution adopted by majority vote of its Board of Supervisors on October 9, 1939, and by Ordinance No. 200 duly adopted on September 29, 1952, authorized and directed that there be established a system of sewage disposal improvements and services, to be known as "Wayne County Metropolitan Sewerage and Sewage Disposal System," and did designate the Board of County Road Commissioners of the County of Wayne, as the agency of the County, to acquire, operate, maintain and improve the System, with all the powers and duties conferred upon such agency by statute; and

WHEREAS, this Board determines it to be in the best interest of the Township to acquire said sewer improvements and to finance the cost thereof in accordance with the provisions of Sections 5a, 5b and 5c of Act 342 Public Acts of Michigan, 1939, as amended; and

WHEREAS, a contract between the Township of Van Buren and the Board of County Road Commissioners of the County of Wayne, providing for the acquisition, construction and financing of said sewer improvements and such matters as are deemed necessary thereto, has been prepared;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Township Board of the Township of Van Buren hereby determines it to be necessary for the public health and safety to acquire the sewer improvements set forth in the contract herein included as a part of this resolution.

2. This Board deems it to be in the best interest of the Township to finance the cost of such improvements in accordance with the provisions of Sections 5a, 5b and 5c of Act 342, Public Acts of Michigan, 1939, as amended.

3. The Township Board hereby approves the plans and estimate of cost of said improvements prepared by Morris Levine and Associates, consulting engineers of Detroit, Michigan.

4. The Township Board does hereby approve the following contract for the acquisition, construction and financing of said sewer improvements.

CONTRACT

THIS CONTRACT, made and entered into this day of A.D., 1971, by and between the BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF WAYNE, Michigan, a public body corporate, acting for and on behalf of the County of Wayne, Michigan, party of the first part (hereinafter referred to as the "BOARD"), and the TOWNSHIP OF VAN BUREN, a municipal corporation in the County of Wayne, State of Michigan, party of the second part (hereinafter referred to as the "TOWNSHIP"),

WITNESSETH:

WHEREAS, the County of Wayne, Michigan, acting by and through its Board of Supervisors and in pursuance of the authority conferred upon it by Acts 342, Public Acts of Michigan, 1939, as amended (hereinafter referred to as "Act 342"), did, by resolution duly adopted by a majority vote of its members-elect on October 9, 1939 and by Ordinance No. 200 duly adopted on September 20, 1952, authorize and direct that there be established a system of sewage disposal improvement and services, to be known as the "Wayne County Metropolitan Sewerage and Sewage Disposal System" (hereinafter referred to as the "County System"), and did designate the BOARD, as the agency for the County, to operate and maintain such System, with all the powers and duties conferred upon such agency by statute; and

WHEREAS, said Ordinance No. 200 specifically provides, in part, as follows, to wit:

"Section 10. To provide for necessary improvements, additions and extensions to the System and the financing thereof, the Board is authorized to prepare plans, details and specifications therefor, to prepare and submit necessary ordinances, resolutions or other documents necessary to the issuance of any of the type of bonds or notes authorized by the provisions of Act 342, Public Acts of 1939, as amended, and to that end is authorized to make and execute contracts, agreements or other documents relating thereto as authorized by the provisions of said Act: Provided, However, that before any bonds or notes are issued or sold, the proceedings authorizing the issuance or sale shall be formally approved by resolution or ordinance of the Board of Supervisors of Wayne County in manner provided by said Act."

and

WHEREAS, because of the extremely rapid growth and development of the area in the County of Wayne located in the TOWNSHIP for industrial, commercial and residential purposes, an imperative need has existed, and does now exist, for additional sanitary sewer facilities to provide for said needs, and it is now necessary to preserve and protect the public health that such additional sanitary sewer needs be financed and constructed; and

WHEREAS, there has been constructed in the County of Wayne, by its Board of Public Works, interceptor sewers which will provide service to the TOWNSHIP in the collection of sewage and the disposal and treatment thereof, the TOWNSHIP having contracted with the County for the purchase of sufficient capacity in said interceptor sewers to provide for its current needs. Said County interceptor sewers are a part of systems designated as the "Downriver Sewage Disposal System" and the "Rouge Valley Sewage Disposal System." The sanitary sewers to be constructed under the provisions of this contract will use the interceptors of the Downriver Sewage Disposal System for the collection and disposal of the sewage emanating therefrom; and

WHEREAS, pursuant to the authorization provided in, said Act 342 and the above-referred to resolutions and ordinance, the County of Wayne, through the BOARD as its duly designated agency and pursuant to contract with the TOWNSHIP, has heretofore constructed certain improvements and additions to the County System located in the TOWNSHIP, which improvements were, and are, vitally necessary to preserve and protect the public health, and which said improvements and additions were financed by the issuance of three series of bonds, designated, respectively, as "Wayne County Metropolitan Sewerage and Sewage Disposal System Bonds (Van Buren Township Section)," dated as of February 1, 1966 and in the aggregate principal amount of \$2,750,000.00,

"Wayne County Metropolitan Sewerage and Sewage Disposal System Bonds (Van Buren Township Section), Series II," dated as of January 1, 1968 and in the aggregate principal amount of \$1,675,000.00, and "Wayne County Metropolitan Sewerage and Sewage Disposal System Bonds (Van Buren Township Section), Series III," dated December 1, 1969, in the original principal amount \$2,000,000.00, which said bonds were secured and payable primarily out of contract payments pledged by the TOWNSHIP and secondarily by the full faith and credit pledge of the County of Wayne, all as authorized by the provisions of said Act 342; and

WHEREAS, the additional sanitary sewers and facilities hereinbefore referred to, which are now necessary to be constructed, are generally described and located as set forth in Exhibit A attached to this contract and made a part hereof; and

WHEREAS, the BOARD has caused plans and estimate of cost of said proposed sewer improvements to be prepared by Morris Levine and Associates, consulting engineers of Detroit, Michigan (hereinafter in this contract called "consulting engineers"), which said estimate of cost is the sum of One Million Nine Hundred Seventy-five Thousand (\$1,975,000.00) Dollars (which said estimate of cost is hereafter referred to in this contract as "estimated cost"); and

WHEREAS, said sewer improvement constitute and will be additions to the County System, and it is the determination and judgment of the BOARD and the TOWNSHIP that said new sanitary sewer improvements should be financed and constructed pursuant to the authorization provided in Act 342 and Ordinance No. 200 hereinbefore referred to, all of said new sewer improvements being vitally necessary to preserve and protect the public health; and

WHEREAS, the execution of this contract has been authorized by resolution of the Township Board of the TOWNSHIP adopted on , 1971, which said resolution has been published in a newspaper of general circulation in the TOWNSHIP, and more than thirty (30) days have elapsed since such publication and no petition for referendum concerning said resolution or this contract has been filed with the Township Clerk of said TOWNSHIP;

NOW THEREFORE, in consideration of the premises and the covenants of each other, the parties hereto agree as follows:

1. The BOARD and the TOWNSHIP hereby approve and confirm the sewer improvements to be acquired and constructed, as set forth in Exhibit A of this contract, and agree that the same shall be acquired and constructed in the manner provided by and pursuant to this contract. The BOARD and the TOWNSHIP further hereby approve and confirm and preliminary plans for said sewer improvement prepared by the consulting engineers and the estimated cost as set forth in the preamble hereto. The acquisition and construction of the sewer improvements herein approved are hereinafter in this contract referred to as PROJECT TO BE FINANCED.

2. The PROJECT TO BE FINANCED and the estimated cost thereof in the sum of One Million Nine Hundred Seventy-five Thousand (\$1,975,000.00) Dollars, as set forth in the preamble to this contract, include all surveys, plans specifications, acquisition of property for rights-of-way, including consequential and abutment damages, if any, and interest on awards, physical construction necessary to acquire and construct the sewer improvements approved and confirmed in Section 1 of this contract, the acquisition of all materials necessary to acquire and construct said sewer improvements, engineering supervision, administrative, legal and financing expenses necessary in connection with the acquisition and construction of said sewer improvements and the financing thereof, and capitalized interest on the bonds hereinafter authorized for a period of twelve (12) months.

3. The BOARD will acquire and construct the sewer improvements approved and confirmed in Section 1 of this contract, and for that purpose will take bids for the acquisition and construction of the improvements prior to the time that any bonds are issued for the purpose of financing the cost of said improvements. The BOARD shall in no event enter into any final contract or contracts for the construction and acquisition of said improvements where such contract price or prices will be such as to cause the cost of the PROJECT TO BE FINANCED to the TOWNSHIP to exceed such cost as estimated herein and set forth in the preamble to this contract, unless the TOWNSHIP by resolution of its Township Board, approved said increased cost and agrees to pay the excess over the estimated cost either in cash or by specifically authorizing the maximum principal amount of bonds to be issued, as provided in Sections 6 and 7 of this contract, to be increased to an amount which will provide sufficient funds to meet the increased total cost and a similar increase in the installment obligations of the TOWNSHIP pledged under the terms of this contract to the payment of such bonds. The sewer improvements shall be acquired and constructed by the BOARD in accordance with the plans and specifications therefor based on plans approved by this contract; provided, However, that minor variations from said plans and specifications may be made without the approval of the TOWNSHIP if such variations shall not materially affect said plans and specifications. All matters relating to engineering plans and specifications, together with themaking and letting of final construction contracts, as well as inspection, construction supervision and approval of work and materials for the sewer improvements specified in paragraph 1 of this contract, shall be in the exclusive control of the BOARD. All acquisition of rights-of-way shall be done by the TOWNSHIP.

4. The TOWNSHIP consents to the use by the BOARD, acting for and on behalf of the County of Wayne, of the public streets, alleys, lands, and rights-of-way in the TOWNSHIP for the purpose of constructing, operating and maintaining said sewer improvements and any enlargements or extensions thereto.

5. Upon completion of the sewer improvements specified in the preamble and approved in Section 1 of this contract, the TOWNSHIP shall operate and maintain said improvements for and on behalf of the BOARD at its sole expense. The sanitary sewage collected by said sewers will be transported through the interceptors of the County of Wayne that are a part of the Downriver Sewage Disposal System referred to in the preamble hereto and presently disposed of and treated through the treatment facilities of the Wyandotte Sewage Treatment Plant. The TOWNSHIP is obligated by contract, and does hereby again agree, to pay the sewage disposal rate established for said service from time to time by the Board of Public Works of the County of Wayne, as well as such other service charges as may be so established. By reason thereof, no charge for such service shall be established by the BOARD and the sole obligation of the TOWNSHIP in such respect is to pay said sewage disposal rate and other service charges as established from time to time by the Board of Public Works, or its successor.

materially affect said plans and specifications. All matters relating to engineering plans and specifications, together with the making and letting of final construction contracts, as well as inspection, construction supervision and approval of work and materials for the sewer improvements specified in paragraph 1 of this contract, shall be in the exclusive control of the BOARD. All acquisition of rights-of-way shall be done by the TOWNSHIP.

6. To carry out and accomplish the PROJECT TO BE FINANCED in accordance with the provisions of Act 342, Public Acts of Michigan, 1939, as amended, the BOARD shall take the following steps:

(a) The BOARD shall immediately take all steps necessary to take bids for and enter into and execute final construction contracts for the acquisition and construction of the sewer improvements specified in the preamble and approved in Section 1 of this contract, in

accordance with the plans and specifications therefor based on the plans as approved by this contract. Said final construction contracts shall specify a completion date of the sewer improvements.

(b) The BOARD will require and procure from the contractor or contractors undertaking the actual construction and acquisition of the sewer improvements necessary and proper bonds to guarantee the performance of the contract or contracts and such labor and materials bonds as may be required by law, in such amount and such forms as may be approved by the BOARD.

(c) The BBOARD will submit to the Board of Commissioners of the County of Wayne an ordinance or resolution providing for the issuance of bonds in the aggregate principal amount of \$1,975,000.00 (except as authorized pursuant to this contract), said bonds to mature serially as authorized by law and to be issued in anticipation of the installment payments to be made by the TOWNSHIP as hereinafter provided in this contract, and to be secured primarily by the contractual obligation of the TOWNSHIP to pay the installments due, plus interest, as hereinafter provided in this contract, and secondarily, if approved by a majority of the members-elect of the Board of Commissioners, by the full faith and credit of the County of Wayne. After due adoption of the bond ordinance or resolution, the BOARD will take all legal procedures and steps necessary to effectuate the sale and delivery of said bonds.

(d) The BOARD, upon receipt of the proceeds of sale of the bonds, will comply with all provisions and requirements provided for in the ordinance or resolution authorizing issuance of the bonds and this contract relative to the disposition and use of the proceeds of sale of the bonds.

7. The cost of the sewer improvements referred to in the preamble to this contract shall be charged to and paid by the TOWNSHIP to the BOARD, in the manner and at the times herein set forth. The said cost thereof (presently estimated at \$1,975,000.00) shall be paid to the BOARD, as the agency of the County, in annual principal installments, plus interest and other expenses as hereinafter provided. The principal installments shall be as specified in Exhibit B (or any revision thereof made pursuant to paragraphs 8 and 9 of this contract) attached to this contract and made a part hereof by reference.

It is understood and agreed that the bonds of the County hereinbefore referred to will be issued in anticipation of the payment of the annual installments herein provided and as set forth in Exhibit B, with principal maturities on May 1st of each year, commencing with the year 1975, equal to the principal amount of the annual installments due on the preceding April 1st of such year, and bearing interest at the rate or rates determined on public sale thereof, payable on May 1st and November 1st of each year.

It is further understood and agreed that the TOWNSHIP shall also pay to the BOARD as the agency of the County, in addition to the principal installments as specified in Exhibit B, on April 1st and October 1st of each year, as accrued interest on the principal installments remaining unpaid, an amount sufficient to pay all interest due, not capitalized, on the next succeeding interest payment date (May 1st and November 1st, respectively), on said County bonds from time to time outstanding. From time to time as the BOARD is billed by the paying agent or agents for the County bonds to be issued for their services as paying agent, or registering bonds, and as other costs and expenses accrue to the BOARD from handling of the payments made by the TOWNSHIP, the BOARD shall notify the TOWNSHIP of the amount of such paying agency fees and other costs and expenses, and the TOWNSHIP shall, within thirty (30) days from such notification, remit the BOARD sufficient funds to meet such paying agency fees and other costs and expenses.

The BOARD shall, within thirty (30) days after the delivery of the County bonds hereinbefore referred to, furnish the TOWNSHIP with a complete schedule of said installments and the interest thereon due on the dates above set forth, and shall also, at least thirty (30) days prior to the due date of any such installment of principal and interest, or interest, advise the TOWNSHIP in writing of the exact amount due of said date. The failure to give such notice shall not, however, excuse the TOWNSHIP from making its required payments when due under the provisions hereof.

If any installment payment as herein provided is not paid when due, the amount so not paid shall be subject to a penalty, in addition to interest, of one-half of one per cent (1/2 of 1 %) thereof for each month of fraction thereof that the same remains unpaid after the due date.

8. If the proceeds of sale of the original County bonds authorized by this contract are for any reason insufficient to complete the acquisition and construction of the PROJECT TO BE FINANCED in accordance with the plans and specifications therefor, the BOARD shall, if necessary, submit to the Board of Commissioners of Wayne County a resolution providing for the issuance and sale of additional County bonds in an amount necessary to provide sufficient funds to complete the PROJECT TO BE FINANCED, in which event the duties and obligations of the BOARD and the TOWNSHIP as expressed and set forth in this contract shall be applicable to such additional issue of bonds as well as the original issue, it being at all times fully recognized and agreed that the payments to be made by the TOWNSHIP in the manner specified in paragraph 7 of this contract shall be based upon the cost of the PROJECT TO BE FINANCED. Any such additional bonds shall mature serially on May 1st, and the installment maturing on the April 1st preceding said May 1st, as shown by Exhibit B, shall be increased by the principal amount of such additional bonds maturing on said May 1st. All the provisions of paragraph 7 of this contract shall be applicable to said increased amounts. Immediately upon the issuance of such additional bonds, the BOARD shall furnish and supply the TOWNSHIP a document, entitled "Revised Exhibit B," specifying the new schedule of installments, increased as herein authorized, which shall be substituted and take the place of the present Exhibit B and the installments therein specified.

9. In the event, by reason of favorable construction bids received, Federal or State grants, or any other reason, it is not necessary to issue the County bonds in the full amount of \$1,975,000.00, based upon the present estimated cost, but such bonds are authorized and issued in such lesser principal amount as may be necessary to pay the cost of the PROJECT TO BE FINANCED, the installment payments to the TOWNSHIP, as provided in paragraph 7 and Exhibit B of this contract, shall be reduced so that the installment payment due on April 1st of each year shall correspond to the principal amount of the bonds maturing on the next succeeding May 1st. All the provisions of paragraph 7 of this contract shall be applicable to said reduced installments the same as though such installments were originally in said reduced amounts. In such event, the BOARD shall furnish and supply the TOWNSHIP a new Exhibit B specifying the new schedule of installments, reduced as herein authorized, which shall be substituted and take the place of the present Exhibit B and the installments therein specified.

It is fully understood and agreed by the BOARD and the TOWNSHIP that the principal amount of the annual installments, as specified in Exhibit B and due on April 1st of each year, shall at all times correspond to the principal amount of the bonds due on the following May 1st.

10. The TOWNSHIP, pursuant to the authorization of Section 5a of Act 342, Public Acts of Michigan, 1939, as amended, irrevocably pledges its full faith and credit for the prompt and timely payment of its obligations expressed in this contract, and, except as hereafter provided, shall each year, commencing with the year 1972, levy an ad valorem tax on all the taxable property in

the TOWNSHIP in an amount which, taking into consideration estimated delinquencies in tax collections, will be sufficient to pay its obligations under this contract becoming due before the time of the following year's tax collections. Such annual levies, by virtue of the authorization of Section 6, Article IX of the Michigan Constitution of 1963, shall be without limitation as to rate or amount, being for the purpose of providing funds to meet the contractual obligations of the TOWNSHIP, in anticipation of which the County bonds hereinbefore referred to are issued. Nothing herein contained shall be construed to prevent the TOWNSHIP from using any, or any combination of, the means and methods provided in Section 5a of said Act 342, Public Acts of Michigan, 1939, as now or hereafter amended, for the purpose of providing funds to meet its obligations under this contract, and if at the time of making the annual tax levy there shall be other funds on hand earmarked and set aside for the payment of the contractual obligations due prior to the next tax collection period, then such annual tax levy may be reduced by such amount, or if sufficient of such funds are so on hand and earmarked to provide for the full payment of the contractual obligations due prior to the next tax collection period, then no tax levy need be made for such year.

11. The TOWNSHIP may pay in advance any of the payments required to be made by this contract, in which event the BOARD shall credit the TOWNSHIP with such advance payment on future-due payments to the extent of such advance payment.

12. The TOWNSHIP may pay additional moneys over and above any of the payments specified in this contract, with the written request that said additional funds be used to call bonds for redemption prior to maturity, in which event the BOARD shall be obligated to apply and use said moneys for such purpose. Such moneys shall not then be credited as advance payments under the provisions of Section 11 of this contract.

13. In the event the TOWNSHIP shall fail for any reason to pay the BOARD at the times specified the amounts required to be paid by the provisions of this contract, the BOARD shall immediately notify in writing both the County Treasurer of the County of Wayne and the Township Treasurer of such default, and the amount thereof, and if such default is not corrected within ten (10) days after such notification, the County Treasurer or other official charged with disbursement to the TOWNSHIP of funds derived from the state sales tax levy under the law and payable to the TOWNSHIP pursuant to Section 10, ARTICLE IX of the Michigan Constitution of 1963, is by these presents specifically authorized by the TOWNSHIP to withhold funds to the maximum amount necessary to cure said deficit derived from such sales tax levy and returnable to the TOWNSHIP, and to pay said sums so withheld to the BOARD, to apply on the obligations of the TOWNSHIP, as herein set forth. Any such moneys so withheld and paid shall be considered to have been returned to the TOWNSHIP within the meaning of the Michigan Constitution of 1963, the purpose of this provisions being solely to voluntarily authorize the use of said funds owing to the TOWNSHIP to meet past-due obligations of the TOWNSHIP due under the provisions of this contract. In addition to the foregoing, the BOARD shall have all other rights and remedies provided by law to enforce the obligation of the TOWNSHIP to make its payments in the manner and at the times required by this contract.

14. It is specifically recognized by the TOWNSHIP that the payments required to be made by it pursuant to the terms of Section 7 of this contract are to be pledged for and used to pay the principal of and interest on the bonds to be issued by the County, as provided by this contract and authorized by law, and the TOWNSHIP covenants and agrees that it will make its required payments to the BOARD promptly and at the times herein specified, without regard to whether the PROJECT TO BE FINANCED is actually completed or placed in operation.

15. Nothing herein contained shall in any way be construed to prevent additional financing under the provisions of Act 342, Public Acts of Michigan, 1939, as amended, or any other law, for the purpose of constructing all or any portion of additional necessary sanitary sewer improvements.

16. After completion of the PROJECT TO BE FINANCED and payment of all costs thereof, any surplus remaining from the proceeds of sale of bonds shall be used by the BOARD for either of the following purposes, at the option of and upon request made by resolution of the Township Board of the TOWNSHIP, to wit: (a) for additional sewer and sewage disposal facilities in the TOWNSHIP, subject to approval of the BOARD, or (b) credited by the BOARD toward the next payments due the BOARD by the TOWNSHIP hereunder.

17. All contracts for connection to the sewer improvements, whether such connections are made during construction or after the sewer improvements are placed in operation, shall be made by the TOWNSHIP. The actual costs of such connections shall be paid by the TOWNSHIP except to the extent that the costs of such connections are included in the cost of the PROJECT TO BE FINANCED.

18. The obligations and undertakings of each of the parties to this contract shall be conditioned on the successful issuance and sale of bonds pursuant to Act 342, Public Acts of Michigan, 1939, as amended, and if for any reason whatsoever said bonds are not issued and sold within three (3) years from the date of this contract, this contract, except for payment of preliminary expenses and ownership of engineering data, shall be considered void and of no force and effect. In the event that said bonds are not issued and sold, all preliminary legal and engineering costs shall be paid by the TOWNSHIP and the TOWNSHIP shall have ownership, possession and use of all plans and specifications, surveys and other engineering data and materials prepared.

19. The sewer improvements acquired and constructed in accordance with the provisions of this contract shall be a part of the County System. The TOWNSHIP shall at all times maintain the sewer improvements to be acquired and constructed hereunder at its own expense for and on behalf of the BOARD. If at any time during the term of this contract the TOWNSHIP refused or neglects to properly repair or maintain any of the facilities required to be maintained by it hereunder, the BOARD shall, in writing, order the TOWNSHIP to perform all necessary items of repair and maintenance, and in case of non-compliance with such order within thirty (30) days, the BOARD may proceed with such work, and the TOWNSHIP agrees to reimburse the BOARD for any expenses incurred thereby.

20. The BOARD and the TOWNSHIP each recognize that the holders from time to time of the bonds issued by the County under the provisions of Section 5c of Act 342, Public Acts of Michigan, 1939, as amended, to finance the cost of the PROJECT TO BE FINANCED, will have contractual rights in this contract, and it is, therefore, covenanted and agreed by each of them that so long as any of said bonds shall remain outstanding and unpaid, the provisions of this contract shall not be subject to any alteration or revision which would in any manner materially affect either the security of the bonds or the prompt payment of principal or interest thereon. The TOWNSHIP and the BOARD further covenant and agree that they will each comply with their respective duties and obligations under the terms of this contract promptly at the times and in the manner herein set forth, and will not suffer to be done any act which would in any way impair the said bonds, the security therefor, or the prompt payment of principal and interest thereon. It is hereby declared that the terms of this contract insofar as they pertain to the security of any such bonds shall be deemed to be for the benefit of the holders of said bonds.

21. This contract shall remain in full force and effect for

(Continued on Page 12)

Services held for drowning victim

Funeral services for Michael E. Supina, 16, who drowned Aug. 10 in an abandoned gravel pit in Ypsilanti were held Tuesday, Aug. 13 at the Roberts Bros. Funeral Home, Belleville. Burial was in Aban Cemetery.

Rev. J. Charles Dibley, pastor of the United Methodist Church of Belleville, officiated at the services.

Supina, who resided at 20375 Sumpter Rd., Belleville, died at 1:20 p.m. in the pit, located about 200 yards east of Bunton Rd. near Woodland Ct.

He was swimming with five of his friends and was in the center of the water-filled pit when the tragedy occurred.

State police officers reported that he was doing a

back stroke in an effort to reach Dennis M. Komora, 16, of 20423 Sumpter Rd. who was on a sand bar in the middle of the gravel pit.

Efforts by his friends to rescue him were unsuccessful. Supina, whose body was recovered by two of his companions, was underwater for approximately five minutes. He was pronounced dead at the scene by Dr. William Barss of Ypsilanti, deputy medical examiner.

Michael is survived by his parents, Mr. and Mrs. Michael Francis Supina, a sister, Mrs. Patricia Wessling of Westland and maternal grandparents grandmother, Mrs. Bertha Mengus of Milan.

Romulus school talks suspended a week

The Romulus Board of Education negotiating team and Romulus Education Association negotiators met in mediation with a representative of the State Labor Relations Commission Monday.

It was agreed by all parties that negotiations would be suspended for one week until guidelines on wages and prices have been announced from Washington.

Assistant School Superintendent William Jakad reported that the board of

education would comply with President Nixon's request and that salaries and benefits would be maintained on the 1970-71 level until further instructions are received from Washington.

As announced previously the board of education has set Sept. 7 as the day for the opening of Romulus Community Schools for the 1971-72 school year.

Teachers are to report on Sept. 7 with students reporting for the start of classes on Sept. 8.

Inspection in progress

Officials of the Norfolk and Western Railroad have begun inspection sessions at four railroad crossings in Van Buren Township Tuesday.

officials for the purpose of determining safeguards and other safety features for the crossings.

The railroad crossings currently involved are located at Martinsville Road, Sumpter Road, Martz Road and Bemis Road.

The inspections at the four separate railroad crossings are being held with interested citizens and local government

SEWER CONTRACT cont.

a period of forty (40) years from the date hereof, or until such lesser time as the bonds issued by the County are paid in full. At such time within said forty-year term as all of said bonds are paid, this contract may be altered or changed by consent of the parties hereto, or may be terminated by such consent. In any event, the obligation of the TOWNSHIP to make the payments required by Section 7 of this contract shall be terminated at such time as all of said bonds are paid in full.

22. The TOWNSHIP shall defend, indemnify and save harmless the BOARD from and against any and all claims of any nature whatsoever, including damage to property of the BOARD or injury to or death of employees or agents of the BOARD, arising out of the construction, operation and/or maintenance of the PROJECT TO BE FINANCED.

23. This contract shall inure to the benefit of and be binding upon the respective parties hereto, their successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this contract to be executed the day and year first above written.

EXHIBIT A

Van Buren Township - Proposed Sanitary Sewers - 1971 Project

Description

Van Buren Road: 8,350 lineal feet of 21-inch sewer from the west property line of Lot 2-CD6 to Belleville Road.

Belleville Road: 2,000 lineal feet of 21-inch sewer from Van Buren Road to the northern boundary of Van Buren Township.

Northern Boundary: 10,165 lineal feet of 21-inch sewer from Belleville Road to the intersection of Michigan Avenue and Denton Road.

Denton Road: 2,300 lineal feet of 12-inch sewer from Michigan Avenue to the north property line of Lot 6-16a.

Cross Street: 1,350 lineal feet of 12-inch sewer between Denton Road and Cemetery Road.

Western Street: 1,750 lineal feet of 10-inch sewer between the south property line of Lot 6-66 and the north property line of Lot 6-49.

Gilmore Street: 1,900 lineal feet of 10-inch sewer between the south property line of Lot 6-88 and the north property line of Lot 6-18.

Cemetery Road: 500 lineal feet of 12-inch sewer between Cross Street and Michigan Avenue.

U.S. 12 Bypass: 1,720 lineal feet of 12-inch sewer and 975 lineal feet of 10-inch sewer between Cemetery Road and Cedar Street.

BLUE RIBBONS WINNERS — 4-H members from Wayne County (Romulus and Belleville and Wayne) took top honors at the 4-H District Fun Festival held at Ypsilanti High School last Friday night. The winners are (front row, from left) Jill Newport, 9;

Jody Newport, 10; Karen Day, 9; Lisa Melcher, 11; and Debbie Caudle, 16. Middle row (from left) Karen Rooks, 16. Back row (from left) Dick Baisch, 16; Paula Jones, 17; Carla Hay, 15; Pam Melcher, 15.

4-H'ers PERFORM AT FUN FESTIVAL — 4-H District Fun Festival was held Friday in Ypsilanti. Performing as a trio with guitar at the festival were 4-H members from Belleville and Wayne. They are (from left) Dick Baisch, Debbie Caudle and Kim Spahr. Their next performance will be tonight

(Wednesday) at the Wayne County 4-H Fair along with other acts. Kim and Dick are members of the Mustangs 4-H Club, Belleville; and Debbie is a member of the Galloping Comedians 4-H Club, Belleville, and resident of Wayne.

Taxi cab, cycle shop get licenses

A 1971 taxi cab license has been approved by Romulus City Council for the ElAmeen Taxi Co., of 35609 Goddard Rd., owned by Theodore ElAmeen.

The council also approved a 1971 license for Gary's Cycle Shop, located at 35947 Goddard Rd. Romulus.

Senior plan ok

A request by the Belleville Senior Citizens to use the Van Buren Township Fire Hall No. 1, located on Fourth Street off Main Street has been approved by the township board.

The Senior Citizens want to use the fire hall Sept. 16 and 17 for a garage sale.

Institute begins

In hopes of bringing improved environmental education to thousands of community college students in southeastern Michigan Wayne State University's College of Engineering has begun a program to teach teachers.

Dr. Stephen R. Davis, 45320 Sunrise Lane, Belleville.

Romulus residency needed for city work

An ordinance establishing a residency requirement for city officers and employees has been approved by the Romulus City Council.

The new ordinance provides for exceptions and variances on employment of personnel and contracting for professional services.

The new ordinance provides for exceptions and variances on employment of personnel and contracting for professional services.

The ordinance, as approved, states that no person who is not a resident and elector of the City of Romulus shall henceforth be eligible for appointment as an officer for the city except as provided by the new regulations.

And no person who is not a bona fide resident of the city shall be eligible for employment by the city as an employee except unless terms of the new ordinance are complied with.

Provisions of the new law does not apply to professional persons employed by the city under contract, including, but not limited to engineers, surveyors, planning directors or consultants, attorneys, doctors, nurses, auditors, accounts employed under contract.

The Urban Renewal director is excluded under the ordinance.

The new employment regulations permit the city to suspend provision of the new ordinance as to any employee

or partial employee due to scarcity of suitable residences in the city and secondly hardship cases.

The city can employ non-residents of the city as employees on condition that such employee establish bona fide residence in the city within one year or less from the start of his or her employment.

Persons now employed by the city who are not residents of the city on the effective date of the ordinance, shall be eligible for continued employment after Aug. 4 (effective date of the new regulations) if, on or before Aug. 4 the employee shall have established city residence.

Both locations will have boiler temperature alarm contacts and heat sensing devices as recommended by C.N.A., and both installations to be monitored 24 hours per day, 7 days per week by ADT at their central office. Installations to be completed by August 30, 1971. Ayes: 7. Nays: 0 Motion carried.

Discussion of a future Bonding Program was postponed until the August 23rd meeting.

8-71-13 Motion by Lovette supported by Budd that the meeting be adjourned. Ayes: 7. Nays: 0. Motion carried.

Meeting adjourned at 10:30 p.m.

Respectfully submitted,

Davis B. Draper, Secretary

Board of Education

VAN BUREN TOWNSHIP NOTICE OF PUBLIC HEARING

Notice is hereby given that the Van Buren Township Planning Commission will hold a Public Hearing on the following described property zoned C-2 (planned shopping) to R-M (multiple dwelling) to amend the zoning ordinance No. 9-20-65 by amending the zoning map as follows:

Parcel: South side of Ecorse between Haggerty and Morton Taylor

A parcel of land in the NW 1/4 of Section 11, T3S, R8E, Van Buren Township, Wayne County, Michigan, described as:

Beginning at a point on the N and S 1/4 line of said Section 11, distant N 0 degrees 49' 01" W 1332.02 ft. from the center post of Section 11; thence S89 degrees 58' 02" W 300.01 ft.; thence N 0 degrees 49' 01" W 1108.00 ft. to a point on the S line of Ecorse Road 260.80 ft. wide; thence along said S line N. 89 degrees 47' 11" E. 300.00 ft. to a point on the N. and S. 1/4 line of said Section 11 where Ecorse Road is 259.95 ft. wide; thence along said N. and S. 1/4 line S 0 degrees 49' 01" E. 1108.94 ft. to point of beginning, except any part thereof taken, used or deeded for any governmental purposes. Containing 7.634 acres.

A Public Hearing will be held in the Council Room, 46425 Tyler Road, Van Buren Township, County of Wayne, Belleville, Michigan on Wednesday the 15th day of September, 1971 at 8:00 P.M.

Irving Wallace, Chairman
Planning Commission
Erma J. Payne, Clerk
Van Buren Township

The TOWNSHIP shall also pay to the BOARD interest on the principal installments unpaid, at the rates and at the times specified in paragraph 7 of the contract.

5. A copy of this resolution shall be published in the Belleville Enterprise, of Belleville, Michigan, promptly upon adoption of this resolution.

6. The Supervisor and the Township Clerk of the Township of Van Buren are authorized to execute the contract approved by this resolution upon the expiration of thirty (30) days from the date of publication of this resolution, unless, under the provisions of Section 5b of Act 342, Public Acts of Michigan, 1939, as amended, said execution is stayed by reason of the necessity of prior approval of said contract by the qualified electors of the Township.

7. All resolutions and parts of resolutions insofar as the same conflict with the provisions of this resolution be and the same hereby are rescinded.

AYES: Trustees Blend, Cullin, Hogan and Maton. Treasurer Birk.

NAYS: Trustees none.

RESOLUTION DECLARED ADOPTED.

Imogene Rence
Deputy Township Clerk

I hereby certify that the attached is a true and complete copy of a resolution adopted by the Township Board of the Township of Van Buren, County of Wayne, Michigan, at a regular Meeting held on August 10, 1971, and that public notice of said meeting was given pursuant to Act No. 261, Public Acts of Michigan, 1968, including in the case of a special or rescheduled meeting notice by publication or posting at least twelve hours prior to the time set for the meeting.

Imogene Rence
Deputy Township Clerk

Romulus Community Schools

Romulus, Michigan 48174

Regular Meeting

August 12, 1971

Organizational Meeting of the Board of Education held July 12, 1971, was called to order by Superintendent of Schools at 7:00 p.m.

Roll call showed all members present; also Messrs. McConeghy and Janack.

ELECTION OF OFFICERS:

President: Member Christensen nominated Carl Morris for office of President.

Member Budd nominated Jason Lovette for office of President.

There being no additional nominations; nominations closed and votes cast by secret ballot. Tally of votes: Morris - 4. Lovette - 3.

Carl W. Morris will serve as President of Board of Education for 1971-72 school year.

Vice-President: Member Draper nominated Gerald Budd for office of Vice-President.

Member Boger nominated Jason Lovette for office of Vice-President.

There being no additional nominations; nominations for Vice-President closed and votes cast by secret ballot. Tally of votes: Budd - 5. Lovette - 2.

Gerald Budd will serve as Vice President of Board of Education for 1971-72 school year.

Secretary: Member Morris nominated Davis B. Draper for office of Secretary.

Motion by Budd supported by Morris that nominations for office of Secretary be closed. Motion carried unanimously.

Votes cast by secret ballot, tally of votes: Draper - 7.

Davis B. Draper will serve as Secretary of Board of Education for 1971-72 school year.

Treasurer: Member Draper nominated Jason P. Lovette for office of Treasurer.

Motion by Budd supported by Christensen that nominations be closed and Jason Lovette elected to office of Treasurer by unanimous vote. Motion carried unanimously.

Jason P. Lovette will serve as Treasurer of Board of Education for 1971-72 school year.

DESIGNATION OF DEPOSITORY:

Motion by Draper supported by Christensen moving appropriate resolution authorizing designation of Manufacturers' National Bank as depository for Commercial Account; two signatures required to be either president or secretary together with treasurer; further, investment of other funds to be left to discretion of Superintendent of Schools providing such investments are made with institution offering highest rate of interest. Motion carried unanimously.

MEETING RECESSED UNTIL 7:30 P.M.

Regular Meeting of Board of Education held July 12th was called to order by President Morris at 7:30 P.M. in board offices with all members and Messrs. McConeghy and Janack present.

Letter dated July 1, from Mrs. N. Suessine requesting placement on agenda. Deferred until 8:00 p.m.

Letter dated July 1 from County Board of Canvassers enclosing Official Statement of votes as re-counted on July 28th.

Motion by Draper supported by Budd approving Minutes of the June 1 and 28th meetings as presented; and approving June 14th minutes as corrected. Motion carried unanimously.

Motion by Budd supported by Canejo authorizing payment of regular bills of \$503,715.48 when funds are available. Motion carried unanimously.

Motion by Budd supported by Draper authorizing payment of 1968 Building and Site bills of \$3,701. Motion carried unanimously.

Motion by Draper supported by Budd authorizing payment of Adult Driver Education bills of \$115.00. Motion carried unanimously.

Motion by Budd supported by Draper authorizing payment of the following:

Title I	\$13,309.65
Title II	990.00
Voc. Occup. Guidance	1,103.50
Continued Education	108.71
Section III-Romulus E1	1,407.50
Gordonier	1,705.63
Beverly	2,013.15
Spring Head Start	3,124.47
Breakfast Programs:	
Gordonier	257.07
Romulus E1	263.96
Beverly	269.83
	\$24,553.47

Motion carried unanimously.

The superintendent recommended levying total millage available for operational purposes which is 8.9 mills allocated and 19 additional mills voted - a total of 27.9 mills. He also recommended that debt levy be reduced to 2.2 mills.

General discussion about levying only 2.2 mills and depleting reserve fund.

Motion by Canejo supported by Christensen to levy total of 30.9 mills for 1971-72 fiscal year; operation - 27.9 and debt - 3.0. Ayes: 4. Nays: Morris, Boger, Lovette. Motion carried.

8:18 P.M. AUDIENCE DISCUSSION: Nothing from audience.

Mr. Barr, Principal of Merriman Elementary, addressed board presenting a request from Merriman PTA to institute "hot lunch" program at Merriman, inasmuch as ½ hour lunch period does not allow sufficient time to walk to and from home.

PTA is suggesting that inasmuch as they do not qualify for federally funded program, they would like to institute program introduced by Mass Fedding Corporation which offers a low cost, high nutritional school lunch.

MFC installs its own equipment and retains ownership of same.

Lunches would cost 46¢; 5¢ of which would be reimbursed to school district and would help defray cost of one cafeteria employee necessary to run program.

Necessary to install some special wiring for oven and freezer used in program at board expense.

Menu will be published in PTA paper; only one lunch offering per day, however, it will be different each day. Lunch count taken at start of morning session will enable cook to prepare correct number.

Motion by Draper supported by Budd that action on proposal be deferred until next meeting at which time a representative of MFC be present. Motion carried unanimously.

Superintendent recommended that board authorize application to borrow \$450,000 on 1971-72 State Aid to meet operating expenses through first payroll in September. Loan to be dated July 22nd in order to have sufficient funds to meet July 23rd payroll.

Letters sent to local banks requesting interest rates on such loan, should it be approved as follows: Michigan National Bank of Flint - 3.64 per cent

Security Bank and Trust - 3.38 per cent

Manufacturers National Bank of Detroit - 3.20 per cent

Member Lovette asked about possibility of receiving money as needed in order to save on interest. Superintendent will check.

Motion by Draper supported by Christensen moving appropriate resolution to authorize borrowing \$450,000 of 1971-72 State Aid upon approval of application. Loan to be secured through Manufacturers National Bank at interest rate of 3.20 per cent, lowest bidder. Motion carried unanimously.

Superintendent recommended board adopt resolution authorizing school district to apply for \$1,500,000 in Tax

Anticipation Notes against taxes payable December 1, 1971. Money to be paid back by April 1, 1972.

Motion by Draper supported by Canejo moving appropriate resolution necessary to borrow \$1,500,000 in Tax Anticipation Notes dated September 1, 1972 and payable on or before April 1, 1972. Motion carried unanimously.

Mrs. Burton addressed board re Wayne County Community College; reporting on first and second semesters of operation last year; and requesting opportunity to provide center here in Romulus again this year - using Romulus High School for class - room space: Community School Director to admister program and secretaries in federal office to take care of registration.

Motion by Lovette supported by Draper approving use of school facilities by Wayne County Community College without charge. Motion carried unanimously.

Superintendent requested direction from Board of Education relative to presenting bond issue to electorate again.

Decided that part of August 9th agenda be devoted to discussion of bond issue.

Superintendent recommended that board re-vamp and up-date school policies, and final outcome be formally adopted and printed.

Member Lovette suggested a two member committee to screen policy as assembled; then upon opening of school, involve REA, student groups, etc., and arrive at definite policy to be recommended for adoption by board. Suggested that National School Board Association has professional service of this type which might be worth looking into.

Motion by Draper supported by Budd authorizing superintendent to investigate professional service offered by NSBA to review board policy and make recommendations. Motion carried unanimously.

Motion by Budd supported by Boger that student hand-book have bus discipline policy added. Motion carried unanimously.

Dues for 1971-72 school year are due Michigan Association of School Boards. Dues are based on student enrollment.

Motion by Draper supported by Lovette authorizing payment of \$960.00 dues for 1971-72 membership in MASB. Motion carried unanimously.

Discussion of alarm systems as proposed by several companies. Director of M & O recommended installing Security Control, Inc. as needed in high school and junior high school.

Motion by Christensen supported by Draper to accept recommendation of Director of M & O and install Security Control, Inc. in Junior and Senior High Schools. Ayes? 4. Nays: Canejo, Lovette and Boger. Motion carried.

Window Shades: Tabled until next meeting.

Annual bids for milk, gasoline, anti-freeze, fuel oil motor oil, etc., were received and opened.

Motion by Budd supported by Christensen that bids be taken under advisement pending recommendation of Director of M & O. Motion carried unanimously.

Member Budd reported on Semcog.

Motion by Christensen supported by Boger that Member Budd be named delegate to SEMCOG for coming school year with Member Draper acting as alternate. Motion carried unanimously.

Board convened in Executive Session at 10:50 p.m. with Member Draper excused.

The board reconvened in General Session at 11:14 p.m. with Member Draper excused.

Motion by Budd supported by Christensen that meeting be adjourned. Motion carried unanimously.

The meeting adjourned at 11:15 p.m.

Special Meeting of Board of Education held July 26th was called to order by President Morris at 7:35 p.m.

Roll call showed Members Boger, Canejo and Lovette absent. Messrs. Janack and Jakad were present.

Letter received July 7th addressed to Mrs. Burton from Thomas Lindeman dealing offer of position as Community School Director. Item of information.

MEMBER BOGER ENTERED MEETING AT 7:37 P.M.

Letter dated July 15th from MASB re election of member to MASB Board of Directors. Item of information.

Letter dated July 21st from Deputy Clerk, City of Romulus requesting board approval to change polling place of Precinct No. 4 to Merriman School.

Motion by Budd supported by Draper to notify office of Deputy Clerk, City of Romulus, that Board agrees to relocate polling place of Precinct No. 4 to Merriman Elementary School; and to the split of the precinct. Motion carried unanimously.

Letter dated July 23rd from National School Boards Association in answer to inquiry re services available for up-dating board policies.

Motion by Budd supported by Boger to table NSBA letter until superintendent returns from vacation. Motion carried unanimously.

Motin by Budd supported by Christensen to accept Treasurer's Report as corrected. Motion carried unanimously.

Motion by Draper supported by Budd authorizing payment of regular bills in amount of \$203,932.48 when funds are available. Motion carried unanimously.

Motion by Budd supported by Christensen authorizing payment of the following:

ESEA Title I	\$2,145.96
1971 Spring Head Start	238.44
ESEA Title II	2,986.74
Section III: Romulus E1	897.62
Beverly	1,134.76
Breakfast Program:	
Gordonier	21.62
Romulus E1	23.99
Beverly	23.00
	\$7,472.13

Motion carried unanimously.

Resignations have been received from the following: James Fader, elementary Instrumental Music; Nancy Muck, high school Biology; Barbara Brown, high school English; Julie Catallo, Second Grade at Romulus E1.

Motion by Christensen supported by Draper to accept resignations. Motion carried unanimously.

Two requests for Maternity Leave; Portia Duke, Home Ec teacher at junior high, requesting leave effective second semester of 71-72 school year. Evelyn Wegienka, Special Services secretary, requesting one year's leave effective August 30th.

Motion by Draper supported by Christensen that Mrs. Duke's leave be granted under provisions of Master Contract; Mrs. Wegienka does not qualify under Master Agreement with Local No. 64. Motion carried unanimously.

Assistant Superintendent submitted name of William Roger Smith for position of Community School Director. Discussion for requirements in school district for administrative positions.

Motion by Draper supported by Boger to make exception to policy on administrative positions and offer one year contract based on funding, as recommended. Ayes: 3. Nays: Budd, Christensen.

8:00 P.M. AUDIENCE DISCUSSION.

Nothing from the audience.

Representatives of Mass Fedding Corporation addressed board relative to program being offered as "hot lunch" program for Merriman Elementary.

MEMBER LOVETTE ENTERED MEETING AT 8:25 P.M.

Motion by Budd supported by Boger to accept MFC program as recommended by Director of M & O; providing cost of electrical installation meets with approval and contract is approved by school attorney. Motion carried unanimously.

Bid opening for installation of sanitary sewer line from Special Services Center Building to Romulus Sanitary Sewer System.

Motion by Budd supported by Draper that bid be awarded to low bidder, Hay Plumbing and Heating,

Teachers are hired

The following teachers, or the recommendation of Assistant School Superintendent William E. Jakad, were offered employment contracts for the 1971-72 school year by the Romulus Board of Education.

The teachers are: Cynthia Jean Beckman, Russle Hasley, Sharon Hoogerwerf, Gail A. Madar, Karen Mitchell, Margaret Sell, Patricia Skiba and Marcia Stroko.

provided all bid specifications are met. Motion carried unanimously.

Motion by Draper supported by Christensen that contracts for supplies and services be awarded to low bidder as recommended by the Director of M & O. Motion carried unanimously.

Director of M & O presented a resume of 1970-71 cafeteria program. Recommendations for pricing of lunches for coming school year will be made later.

Resume of installation and annual charges for Security Alarm System in all buildings, this will include heat sensing system as required by insurance company.

Motion by Draper supported by Lovette to authorize installation of Security Control Systems, Inc., and enter into agreement with them for a period of three years; installation charge to be approximately \$8,000, and annual service fee approximately \$14,500; this motion contingent upon approval of school attorney, B.B. Moshier. Motion carried unanimously.

Motion by Draper supported by Lovette that contract for repair and replacement of window shades by awarded to Paul Haas Company, low bidder bidding on all items as specified. Motion carried unanimously.

The board convened in Executive Session at 9:30 p.m. with member Canejo absent.

The board reconvened in general session at 10:45 p.m. with member Canejo absent.

Motion by Lovette supported by Draper that employment of William Smith as Community School Director be reconsidered. Ayes: 4. Nays: Boger, Budd. Motion carried.

Reconsideration of employment offer and vote on original motion, 7-71-28. Ayes: 4. Nays: Boger, Budd. Motion carried.

Motion by Budd supported by Boger that complete records be made available to Board of Education on all candidates recommended for positions of supervisory or administrative nature. This procedure to include both certificated and non-certificated positions. Motion carried unanimously.

Motion by Draper supported by Budd that meeting be adjourned. Motion carried unanimously.

Meeting adjourned at 11:00 p.m.

Respectfully submitted,
Davis B. Draper, Secretary
Board of Education

Astronauts will appear at airport exposition

The astronauts of Apollo 15, Colonel David R. Scott, Lt. Colonel James B. Irwin, and Major Alfred M. Worden, will be the honored guests at the "U.S. National Aviation and Space Exposition" at the Willow Run Airport on Saturday, Sept.11, James V. Votta, general manager of the Exposition, announced.

All three astronauts at one time lived in Michigan and all attended or were graduated from the University of Michigan. Major Worden is a native Michigander, being born in Jackson. The Apollo 15 mission is considered to be one of the most successful scientific explorations in history.

Sept. 11 has been proclaimed "Michigan Aircraft Pilots Day" by Governor Milliken.

The two-day air exposition at the Willow Run Airport, Ypsilanti, will feature several of the world's most outstanding aeronautical exhibits and flight demonstrations. The flight program will include demonstrations by the world-famous U.S. Air Force "Thunderbirds," the world-champion U. S. Army parachute team "'Golden Knights," the world's foremost civilian aerobatic pilot Bob Hoover, and the world's greatest aerobatic

sailplane pilot, Scotty McCray. A world-famous WW II Spitfire of the RAF will also be featured in the air show.

Ground exhibits will include the world's largest airplane the C-5, moon rocks from the National Aeronautics and Space Administration, and many models of commercial, military, general aviation, and antique aircraft.

Tickets to the exposition are seats. General admission is \$5 per automobile or aircraft and includes all passengers and free parking on the airport. Reserved box seat tickets include the general admission price.

Tickets for the exposition are available at all J. L. Hudson and Grinnell stores or by mail order to the Michigan Aircraft Pilots Association, 901 Book Building, Detroit, Michigan 48226.

Baton twirlers ready to compete

Young baton twirlers and strutters will compete for trophies and medals during the 1971 Michigan State Fair, which opens Friday, August 27, and runs through Sunday, September 12.

Deadline for entering the contests is Friday, August 20.

The twirling and strutting competitions will run from 8:00 a.m. daily, Saturday, August 28, through Tuesday, August 31. Participating will be youngsters from pre-school through high school ages. No contestant may be over 20. Competitions will be held in the International Grove on the Fairgrounds.

The lineup for the contests has the juvenile division competing on Saturday, junior on Sunday, primary on Monday, and senior on

Tuesday. The boyd division will compete on Tuesday.

The divisions will be broken down into beginners, those who have never captured a first-place award; intermediate, those with less than five first-place awards; and advanced.

Application blanks and information are available from Michael A. Ritts, Baton Contest, Michigan State Fair, Detroit, 48203, telephone 368-1000.

Farthest away

Astronomers explain that the summer solstice-June 21-is the point the sun reaches at its farthest day-to-day migration northward when watched from earth.

berry, Pennington, Oakley. Nays - none. Motion carried unanimously.

Leonard J. Folmar, Clerk
City of Romulus

I, Leonard J. Folmar, Clerk of the City of Romulus, do hereby certify that the foregoing is a ture copy of the minutes of the Regular Meeting of the Romulus City Council held on August 12, 1971.

Leonard J. Folmar, Clerk
City of Romulus

Describe an unused item in your home in fifteen words or less.

While it's not a contest . . . it does present an opportunity for you to be a winner!

Describe any item in your home which you no longer use and which you would like to exchange for cash in fifteen words or less. Easy, isn't it?

Your fifteen words can be turned into a low-cost Classified Ad which will bring a cash buyer for the item you've described. Just call 729-3300 and tell the friendly voice which answers the phone what you've written! She'll check over your ad and place it in the proper classification in your Classified columns. It's easy, fun and inexpensive to deliver your message to the buying public . . . and it can pay off for you!

Trailer revisions get city council approval

Romulus City Council has approved by an unanimous vote rules governing mobile home courts.

The council's action was in the form of an Amended Ordinance recommended to council by Clayton Meldrum, building department manager, and presented to the

council at last Thursday's council session.

The new law revises regulations for trailer spacing and construction of trailer pads. They include:

—Space between trailer coaches may be used for the parking of motor vehicles if the space is clearly designated and the vehicle is parked at least 10 feet from the nearest adjacent trailer coach;

—There shall be unobstructed open spaces of at least 20 feet between the sides or end and sides of adjacent trailer coaches for the full length of the coaches and at least 10 feet of unobstructed open space between the ends of adjacent trailer coaches; hitches shall not extend beyond the boundary lines of the sites;

—Trailer coaches shall not be parked less than 10 feet from a building, a public street or alley, nor less than three feet from the boundary of any trailer coach park;

when an area for motor vehicle parking is provided other than on a site or street right of way, motor vehicles shall be parked at least 10 feet from the sides of trailer

coaches and three feet from the ends of trailercoaches;

—After the effective date of this 1971 amendatory act, for those lots added to an existing park and all lots in a

new park, the 10-foot distance specified above will be increased to 12 feet if any trailer coach involved is in excess of 12 feet wide.

The section of the new or-

dinance on pads specifies that "all pads shall conform with trailer size, so as to allow skirting to cement on all four sides."

This means that the pads

will be a minimum of 12 feet by 50 feet, since trailers are seldom smaller these days. Each pad will be at least four inches thick "or of equal bearing strength."

Neighborhood agency sets initial meeting

The first meeting of an advisory council for the Family and Neighborhood Services Agency is set for this Thursday, at 7:30 p.m. at the office, 37064 Goddard Rd., corner of Porter Street, Romulus.

Alton M. Shelly, area supervisor for the FNS, said he hoped the Advisory Council would be able to increase the understanding of community needs, and obtain community participation in evaluating services. He also hopes to involve residents in setting priorities for programs and to increase effectiveness of services.

It is, he said, important that the membership of the council reflects the agency's goals of cutting across separation of races, classes, creeds and age groups to improve the quality

of life for individuals and families.

Approximately 20 citizens and community leaders have been invited to attend the initial meeting, Shelly said.

Bus bid accepted

The Romulus Board of Education has adopted a resolution to finance a school bus loan through the Manufacturer's National Bank at an approved rate of 3.75 percent annually.

The Manufacturer's National Bank was the low bidder on the school district's loan request for the purchase of eight new school buses.

The school bus purchase program involving the new school buses will cost approximately \$71,000.

Special Thurs., Fri., Sat., Aug. 19, 20, 21.

A POPULAR CLASS — The cosmetology class at Romulus Senior High School, now in its second year under the high school's vocational program, is becoming popular with female students. The last class for the current program was last Friday. Class instructor Mrs. Frankie Moore (second from right) is demonstrating one of the many hair-styling

arrangements to students (from left) Marilyn Williams, 11251 Gabriel, Romulus; Zandra Thomas, 4375 Irene, Inkster; Carols Blair, 8239 Wahrman Rd., Romulus; and Doris Densel, 34729 Wick Rd., Romulus. After 150 hours of study the students are eligible to take the state examination for cosmetology license.

Transfers approved

A request for transfer of a special designated merchant (SDM) and a special distributed dealer (SDD) from Edmund Zakerski to Madallah Khalaf, 36961 Huron River Dr., New Boston, has been approved by the Michigan Liquor Control Commission.

The state approval is granted on a proviso that there will be no subsequent transfer of ownership or location or change in the nature of the business for a period of one year.

Leon and Sharon Grigorian, 45851-45861 Michigan Ave., Belleville received state approval on their request for transfer of a Class C license from James Soltesz, trustee in bankruptcy for George L. Noble and a transfer of the license's location from 2036 Canton Center Rd., Plymouth.

The Michigan Liquor Control Commission's approval is subject to final inspection by the local law enforcement agency and MLCC and is also subject to receipt of a copy of the court order authorizing the sale of the subject business.

Coalition picnic brings out a crowd

Nothing short of a Fourth of July parade could be more typically American than an August picnic in the park with loads of kids and hot dogs.

That was the scene Saturday at the East Bend picnic area of Lower Huron Metropolitan Park when the Romulus Neighborhood Coalition presented a family picnic.

About 300 mothers and dads, grandparents, kids and young adults turned out despite early gray skies, to take part in games, races, and other activities.

Program Counselor Bill Jones timed and scored dozens of kids through a series of bicycle races that saw first prizes going to Martin Shelly, Joe Bailey, Jeff Landers, and Connelly Hughes. Relay Race winners were Michael Morrison, Jeff Landers, and Angelo Sandusky.

Next came the sack races with first place prizes won by: Lisa Crillo, Gina Carter, Bridgett Hearst, Stacy Carter, Tawana Mathews, Jeff Landers, Alto Shelly and Bill Jones.

Winners of the three legged

race were: Horace and Harold Lopez, Ricky Morrison and Henry Morris, David Casey and Walter Askew.

Cold pop, hot dogs, chips and side dishes made the meal to fortify contestants for tire races later in the afternoon.

Darcia Washington, Brenda Clark and Carrie Griggs assisted with timing the races.

Association plan moving ahead

The Downriver Association for Retarded Children reports that plans are accelerating for the First Annual Fund Raising Picnic to be held Sept. 5, at Handler's Park, Trenon, from 12 until 8 p.m.

Special guests at the Association's recent meeting were Mr. and Mrs. Edward Pabis and James Fuller.

Mrs. Clifford LaMora will be general chairman for the Christmas card sales.

The Downriver Association has merged with six other associations, the Detroit, Western, Dearborn, Plymouth, Grosse Pointe, Northwest Associations to

form the Wayne County Associations For Retarded.

These groups will be co-operating jointly for the welfare of all Wayne County Retarded Children. Active or inactive memberships are available by contacting your local association.

Auto class still open

Applications are still being accepted for auto mechanics classes through a federally funded Out-of-School Youth program, announced Mrs. Lorena Burton, Romulus State and Federal Coordinator.

The tuition-free classes are designed to offer skills to those who are not now in school and have not earned a high school diploma.

Courses are offered afternoons and on Saturday in the Romulus Senior High Auto Lab, 9650 S. Wayne Rd.

For more information contact Mrs. Burton or Bill Smith, Community School Director, at 941-1600.

Big year in Michigan

Coho outlook good

The introduction of early spawning Alaskan coho and the prospects of latching onto a 60-pound chinook should give Michigan a record-setting salmon year to rival such dominant West Coast fishing states as Washington and Oregon, according to Automobile Club of Michigan.

And if salmon fishing success so far this season is an indication of things to come, anglers could catch one million coho and chinook for the first time since salmon were planted in Michigan waters five years ago. Last year, nearly 860,000 salmon were caught in the state.

The Department of Natural Resources increased 1970 spring salmon plantings in the state so that 31 streams—three more than last year—will have mature runs. Included are the first adult runs ever in the Thumb.

Last spring's plantings of Alaskan cohos at the mouths of parent streams in Lake Superior and northern Lake Michigan have encouraged heavier than normal fishing pressure during the low-yield times of late July and early August.

Even though high westerly winds brought warmer waters

into shore and forced salmon into the deeper, cooler depths of Lake Michigan through much of July and August, catches on the big lake were running well ahead of last year at this time.

A major reason for this salmon fishing success is the presence of the early spawning Alaskans, which began concentrating at the mouth parent streams in late July.

Gathering spots for the Alaskan coho for spawning are at the mouth of these streams: Falls, Anna and Dead rivers off Lake Superior; Big Cedar, Whitefish, Manistee, Bear and Little Manistee rivers, Thompson, Porter and Brewery creeks off Lake Michigan, and Carp River off Lake Huron.

Regular salmon runs also have started with the peak

expected to begin in mid-September on the Great Lakes and continuing through the first two weeks of October. Heaviest activity in streams will be during October.

Although 13 streams have now been planted with chinook, the best chinook catches will be from 1968 plantings since this king-sized partner of the coho usually takes three to four years to mature. This variety will run 20 to 40 pounds with 1969 plantings weighing from 15 to 25 pounds and '70 plantings between five and 12 pounds.

A few giant chinook in the 50 to 60-pound range may be taken from Lake Michigan. These are from 1967 plantings. Coho, which mature at three years, generally will run eight to 18 pounds with a few four-year-olds at 25 to 33 pounds.

Sports retort

Alvin Ct. does its own thing

By Dann Barkume

About this time of year, most kids find themselves getting bored with summer, the old baseball isn't quite as much fun to throw around any more, and things just don't seem to be as interesting as they were back in June.

A group of youngsters in Garden City, headed by Julie Kiessel and Ron Bos, decided to get together and do something different. Julie and Ron came up with an idea that was certainly new, certainly different, and fun for a change.

The Alvin Ct. 200 was born. Alvin Ct. is just that, a court in Garden City just northeast of the intersection of Middle Belt and Cherry Hill. The object of the Alvin Ct. 200 was to see which contestant could ride his or her bike around the circle of the court 200 times, make a pit stop, and obey to the letter a set of rules that had carefully been drawn up.

They worked for four days. Julie and Ron, both age 16 and seniors to be at Garden City East High School, plotted and planned a drew together a system of controls to make the race interesting, yet still keep it fun.

They even measured the course, and those 200 laps came out to exactly 10 miles.

The start and finish line was "The gloppy tar line in the street." Each rider, there were 12 that started, was put on his or her honor and kept track of their own lap count. Each contestant was required to make at least one pit stop and had to obey all flags.

They had an orange flag for caution. (They couldn't find any yellow material so they improvised with orange) and a red flag that would stop the race. The red flag was necessary in case a car came and all the riders had to clear the street, the red flag meant they could do it legally.

They even had a pace bike.

The 12 contestants were boys and girls ranging in age from 15 to 18 and they came ready for the event, complete with helmets, numbers and decorated bikes.

With the temperature on the tracker street, a crisp 86 degrees, the 12 riders started their quest for victory, following, of course, a parade lap and a pace lap behind the pace bike.

On lap number 126, Mike Yates was the victim of a faulty axle and went hard into the curb, he was the first victim of the race and the only contestant that didn't finish.

Lloyd Williams of 6851 Barton was the first to complete the 200 trips around the circle. Williams, 17 and a senior to be at East, received a bicycle horn for his efforts and admitted that he was tired.

We don't have time to go into further details, we would be here all day. The important thing is that there are still kids who can go out and have some real fun without starting any trouble. The whole neighborhood turned out to see 12 teenagers ride their bikes around a circle at the end of a court. They planned for four days and didn't miss a trick. From pit crew to ambulance, spelled abundance, they had all the trimmings of a sanctioned race.

Julie answered this way when asked why they decided to do such a crazy thing. "We were getting tired of doing nothing, Ron and I are weird, we have weird friends, and we all decided to do something weird. We all had a great time doing it, though."

Along with those already mentioned, competing in the race were Mike Williams, Karen Tudor, Ron Dickson, Jim Carroll, Jeff Gorman, Mike Wolosiewicz, Lynn Turnbull and Jenifer Suffell.

Hamilton keeps plugging away

For young Pete Hamilton the wheels on his race car have been turning as fast as ever this year, but the wheel of fortune has slowed down considerably.

"I'm running as fast as I did last year," Hamilton said at the Michigan International Speedway last week, just before he went out and captured the pole position for last Sunday's Yankee 400. "It's just that little things have cropped up that hurt our chances to win. A pit part breaks and you're suddenly back there in the middle of the pack trying to catch up. Or worse out of the race altogether."

Hamilton posted a two mile lap around the Cambridge Junction banked oval at 161.901 to edge though Bobby Allison for the pole. His new blue and gold Plymouth appeared to be performing flawlessly in practice and qualifying.

The tall, blond college dropout from Deham, Mass., won three major stock car races last year, had several good finishes in others, and ended the season with \$138,406 in prize money, fourth best on the NASCAR Grand National Circuit.

With a new car owner this year, the 28 year old recent bridegroom has managed to crack victory circle only once, a 125 mile low pay qualifying heat at Daytona Beach, Fla., in February, and his best finish in a major event has been third place three times.

"Maybe this is the start of a new season for us," Hamilton said. "We have wasted most of the year so far, but we could still have a good windup with two or three major wins."

Hamilton's 1971 prize money amounts to about \$40,000, far off his 1971 pace.

Allison, who had won six times since taking over the Holman and Moody Mercury in mid-May, including five in a row, recorded a 161.392 to join Hamilton in the front row for the start of last Sunday's race.

Both speeds were only a mile per hour off the track qualifying record of 162.737 established by Hamilton last year prior to a NASCAR rule that requires the stockers to be equipped with carburetor restrictor plates.

Hamilton went into the race confident, but more problems cropped up and the young second year driver was forced out of the race, only to see Allison pick up another victory.

Belleville bowmen win team title

Amid clear skies and warm temperatures, the three archery clubs of the Metropolitan Archers Association closed out their 1971 season at the Ford Archer's range in Dearborn.

Capturing the top position in the men's division of competition was Ken Dembinski with a score of 782 out of a possible 840. Ted Hoinka of Belleville finished second with a cumulative score of 760.

Ford readies 1971 PPK duels

More than 1,100,000 boys are expected to register for Punt, Pass and Kick (PPK) competition. This marks the 11th year of the program, in which more than 7 million boys have participated.

Registrations for 1971 PPK competition will be accepted from now until Sept. 30 at participating Ford dealerships in the metropolitan Detroit area and throughout Michigan.

PPK is co-sponsored by the National Football League and the Ford dealers across the country.

Participants punt, pass and kick against boys their own age. Any boy age eight through 13 is eligible to register. He must be accompanied by one of his parents or his legal guardian. There is no entry fee. There is no body contact

Tiger Swim Club wins 27 ribbons

The Tiger Swim Club took 27 ribbons in the Lower Huron Novice Swim Meet at Lower Huron Metropolitan Park Wednesday.

In the boys eight and under division, John Kause, 8, of 44125 Harmony Lane won first in the 40-yard breaststroke and fifth in the 40-yard freestyle.

Four boys won in the 9-10 division. Jim Kause, 9, of 44126 Harmony Lane took second place in the 40-yard butterfly and fifth in the 40-yard breaststroke. Joe Chudzinski, 9, of 41651 Savage Rd., took a seventh in the 40-yard breaststroke, and Chris Renton, 9, of 14270 Martinsville Rd. took a fourth in the 40-yard backstroke. Joe Thomas, 9, placed second in the 40-yard freestyle.

Audrey Chudzinski, 10, of 41651 Savage Rd., carried off two awards for her second in the 40-yard butterfly and fifth in the 40-yard backstroke.

The boys 11-12 division brought six awards to three swimming Tigers. Howard Renton, 11, of 14270 Martinsville Rd., took second in the 160-yard individual medley and third in the 80-yard butterfly. Chris Liedel, 11, of 13106 Edgedale St., took

third in the 80-yard breaststroke.

Three girls won five places in the 11-12 division. Becky Thomas, 11, of 41485 Savage Rd., took first in the 80-yard breaststroke and fourth in the 80-yard freestyle—Kim Liedel, 12, of 13107 Edgedale St. placed third in the 80-yard breaststroke.

Laura Ackron, 14, of 1045 Huron River Dr., took first place in the 80-yard breaststroke to lead the girls' 13-14 division. She also took second in the 8-yard.

Sharon Ackron, 15, of 1045 Huron River Dr. lead off with a first in the 80-yard breaststroke in the girls 15-17 division.

Tiger physicals

Belleville High School athletic director, Harry Hidenfelter, announces that varsity and reserve football and cross country physicals will take place tonight at the office of Dr. McDonald, across from the high school at 6 p.m.

Hidenfelter stresses that only members of the varsity and reserve football and cross country squads are to report for physicals at this time.

FOOTBALL and HOCKEY EQUIPMENT will be available in August

Ford introduces major bill for general education aid

Congressman William D. Ford (D-Michigan) has introduced a major \$6.6 billion general aid to education package which he hopes will be adopted by the House Education and Labor Committee in place of the

President's much narrower desegregation bill. Congressman Ford said, "The Emergency School Aid Act is intended to improve the quality of education in all elementary and secondary schools and to provide ad-

ditional assistance to districts with large concentrations of low income children and to districts with concentrations of minority children which are involved in the desegregation plans."

Now the ranking Democrat on the General Education Subcommittee, Congressman Ford was joined by nine other Democrats in introducing the general aid proposal. The three top-ranking Democrats of the full Committee, Representatives Edith Green (D-Oregon), Frank Thompson, Jr. (D-N.J.), and John Dent (D-Penn.) were among the co-sponsors of the Ford bill.

Under the provisions of the Act, each local educational agency would receive a basic grant based on the number of children enrolled in the local school district. For fiscal year 1972 the basic grant would be an amount equal to 10 per cent of the State average per pupil expenditure for each

elementary and secondary pupil. The formula would increase by 5 per cent each year for the next four years, so by fiscal year 1976, local school districts would receive an amount equal to 30 per cent of the State average per pupil expenditure from the Federal government. Funds in addition to the basic grant would be provided on a special formula for lower income areas and districts involved in desegregation.

"This Act would provide every school district in Michigan with a basic grant of approximately \$87.50 per pupil in additional federal funds if fully funded in its first year. Lower-income areas and school districts involved in desegregation plans would receive funds in addition to the basic grant," explained Congressman Ford.

He also noted that in addition to improving the quality of education, his bill would

also curtail the constant rise in local and State taxes.

"The Emergency School Aid Act of 1971 is virtually the same bill for which I have been fighting in the General Education Subcommittee during the past few weeks," Congressman Ford said.

"Although the majority of the Democrats supported this measure in Subcommittee, all but one of the Republicans joined with three Democrats to defeat the general aid proposal and reported out the President's desegregation bill instead."

In his statement which accompanied the introduction of the bill, Congressman Ford said, "We members of the House Education and Labor Committee who are co-sponsoring the bill are prompted by our growing concern, out of years of study of education needs throughout the country, that we must begin now to meet the critical need for improving the quality of education for all children in the Nation's elementary and secondary schools."

"We can either continue to pay lip service to this goal through underfunded and piecemeal legislative proposals such as the narrow approach taken by the administration's proposed desegregation legislation, or we can confront the problem directly by providing funds to go with the local and State funds to improve the quality of education in the classroom for every child in the country."

"We must provide local educational agencies with the capability of furnishing high quality educational programs at the place that these children get off the bus in the morning."

Commissioner's father is dead

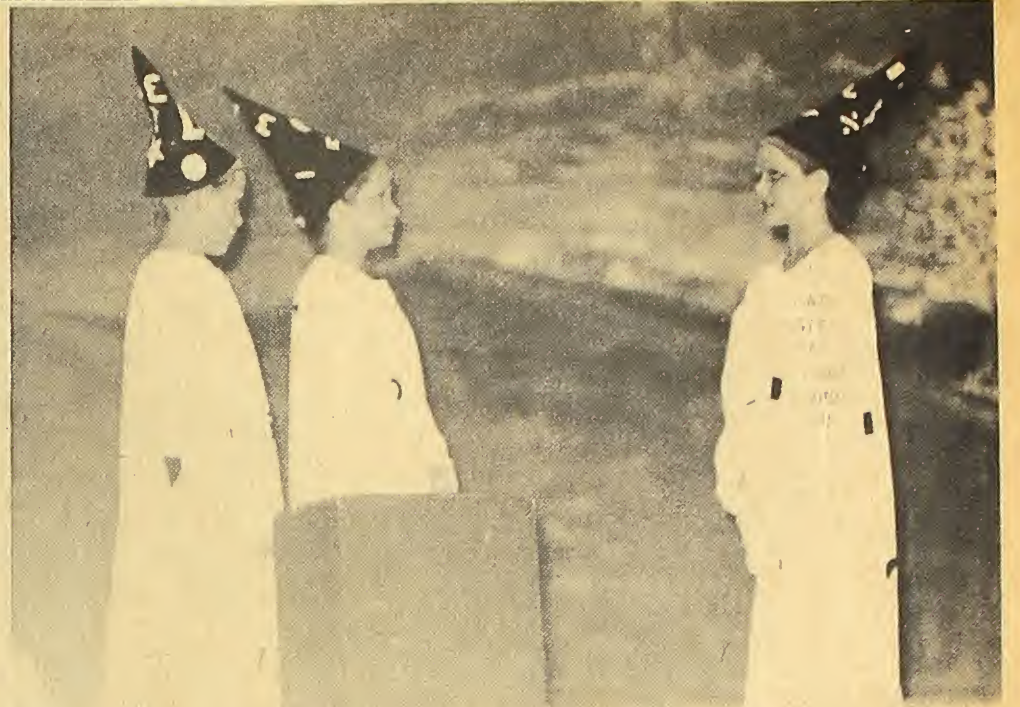

Funeral services for Edward DeSana, 70, of Wyandotte, father of Wyandotte's former mayor James DeSana who is currently a member of the Wayne County Board of Commissioners, were held Wednesday, Aug. 11 in St. Patrick's Church, 105 Superior Boulevard, Wyandotte. Burial was in Michigan Memorial Park Cemetery, Flat Rock.

Mr. DeSana was a former recreation commissioner in Wyandotte. He died Sunday, Aug. 8. The Thon Funeral

Home, 2760 Biddle, Wyandotte conducted the funeral services.

Survivors in addition to James include five other children, John E. Raymond L.; Philip L. DeSana; Mrs. Joanne Cuva and Mrs. Marlene Wellman; two sisters, Mrs. Marion Tucker and Mrs. Catherine Genthe and 27 grandchildren.

Commissioner DeSana's territory includes Huron Township.

THE THREE WISEMEN — Belleville Youth Teeater, sponsored by the Van Buren Township Summer Recreation Program, presented an one-act stage play entitled "Stone in the Road" at the Belleville High School Auditorium Aug. 10. Cast members who played the Three Wisemen were (from

left) Linda Harris, Robin Young and Joan French. The play is the story of a queen who tested her subjects by placing a stone in the road over a ruby ring. The ring was the reward to the person unselfish enough to move the stone.

MEMBERS OF THE CAST — Van Buren Township Summer Theater Program presented A Night of Summer Drama at the Belleville High School Auditorium Aug. 10. The initial one-act stage play was entitled "The Stone in the Road" by Leott

Lukaszewski. Some of the Belleville area students in the interesting play are (from left) John Price as Hubert; Lisa Ross as Griselda; Lydia Vera as Joan; and Keith Young as Tom Starheels. The play was under the direction of Gary Griffith.

Water deaths, mishaps down from last year

Michigan has had 145 deaths and 164 persons injured in 342 water accidents reported in the first seven months this year, according to State Police water safety unit records.

Compared with the same period last year, deaths are down 18, injuries by two and accidents by 76.

State Police officials attribute part of the factors involved in the reductions with generally cooler weather prevailing this summer, serving to discourage water activities.

A sizeable reduction of 33 is noted comparing the 58 swimming and wading deaths reported this year through July 31 with 91 recorded in that category for last year.

Other death breakdowns had counts comparable to those of last year. These included 22 boat operators, 21 boat passengers, three divers, one skier, 24 who died in various falls into water, six who attempted rescue, two snowmobile riders, and eight miscellaneous.

Of the 145 deaths, 15 were drownings in home pools and

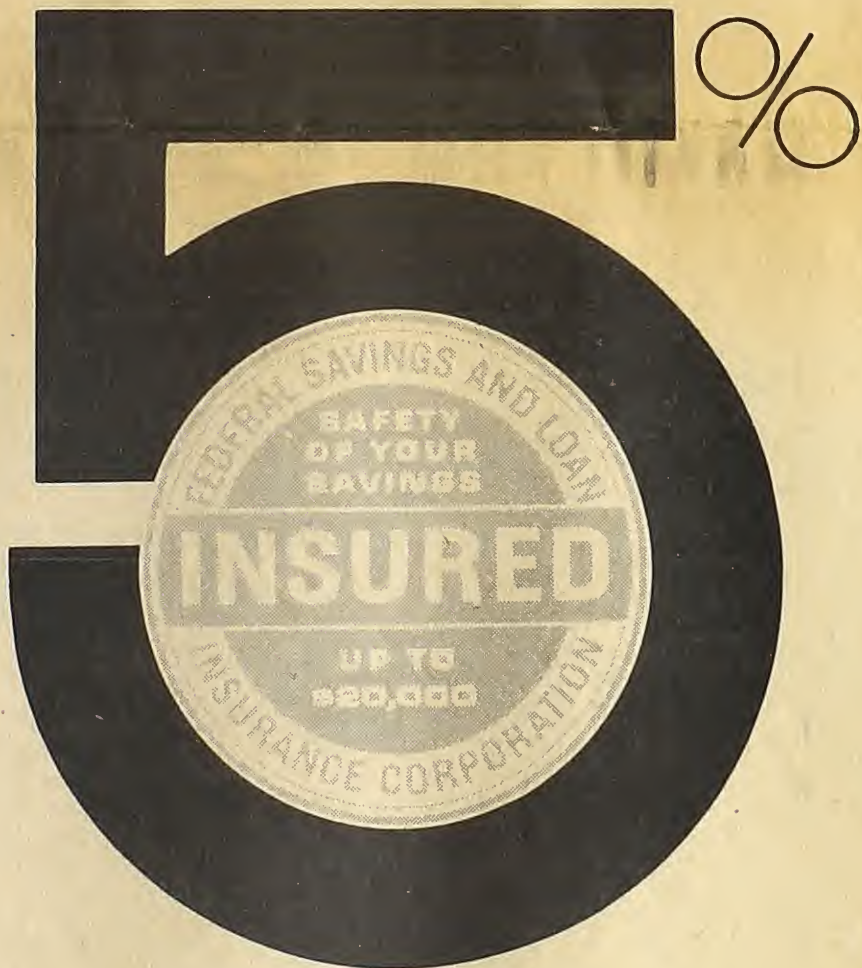

30 occurred among persons fishing. Fifteen persons were under five years of age.

Vending machines sought

The Romulus City Council has approved the acceptance of bids for three vending machines for use in the city's new Municipal Building.

City Clerk Leonard J. Folmar has requested that bids for one cigarette, one candy and one canned milk vending machines be submitted to the clerk's office by 5 p.m. Sept. 7.

Bids received will be opened at the council's Sept. 7 meeting.

Called more restrictive

Pollution law changes

The Wayne County Pollution Control Division has come up with revisions in the pollution laws which spokesmen say are considerably more restrictive than the old laws.

Although many of the changes deal with heavy industry in urban areas, there are a few amendments to laws concerning the out-county area.

One revision is in the open burning section. The rule reads, "No person shall ignite, cause or permit to be ignited, allow or maintain any open fire."

In the past, an exception has been the allowance of trash

burning in community officials permitted it. This option is now gone, and no individual trash burning at all is permitted.

The open burning law has only two exceptions. They are:

—Open fires for the cooking of food for human consumption

—open fires for the cooking of food for human consumption on other than commercial premises, meaning for such things as picnics and backyard cookouts;

—open fires ignited for the purpose of training firemen or

for research in fire prevention providing the division has issued a firemen training permit under terms and conditions acceptable to the division.

A second section deals with wind-borne pollutants and states, "It shall be unlawful for any person to operate, maintain, or cause to be operated or maintained, any premise, open area, right-of-way, storage pile of materials, or vehicle, or construction, alteration, demolition, or wrecking operation or any other enterprise that involves any handling, transporting, or disposition of any material or substance likely to be scattered by the wind, or susceptible to being wind-borne, without taking

precautions or measures that will eliminate the escape of air contaminants."

This would pertain to building construction site work as well as digging operations and the like.

Further, the revised law states, "No person shall maintain or conduct, or cause to be maintained or conducted any parking lot, or automobile and-or truck sales lot, or cause or permit the use of any roadway under his control unless such lot or roadway is maintained in such manner as to eliminate the escape of air contaminants."

Those who feel they have legitimate complaints concerning air pollution can call the Wayne County Pollution Control Commission at 284-0664.

SOIL EXAMINATION - Jerry Larson, soil scientist of the U.S.D.A. Soil Conservation Service and Team Leader for the Wayne County Cooperative Soil Survey Team, is examining soil from a boring he just made with the hand auger he is holding. Such examinations are being made repeatedly throughout Southwestern Wayne County this summer.

Soil survey team begins working

The Wayne County Cooperative Soil Survey team has begun surveying in Van Buren Township, Daniel Kesselring, district conservationist U.S.D.A. Soil Conservation Service in Westland, has announced.

The soil survey team members will be seen surveying in most of the township south of Ecorse Road during the next four weeks, according to Kesselring.

Members of the survey team are Jerry Larson, Paul Corder, Delbert Mokma, Peter Davis, Mohammed Mansouri and Daniel Cobb.

The soil survey, which started field work last April, is an inventory program planned to survey, identify, interpret and record on aerial photographs, all of the soils in a 200,000 acre area in the western and southern portions of Wayne County.

"The information made available by the survey will be used by county, township and city governments in planning land use. The survey will show what soils are best preserved for agricultural use; what soils are best used for open space, recreation and wildlife; where the better building sites for homes, schools and factories are located; and will help in planning water management projects," said Kesselring.

The soil survey is a cooperative effort of the Michigan Agricultural Experiment Station, the Wayne County Board of Commissioners and the U.S.D.A. Soil Conservation Service.

Ford opposed to federal guidelines

Congressman William D. Ford (D-15th District) has led an attempt to block the implementation of the guidelines proposed by the Nixon Administration for the Emergency Employment Act of 1971.

The effort is in response to the Administration's recent announcement that communities of less than 75,000 and all school districts would be ineligible to apply directly to the Federal government for funds for public service employment programs.

The Emergency Employment Act is the billion dollar bill designed and passed by Congress to provide for public service programs during times of high unemployment. Congressman Ford played a major role in writing the legislation and guiding it through Congress.

The Congressman said, "Now that we have passed the bill and appropriated funds, the Nixon Administration is

attempting to distort our true intentions and make this bill into something other than what Congress intended.

"Under the proposed guidelines, none of our financially-starved school districts would be eligible to apply directly to Washington for funds and only 5 per cent of all the communities in the Nation would be eligible.

"In Michigan, less than 1 per cent of the total number of communities could apply directly and only two of the fifteen communities in my own Congressional district would be eligible," Congressman Ford noted.

"The remaining thirteen communities and all the school districts would be

compelled to deal with the federal government through a third party, an additional layer of bureaucracy."

Congressman Ford has opposed the guidelines in private meetings with members of the Administration as well as on the floor of the House of Representatives. He stated that Congress had no intention of discriminating against small suburban communities when it passed the Act.

"The Congressman said that, 'If we in Congress had intended to force the smaller communities to deal through a third party we would have written the population cut-off into the law but the Congress did not intend to discriminate between large and small cities.'"

Greenhouse families merge

Pinter-Harcas nuptials read at Emmanuel Lutheran Church

The son and daughter of two Belleville greenhouse operators, Robert Allan Pinter and Susan Diane Harcas, were united in marriage August 7 at the Emmanuel Lutheran Church in Ypsilanti.

Mr. and Mrs. Harry Pinter, who have Pinter Greenhouses on Rawsonville Road, and Mr. and Mrs. William Harcas, owners of Bill Harcas Greenhouse and Florist on Lohr Road, are parents of the young couple.

For the three o'clock ceremony the altar was appointed with five vases of white gladiolas, carnations and mums, the pews being marked by sprays of orchid gladiolas, miniature white carnations and baby's breath.

THE REV. JAMES L. Liefeld presided at the double ring rite with some 250 guests in attendance.

Escorted to the altar by her father, the bride appeared in a bouffant gown reminiscent of the ante bellum era. The little fitted bodice of Chantilly lace was fashioned with a square neckline and traditional long, tapered sleeves. Tiers of lace made up the full skirt which cascaded into a cathedral train at the back.

Four tiers of silk illusion formed the bridal veil which was caught to a double crown of crystals and pearls. Completing her bridal ensemble was a colonial bouquet of white gladiolas.

DEBBIE HARCAS was her sister's maid of honor. Her pale blue gown featured a ruffled skirt worn over a full hoop. Her veiled headdress was in matching blue and she carried a basket filled with white gladiolas and miniature blue carnations.

Donning light lavender frocks for their roles as bridesmaids were Mrs. Ralph Hendrix of Belleville, a close friend of the bride since third grade; Mrs. Louis Enesey of Redford, the bride's cousin; and junior attendants, Andrea Schanley of Allen Park, another of the bride's cousins, and Debbie Pinter, sister of the bridegroom. Their baskets contained white gladiolas and miniature lavender carnations.

The bridegroom's two little nieces, five-year old Tammy Pinter and six-year old Lisa Jo Pinter, wore light blue hoop-skirted frocks as they performed as flowergirls.

JOSEPH PINTER as his brother's best man headed the corps of groomsmen which included David Brownlee, a close friend, and his brothers, Harry, Ronald and Larry Pinter, all of Belleville.

On greeting the 450 guests, who gathered for the reception at the Tri-County Sportsman's Club in Saline, Mrs. Harcas wore a floor-length yellow lace gown while Mrs. Pinter chose mint green lace for her formal. Both mothers were presented with corsages of white phalaenopsis orchids.

On returning from their honeymoon in Upper Michigan and Wisconsin, the newlyweds will make their home at 6828 Rawsonville Road, Belleville.

The new Mrs. Pinter graduated from Belleville High School in 1967 and this year earned her B.S. Degree in elementary education at Eastern Michigan University.

A senior at E.M.U., where he is majoring in business education, Bob is a 1968 alumnus of Lincoln High School. He is employed at Pinter's Greenhouse.

WOMEN Of The MOOSE

By GERALDINE MILLS
Publicity Chairman

August 9 was Belleville Chapter Star Recorder Day and special guests were Deputy Grand Regent Alice Voycheck and a member of the Grand Council, Dorothy Devenney. Guest speaker was Matilda Wilson who spoke on Star Recorders and Membership. Louise Steger, Star Recorder, was chairman of the day.

Guests were Joanne Laurer and Martha Haas of Wyandotte; Genevieve Barrett and Josephine Miller of Ypsilanti; Birdie Markle and Elsie Gilbert of Dearborn; Jane Jordan and Minnie Nickols from Jackson; and Shirley Hawver of Lincoln Park.

Co-worker Martha Morton was pianist.

Checks were presented to Senior Regent Shirley Groves for the Star recorder Scholarship Fund and the Commercial Department School Fund.

The evening was concluded with a lunch by the executive board which was highlighted by a beautiful cake made and decorated by co-worker Marion Townsend.

Marge Moriarity had surgery in Beyer Hospital and Georgia Pozgar at Riverside Hospital, Trenton.

Clara Britton was enrolled into the Women of the Moose recently.

MISS RENO

MISS WAGENBACH

MISS ERY

Engagements forecast autumn, winter vows

Reno-Hatten

The Northline Baptist Church has been chosen for the February 11 wedding of Cathy Reno and Raymond David Hatten, both of Romulus.

A 1971 graduate of Romulus High School, the bride-elect is the daughter of Mrs. Rose Reno of 9236 Washington, Romulus, who is announcing the engagement, and the late Marcell Reno.

Also a 1971 Romulus High alumnus, the prospective bridegroom is the son of Earl M. Hatten of 14367 Harrison, Romulus, and an employee of Kelsey, Hayes.

Wagenbach-Garland

Juanita Louise Wagenbach and Hugh Randall Garland are engaged and making plans for a January wedding. Their betrothal and nuptial date are announced by the bride's mother, Mrs. Yvonne Wagenbach of 35200 Goddard Road, Romulus.

The daughter of Mrs. Edward Wagenbach, the bride-elect is a 1970 graduate of Romulus High School and the State College of Beauty.

Her fiancé, son of Mrs. Henrietta Garland of 14305 Wahrman Road, Romulus, and the late Aubrey Garland, is employed at Delta Air Lines.

Ery-Robison

Mr. and Mrs. Alvin Ery of 831 Huron River Drive, Belleville, are announcing the engagement of their daughter, Phyllis Jean, to Terrence John Robison, son of Mrs. Mary Robison of 34806 Cherry Hill Road, Westland.

Currently employed by Michigan Bell Telephone in Ann Arbor, Miss Ery is a 1968 graduate of Belleville High School.

Her fiancé was graduated from Belleville High in 1966 and is presently employed by Thompson-McCully Company, Belleville.

An October 30 wedding at the First United Methodist Church is being planned.

Now Mrs. Green

Debbie Sksek is August 6 bride

Double ring vows were solemnized August 6 at St. Anthony's Catholic Church uniting in marriage Deborah Ann Sksek and Bobby Francis Green, both of Belleville.

The bride, daughter of Mrs. Delores Sksek of 46900 Bemis Road and Joseph Sksek of Bak Road, was escorted to the sanctuary by her uncle, Ray Smith of Southgate.

She selected for her wedding day a traditional white gown of Rachel lace designed with stand-away ruffles at the neckline and wristpoint sleeves. The fitted bodice was attached to a full, hooped skirt with a smooth front and cascading ruffles flowing into a chapel train at the back.

A LACE-PETALED headpiece backed with an organza bow and accented with seed pearl loops held her two-tiered illusion veil which drifted to mid-back length. A bouquet of white carnations and pink rose buds completed her ensemble.

Attendants at the six thirty ceremony included the bride's sister, Linda, who was maid of honor; Debbie Dye of Belleville; Vickie Green, the bridegroom's sister; and Lorie Sksek as her sister's junior attendant.

With the exception of color, their dacron frocks were identically styled in the A-line silhouette with high necklines, bishops sleeves, and bodies enhanced with soft ruffles and tiny self buttons. The honor attendant's gown was in bright pink with the others being in a lighter shade.

Their accessories included matching picture hats and harmonizing bouquets.

THE BRIDEGROOM, son of Mr. and Mrs. Dallas Green of 46985 Ecorse Road, Belleville, chose his brother-in-law, William Wright of Wayne, to serve as best man. Ushers were a cousin, Kendall Ford of Wayne, and Kenny Hall of Belleville.

The V.F.W. Hall on Bemis Road was reserved for the reception which followed. Some 200 guests were greeted by Mrs. Sksek in a white, pink and gray floor-length gown and corsage of pink roses and Mrs. Green in a pale aqua dress with companion coat. She, too, added pink roses to her outfit.

Prior to taking up residence at 45960 Harris Road, Belleville, the young couple honeymooned in the Upper Peninsula.

Currently employed at Beyer Memorial Hospital, the new Mrs. Green is a licensed practical nurse having graduated from the Ann Arbor Practical Nurse Education Center.

Her husband attended Washtenaw Community College and is employed at the Trilex Corporation in Belleville as well as working part-time as an aluminum sider.

Cheri Hayes honored

Cheryl Hayes, who was married last Saturday to Stuart Drinkwater of Scottsdale, Arizona, was honored guest recently at a miscellaneous bridal shower. Co-hostesses were Mrs. Robert Merrell, Mrs. Peter Sirian and Mrs. Walter Kettler.

Held at the Kettler home on Potter Drive, the party was attended by some 25 guests who came from Livonia, Redford, Birmingham, Ann Arbor, Phoenix, Arizona, and Belleville.

The gold and yellow color scheme used by the hostesses included a canopy of yarn streamers over the gift table.

Assisting the bride-to-be with her ribbons and wrappings was her sister, Vicki.

Following an evening of games the group enjoyed lime ice and champagne parfaits and miniature wedding cakes.

Arizona where she is employed and attends Arizona State University.

He's a Gasser!

And his name is

William Robert

Carl and Mary Ann Gasser of 186 Spencer Street, Belleville, are happily announcing the birth of their first child, a son William Robert, on August 5. The young man arrived at St. Joseph Mercy Hospital, Ann Arbor and tipped the scales at 9 lbs. - 13 oz.

The new mother is the former Mary Ann Remus, daughter of Mrs. Lucille Remus of Belleville.

The baby's paternal grandparents, Mr. and Mrs. William Gasser, reside in McKenzie, Tennessee.

Out-of-staters fill Frigard's summer

By MRS. JOSEPH SPRING
OX 9-4021

The Charles Frigards of Church St. have been visited by various members of the family throughout the summer. First to arrive was a sister, Miss Valerie Frigard, from California. Next was the family of the late Colonel Brooks from Virginia. On their way they picked up granddaughter, Karen Bird, in Rockville, Maryland, who spent all summer with her grandparents in Belleville.

The Alan Birds from Rockville came next and last to arrive were the Jack Wiggets from Phoenix, Arizona, Sgt. Joe Brooks of the Green Berets who was on leave from Ft. Bragg, N. Carolina, and granddaughter, Deborah Wiggitt Fletcher, from Omaha, Nebraska, where her husband is finishing at Creighton Dental School. She showed slides taken on the world tour which she and her husband took with the group of young people taking part in the "Seekers Leadership Study Cruise." They found that "God is working in exciting and tremendous ways around the world."

T-Sgt. and Mrs. Robert A. Warner and son, Eric, spent last Thursday afternoon with the former's aunt, Mrs. Orrin R. Post, of Liberty St. The Warners recently returned to the states from Zaragoza A.F.B. in Spain. They are spending some time with Mrs. Warner's parents, Mr. and Mrs. Floyd Fuller, in Cadillac.

On the 17th Robert leaves for a year's tour of duty in Thailand while his wife and son will remain in Cadillac.

Mr. and Mrs. Merle E. Touse of Roland St. and Mrs. Henry Sager of Columbia Ave. were Sunday callers on the latter's brother, Clarence Meerse, of Warren.

A guest for several days this past week at the home of Mr. and Mrs. Paul Clark of Liberty St. was the latter's cousin, Michelle Sillonville, who was enroute to his home in Toulon, France, after having spent the past two years teaching in Venezuela, South America. On Thursday Mrs. Clark's sister and husband, Mr. and Mrs. Herbert Pleger of St. Clair Shores, spent the day at the Clark home.

Mr. and Mrs. George Maki of Quirk Rd. returned home on Sunday of last week after having spent a week visiting relatives in Michigan's Upper Peninsula. In Iron Mountain they visited Mrs. Maki's brothers, Dale and the Wesby Domenget family, in Stevenson and Menominee four of George's sisters and their families and at Powers they stopped to see his mother, Mrs. Hedda Maki, who is in a nursing home.

The families of Beryl and Ernest Young attended funeral services at the Harris Funeral Home in Detroit for an older brother, Robert Young, on Thursday evening, August 12. Burial was in Woodmere Cemetery. Mr. Young passed away suddenly at the age of 90 years.

Mr. and Mrs. Richard Masisak and daughters, Kim and Kris, of North Miami, Florida, were last weekend guests of Mrs. Velma Kulzer of Liberty St.

Mr. and Mrs. Carl Mumford have recently returned to their home on Fret Rd. after having spent some time visiting relatives in Hayward, Southgate, Fontana and Torrance, California. While there they toured the cities of San Francisco and Los Angeles and visited Disney Land.

Crawford-Ardt wed

Groom's grandfather presides at wedding

The Grace Baptist Church of Belleville was the setting August 7 for the double ring ceremony which united Connie Sue Barrett and Richard Eugene Crawford in holy matrimony.

The bridegroom's grandfather, Rev. Kinniman Crawford, presided at the seven o'clock nuptials before an altar adorned with arrangements of yellow mums and lighted candles.

Some 350 friends and relatives saw Connie, daughter of Mr. and Mrs. Charles Barrett of 7829 Beck Road, Belleville, escorted up the aisle by her father.

CARRYING YELLOW roses atop a white Bible, Connie was gown in white organza over taffeta with Chantilly lace forming the fitted bodice which was designed with bishop sleeves and a Sabrina neckline. The lace motif was also used to border the tiers of organza which made up the skirt front and to edge the full chapel train.

Her illusion veil, which drifted to mid-back length, was held by an openwork tiara of seed pearls.

Preceding the bride to the altar were Nancy Crawford of Port Huron, sister of the bridegroom; Sandra Barrett of Greenville, South Carolina, sister-in-law of the bride; Shari Hunter from Minnesota, the bride's college roommate; Sue Crow of Belleville; and Patsy Peterson of Port Huron.

Identically dressed in yellow dotted swiss voile frocks, the quintet held bouquets of yellow daisies.

ALSO IN YELLOW dotted swiss was the five-year old flowergirl, Dianna Bachman, who carried a basket filled with yellow daisies.

The bridegroom, son of Mr. and Mrs. Robert Crawford of 3675 State Road, Port Huron, asked his brother, Rev. Michael Barrett to be best man. Ushers were a college roommate from Indianapolis, Indiana, Dave Lynn; a cousin from Belleville, Paul Gram; another cousin on leave from the U.S. Navy, Phillip Gram; and a friend from Port Huron, Bill Perry.

Seven-year old Jimmy Daniels carried out the role of ringbearer.

At the reception, which followed in the church recreation room, the bride's mother received guests in pink lace over taffeta with a corsage of red roses pinned at the shoulder. Pink roses were added to the blue crepe ensemble which Mrs. Crawford donned for her son's wedding.

NIAGARA FALLS and Northern Michigan were on the honeymoon itinerary for the newlyweds who were to be away for two weeks.

A graduate of Belleville High School, the new Mrs. Crawford attended Bob Jones University where she affiliated with Theta Mu Theta. A senior at B.J.U., the bridegroom is a member of the Excalibur Society.

The young couple will make their first home in Greenville, South Carolina.

How to repair acoustical tiles

If the acoustical tiles in your ceiling have become loose or bulging, if they are applied to wood furring strips, nail them back to the strips with flatheaded nails. If they are applied on plaster, use cement-coated nails, countersinking the nailheads, and covering with spackle.

It's a boy!

Kyle William is the named child by Mr. and Mrs. Kenneth Gay of 500 N. Liberty Street, Belleville, for their new son born July 23 at Beyer Hospital.

MRS. DOUGLAS M. ARDT

Bob Jones grads exchange vows at Baptist Church

A honeymoon at Burr Oak Lodge near Gouster, Ohio followed the July 31 nuptials which united Carol Ann Arrington and Douglas M. Ardt in marriage.

The Forest Avenue Baptist Church in Ypsilanti was reserved for their seven thirty ceremony read by the Rev. John M. Baker before 76 guests.

Organist for the evening was Lucille Johnson who accompanied the soloist, Carol Drayton.

CAROL IS THE daughter of Mr. and Mrs. William Arrington of 45830 Ecorse Road, Belleville, and Doug is the son of Dr. and Mrs. Edward Ardt of 1570 E. Granville Road, Columbus, Ohio.

Appliques of floral lace frosted the bride's white linen gown which was fashioned with a high, Victorian neckline, short sleeves and A-line skirt.

A crescent of lace formed the base for the bride's headress, a matching lace flower enhanced with swirls of organza and centered with a single pearl. Her attached veil of silk illusion was styled in mid-back length.

Daisy pom ponnies and yellow sweetheart roses formed the bouquet which completed her bridal finery.

COMING FROM out-of-state to be maid of honor at the wedding was Margaret C. Boulton of Baytown, Texas, with the bride's sister, Mrs. Willamae Ash traveling from San Antonio, Texas to be matron of honor.

Nadene L. Hardman of Cleveland, Ohio; Marcella Overby of Belleville; and Wendy Ann Ardt, the bridegroom's sister who was junior bridesmaid, formed the bridal coterie.

Gowned in yellow chiffon over taffeta, their high-rise frocks were distinguished by toe-touching skirts and puffed sleeves.

Short bouffant veilettes, gathered at the front with matching yellow bows and flowers, formed their headgear with white daisies encircling lavender carnations comprising their bouquets.

DAVID L. MCGINTY of Mansfield, Ohio, was best man for his cousin with Jack D. King of Mansfield, another cousin; G. Steven Ash of San Antonio, the bride's brother-in-law; and Ronald Paul Ardt making up the corps of ushers.

Mrs. Arrington was escorted up the aisle in a dress of sapphire blue silk chiffon with a silver jeweled neckline. For her son's wedding, Mrs. Ardt appeared in pink silk shantung with a matching pink veiled hat. Both mothers were presented with corsages of pink roses.

A reception for the newlywed Ardts followed in the church hall. Mrs. Jenette Harris of Belleville cut and served the wedding cake.

Both Carol and Doug are graduates of Bob Jones University where she was affiliated with Theta Pi Delta Literary Society and he with the Basilean Literary Society. They will make their new home in Homestead, Florida where both will be teaching at the Colonial Christian School.

Ceremony unites Denise L. Mason, George Dickerson

Vases of white gladiolas and carnations set among tall candelabra formed the setting August 7 for the seven o'clock wedding of Denise L. Mason and George L. Dickerson, both of Belleville.

Trinity Episcopal Church, Belleville, was the scene of the summer ceremony which united the daughter of Mr. and Mrs. Charles Mason of 44965 Robson Road and the son of Mr. and Mrs. Donald Dickerson of 1161 Sumpter Road.

Green and yellow carnations tied with white ribbon marked the pews as the bride walked to the altar with her father.

DENISE WORE for her wedding day a silk organza creation appliqued with lace, the fitted bodice featuring a mandarin collar and sheer bishop sleeves banded with two-inch lace cuffs. Distinguishing the ivory-colored A-line gown was a full train which swept to chapel length.

A Juliet cap covered with silk organza, lace appliques and seed pearls held the bride's fingertip illusion veil and she carried cascading gardenias, miniature yellow roses and stephanotis intertwined with ivy and baby's breath.

Serving as the couple's matron of honor and best man were Mrs. Gayle Rejman and Tom Dickerson, the bridegroom's brother, both of Belleville.

For the occasion Mrs. Rejman was gown in yellow dotted swiss over taffeta fashioned in the A-line mode with a V-neck and long, full sheer sleeves on the high-rise bodice. The nosegay she held was comprised of yellow

carnations encircling a gardenia with yellow and green streamer accents.

BRIDAL ATTENDANTS in matching green ensembles were Kathy Bradley, Pattie Pych and Gerry Rhodes, all of Belleville, and the junior bridesmaid, Theresa Renton, niece of the bridegroom, also from Belleville.

Making up the corps of ushers were Gerald Dickerson of Belleville, brother of the bridegroom; Bill Dickerson of Wayne, their cousin; Pat Vargo of Chelsea; and junior usher Jeffrey Mason, brother of the bride.

The bride's mother chose for the occasion a coral frock with a lace bodice and knit accordion-pleated skirt. Her accessories were in matching coral and her corsage was comprised of beige cymbidium orchids. An orange and white print knit shift was the choice of Mrs. Dickerson who added white accessories and green cymbidium orchids to her outfit.

THE P.N.A. HALL was reserved for the reception which followed with some 425 guests attending. The newlyweds later departed for a week-long honeymoon in Northern Michigan after which they took up residence at 44000 Michigan Avenue, Apt. 1, Belleville.

Both young people graduated from Belleville High School, Denise in 1970 and George in 1967. Having received his discharge from the U.S. Army in February, he is currently employed at Willow General Motors at Willow Run. The new Mrs. Dickerson works for the Ann Arbor Police Department.

MISS MILLS

Mills-Bates engagement announced

The engagement and pending autumn wedding of their daughter, Penny Kay, and David L. Bates are announced by Mr. and Mrs. Francis Mills of 228 Second Street, Belleville.

A 1965 graduate of Belleville High School, Miss Mills is currently employed at the Henry T. Deering Insurance Company.

The prospective bridegroom, son of Mrs. Irene Tammerline of 2015 Mescher Drive, Toledo, Ohio, is an employee of the Champion Spark Plug Company.

An October 9 wedding is being planned.

MISS BALESTRIERI

September 18 altar date scheduled

Mr. and Mrs. Anthony Balestrieri of 45105 Paris Drive, Belleville, announce the engagement of their daughter, Peggy Melinda, to Chester Precees Jr. son of the Senior Chester Precees of Phelps, Kentucky.

The bride-elect, who has chosen a September 18 wedding date, is a 1971 graduate of Belleville High School currently employed at Belvi Community Hospital.

Her fiancé, who resides at 44035 Expressway, Belleville, graduated in 1969 from Phelps High School, Phelps, Kentucky, and later attended Morehead College there. He is now employed by the Ford Motor Company at Wayne.

That's Sylvia Sidney

From movies to needlepoint and back again to the movies

By LEE SMITH
Women's Editor

Still a star, although she's not been seen much in the wide-screen movies of today, Sylvia Sidney appeared at the Ponchartrain Wine Cellars in Detroit last week to meet the press media. Although she's very much the movie queen, their are no artificial la-de-dais about Miss Sidney. In fact, she was minutes early for the noon luncheon planned in her honor, arriving well ahead of most of the press. And in this instance, promptness paid off as, sitting

directly across from this luminary, we were able to have a really close-up view of our subject.

A bit more grey and a bit more wrinkled than the Sylvia Sidney most fans remember, she still projects a certain magnetism with her enormous eyes and throaty voice.

Attempting to appease a screaming tummy with a cup of French onion soup (She'd been up since 5 a.m. plugging her original needlepoint on an area radio station) she gives it to you straight when you ask a question. She seems to fluff

off queries about old leading men and old Hollywood days preferring to live for today and the heck with yesterday! She's even burned all her press clippings. "It's rather like reading old love letters, don't you think? What good are they?"

EVEN THE CUMBERSOME neck brace she was wearing (she has an arthritic condition) failed to dim the forceful personality which deals with the truth, baby, no fancy pretensions for her. When asked where she makes her home these days she flatly stated, "In Connecticut, in the country, but it's no phoney farm or big estate."

Her one tendency toward braggadocio comes when she mentions her four beloved pugs — all black and all champions! They serve as one explanation for her needlework designs and her association with Paragon Art and Linen Company which is promoting her Sylvia Sidney Needlepoint Kits. Her explanation? "The money sure pays for a lot of dog shows!"

Her pugs are handled by a professional trainer and are on the dog show circuit whenever possible. Her mania for the pugs is evident in the jewelry she wears with her print, midi-skirted frock — a chunky pendant-type pin featuring heads of pugs as well as black pug earrings.

AND NOW, rather than searching for movie roles with which she can identify, she's turned to the business world and her needlepoint, the story being that she wiled away the hours between shots on movie sets by doing needlepoint. She's even written a book about it, "The Sylvia Sidney Needlepoint Book", (aptly titled.)

NEEDLEPOINT EXPERT — Sylvia Sidney, one of the first ladies of American stage and screen since her first Broadway success in "Bad Girl" over 30 years ago, appeared at Hudson's recently to introduce her "Sylvia Sidney Needlework Kits" by Paragon Art and Linen Company — available for sale in the needlework department of all Hudson stores.

Leland 'awakened' by art community

CHECKING HER PROGRESS — Mrs. Beverly Kellogg, 15094 Ashton, Romulus, a teacher at Romulus High School, works on an abstract oil painting during Michigan State University's Leelanau Summer Arts program. Checking her progress is Prof. Ralf Henricksen, grand master and instructor of the program.

"Progress" has changed Leland, Mich.

When Michigan State University established the Leelanau Summer Art Program there in 1939, it was a sleepy little fishing village situated between Lake Leelanau and Lake Michigan, characterized by few inhabitants and a slow-paced life style.

Sea gulls and fishing boats abounded, and MSU art students could escape the hectic life in East Lansing by migrating to Leland for the summer to paint picturesque land and sea scapes.

Today there is but one operating fishboat and the sea gulls have disappeared. A motel and restaurant jut into the channel and weather-beaten fishhouses now serve as gift shops.

It's difficult to identify the artists among all the tourists who crowd onto Leland's docks. There are 22 student painters this summer taking advantage of the Continuing Education program's purpose—to provide a site away from campus interruptions where the artist can concentrate totally on his work.

And although the underlying philosophy of the school has remained the same since 1939, change is apparent in the work of the students.

Delicate watercolors depicting fishhouses, boathouses and rolling hills can be found in the white frame studio, but most of the works are abstract or nonobjective, concentrating on the essence of some scene or upon a vision in the artist's mind.

A plastic arm and hand hang down from a painting depicting "War," deep purple and bright green are the only colors in an abstract of the famous tugboat "Little Toot;" and one work, a study in color relief, is made from cardboard cartons obtained from a fabric store.

It's a far cry from the strict representational artwork of yesteryear's Leland students—mostly watercolors of piers, sea gulls and fishing boats.

Prof. Ralf C. Henricksen, grand master and instructor of the art department's summer program, has taken it all in stride. He's been with

the Leland program throughout the change in the city, and he has seen art and art students through the change from representational work to the freer expression of abstract and nonobjective styles.

"I believe that all art originates somewhere in nature, and even though Leland has changed, the students can still find subjects for their work along the channel and in the area," Henricksen says.

There are both undergraduate and graduate students enrolled in the three painting courses. Some are first-year teachers others teachers with years of experience. Their backgrounds, interests and ages vary but all are artists.

Henricksen conducts "classes" with a free hand, specifying only the number of finished works required to gain credit and then allowing student painters to develop whatever themes they wish in a variety of mediums.

CITY OF ROMULUS NOTICE OF LETTING

- 1) Sealed bids will be received by the City Clerk, 11111 Wayne Road, Romulus, Michigan, until 5:00 o'clock p.m., September 1, 1971 for the supplying and delivering of all printed material used by the City. Bids will be publicly opened and read September 7, 1971 at 9:00 p.m.

Laff time

PASS IT ON
by L.M. Boyd

Only about three women out of 100 nationwide possess what can be described as natural silver blonde hair. That's not many silver blondes, is it? Little wonder they ranked No. 2 on old Ed Durling's list of most desirable types. He rated honey blondes as No. 1, you may recall. Honey blondes are not as rare as silver blondes, but he felt their intensely affectionate natures pushed them into first place.

French soldiers once were required to bite off the ends of cartridges. So the draft dodgers of that day merely knocked out a couple of front

teeth to disqualify themselves from military service...The letters a youngster ordinarily learned to pronounce latest, it's said, are 1, s, sh and r...Nevermind the deepsea horror films. Average octopus is not much bigger than a battered badminton bird.

Customer service: Q. "Did you say the town of Knossos on the Island of Crete was the biggest city in the world right up to the time of Christ? Tut Tut, my boy, Knossos started to go downhill 1,400 years earlier. What about Rome?" A. That's a horse on me. Phrased it wrong. Knossos was the biggest city in the world before the time of Christ. Q. "The famous Captain Kidd eventually got himself hanged for piracy, did he not?" A. Not for that. For braining one of his sailors with a bucket....Q. "How often does President Nixon pick up his paycheck?" A. Once a month.

Each space in a picket fence is exactly as wide as the picket next to it, correct? So why is it when you toss a pebble at a picket fence you always hit a picket? I researched this peculiar phenomenon over numerous years as a youngster. But found no exception. So obviously there is none.

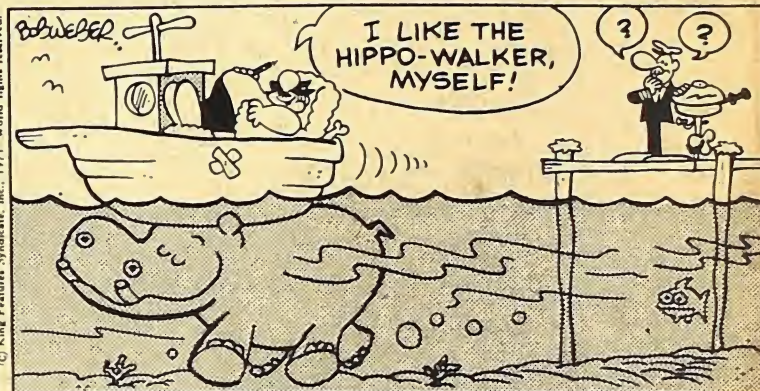

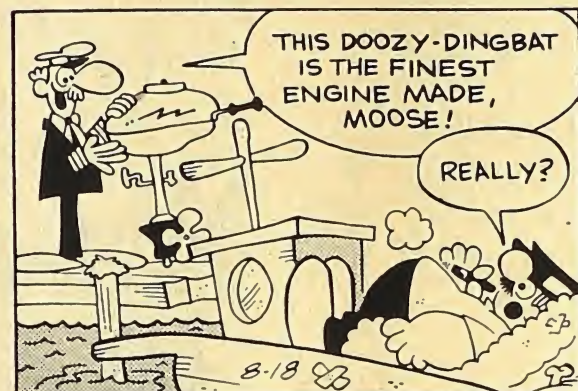

Am asked if deaf mutes talk in their sleep with sign language. Some do, some do. The wife of a gentleman so afflicted has written she and her husband were forced into twin beds, because during nightmares he behaved as though he were fighting bees. Peculiar footnote to this. She reported further he finally overcame his nightmares by putting toy handcuffs on himself every evening before dozing off.

Now they're measuring sticktoitiveness, those university scholars. Girls, they claim passes 20 per cent more of same than do boys, generally...And if you were to trust their statistics, you also would have to accept the notion that a physicist is six times more likely to get a divorce than a chemist. Furthermore, they report, by the time your tot reaches kindergarten, said child in all probability will have witnessed the killings on television of an estimated 13,000 human beings.

Rapid reply: No, sir, out of the estimated 3,000 citizens who will be bitten by snakes this year, maybe 15 will die.

Your questions and comments are welcomed and will be used in "Pass It On" wherever possible. Please address your letters to L.M. Boyd, P.O. Box 17076, Fort Worth, Texas 76102.

CARROLL RIGHTER'S
HOROSCOPE

Tomorrow's forecast
from the Carroll Righter Institute

General tendencies: The morning finds you thinking about what could be done to make your dreams come true. The afternoon and evening are splendid for a new approach at gaining your long-range ambitions and putting them in a greater scope than you had thought possible. Arrange a meeting with experienced persons to gain your objectives.

Aries (Mar. 21 to Apr. 19) Morning is best time to please kin. Afternoon and evening are best devoted to whatever long-time plans you want to make. Meet with experts and discuss new projects. One of your best days in a long time.

Taurus (Apr. 20 to May 20) Day hours are best for communications with everyone. Evening should be devoted to study, or work. See to it that all is just right at home. Family depends on you. Don't disappoint them.

Gemini (May 21 to June 21) If you think over monetary affairs well in the morning, you can then schedule your time and activities wisely. Put a new plan into operation. Forget any unnecessary deliberation. Be wise.

Moon Children (June 22 to July 21) Handle personal matters early in the morning, then take care of the financial side of your living. Experts can be of great help to you. Don't forget to thank persons who have entertained you.

Leo (July 22 to Aug. 21) Prepare to get plans working well early and then full speed ahead. Show real enthusiasm for your work. Put that particular charm you have to work and all goes very smoothly for you.

Virgo (Aug. 22 to Sept. 22) Listen to what good friends have to suggest about a cherished desire and then follow their ideas. Take in the social tonight and be happy. Romance rides high tonight with loved one.

Libra (Sept. 23 to Oct. 22) Do nothing in the morning toirk higher-ups and you find it easy in the afternoon to be with good friends for business and pleasure. Improve your credit rating. Go to bed early tonight.

Scorpio (Oct. 23 to Nov. 21) You have fine, practical ideas so work on them and then present to higher-ups for backing to put in operation. Study is the keynote today and tonight. Avoid persons who annoy you.

Sagittarius (Nov. 22 to Dec. 21) Try to get ideas from an expert that you want and need right now, then put them in operation without delay. Establish more harmony between you and mate. Think constructively.

Capricorn (Dec. 22 to Jan. 20) You can now discuss ideas with a new associate and then work together in a most constructive way. You now know what your real aims are and can go after them easily. Don't pass up an opportunity.

Aquarius (Jan. 21 to Feb. 19) Find a better system for handling your regular duties by discussing the matter with an associate. Clever people you know willingly give fine ideas. They have had more experience than you.

Pisces (Feb. 20 to Mar. 20) First planning how to make the future brighter gives you the enthusiasm in your work. Know what it is that mate expects of you. Try not to disappoint in any way. Be careful.

If your child is born today he or she will be one of those young people of a moody nature and needs to be handled with special care by parents. Send to the best schools early in life, and then the nature becomes more sure of itself. There can even be a leader here since there is a desire to excel and to receive honors. Discipline must be kindly and compliments plenty, otherwise your youngster could get into the wrong hands and the fine promise ruined.

"That Stars impel, they do not compel." What you make of your life is largely up you.

Cheryl Thompson goes to Illinois

Cheryl Thompson, daughter of Mr. and Mrs. John T. Thompson, 305 High St., Belleville, was in Bloomington, Ill. last week for a workshop in community relations.

Cheryl, a member of Girl Scout Troop 161, represented the Senior Girl Scouts of the Huron Valley Council. Scouts from various

countries including Finland, Peru and Scotland, are attending the workshop, which included instructions in newswriting, graphic arts, photography and radio and television work.

The scouts attending the conference were the guests of various scouting families in the Bloomington area. Over 240 girls were there.

JA director appointed

The appointment of Lenore Upton as public relations director at Junior Achievement of Southeastern Michigan has been announced by Edward P. Nagel, Executive Vice President.

Mrs. Upton was formerly press relations director at League for the Handicapped-Goodwill Industries and has been active in the field of communications for many years as a public relations and advertising woman and as a magazine fiction writer. She was Detroit's Advertising Woman of the Year in 1967. She is a member of the Detroit Press Club, Public

Relations Society of America, Women's Advertising Club of Detroit and Theta Sigma Phi, national professional society for women in journalism and communications.

Mrs. Upton makes her home in Royal Oak.

Corn roast

The annual corn roast of the Belleville Kiwanis Club will be held at Lower Huron Metropolitan Park Aug. 24.

If members can not attend or are bringing guests they are requested to contact club president Bert Smith.

NEW OFFICERS — The Sumpter Senior Citizens Club has announced the election of officers for the 1971 year. They are (from left) Mrs. Florence Turner, corresponding secretary;

Mrs. Vera Smith, president; Mrs. Wanda Kalasz, vice president; Cynthia Holmes, recording secretary; Hubert Copening, treasurer; and Mrs. Clara Copening, director.

Easter Seal directors complete organization

The Board of Directors of the newly constituted Easter Seal Society for Crippled Children and Adults Inc., of Wayne County, has completed its organization, with the election of officers. They are:

President Carl E. Licht, River Rouge; First Vice-President Nate P. Weiner, Lincoln Park; Second Vice-President Neil S. Banks, Inkster; Treasurer Alfred H. Husse, Dearborn.

The foundation for the new Society will be the program of the Easter Seal Society of Western Wayne County which has offered a variety of services to physically handicapped children and adults since 1934.

It is expected that the current programs in operation at the Western Wayne Crippled Children's Center near Michigan and Middlebelt in

Inkster will expand along with the enlarged service area.

These include helping the handicapped to find and use effectively community resources to meet special needs; provision of loan equipment prescribed by physicians; assistance with the purchase of equipment or other articles when no other resource for this exists; year-round classes and clubs for handicapped teenagers and adults, as well as a summer Day Camp for crippled children.

In addition to these services other areas of special need will receive attention. One example of this is the grant of \$10,000 already made to the Sickle Cell Detection and Information Center directed by Charles F. Whitten, M.D. at Kirwood General Hospital in Detroit. This was made

possible by contributions received from Detroiters during the annual Easter Seal Appeal this spring.

In addition to the officers, the following Board members have been elected: Mrs. Mary Brown, Plymouth; J. Wayne Chrisman, Grosse Pointe Woods; William H. Culp, Dearborn Heights; Joseph L. Flesher, Redford Township; William R. Ford, Detroit; James E. Granberry, Detroit; D. James Greiner, Detroit; Joseph F. Guyon, M.D., Wyandotte.

T.F. Kuckelman, Belleville; John J. Lee, P.H.D., Detroit; Ivan R. McFaul, Lincoln Park; Daniel H. Mercure, Rockwood; Edward L. Millis, Wayne; Harlyn R. Olsen, Hamtramck; James L. Park, Ecorse; Otis Radford, Allen Park; Sophia Radlow, R.P.T., Highland Park; Walter

Russell, Redford Township; Charles A. Smith, Northville; John R. Vincent, Westland; Hugh A. Wichert, Grosse Pointe; Reverend Robert B. Wildman, Southgate; Mrs. Mary Zudick, Detroit.

WCCC classes opening

Wayne County Community College will open for fall classes Sept. 15. Registration for those classes will be held at the centers the first two weeks of September.

WCCC is an open door college where anyone can receive college credits for only \$10 per hour.

One of the class centers is Huron High School. Those seeking further information can call 832-2300.

Site plan approved at planning meeting

A site plan for the construction of gas service station on the north side of I-94 Expressway and west side of Haggerty Road has been approved by the Van Buren Township Planning Commission.

The commission's approval was granted at a special meeting called for by the Mobile Oil Company and held Aug. 11.

The site plan was approved with the exception of the deaccelerate lane of the northeast entrance on Haggerty Road.

Willard DesResiers, oil firm representative, presented the plan and he explained how it would cost \$8,000 to \$9,000 to fill the site with sand and how they were extending the sewer line 1,250 feet and the water line 650 feet.

He reported that it would cost approximately \$45,000 to make the site usable and attractive.

There was considerable discussion of the deaccelerate lane coming in on the northeast entrance of Haggerty Road. Commission chairman Irving Wallace reported that the planning commission and the Wayne County Planning Commission were agreed that the lane should be a car width wide, the site plan showed that this particular lane was not.

At the request of the Arel Corporation, the commission scheduled a special meeting of the commission at 8 p.m. Monday to hear the firm's rezoning request involving 40 acres on the southeast corner of Tyler and Haggerty Roads for multiple dwelling.

A THOUGHT TO REMEMBER

BY HAROLD REDISKE, DIRECTOR

"I don't like him. I don't know why but I just can't stand him (or her)." How often have you heard it? Quite often of course.

Such loathing can and does harm the loather more than the loathed. Lets consider the thought. Isn't it ludicrous to dislike some one for no reason? In a true religious sense, animosity should not exist even if there is a reason for it. Lets carry the thought further. Both the Old Testament (Deut. 6:5) and the New Testament (Matt. 22:37) say, "Thou shalt love the Lord thy God with all thy heart and with all thy soul, and with all thy mind." Isn't it a simple question to ask, "How can we love God, Whom we have not seen, when we don't love (or even like) people we do see?"

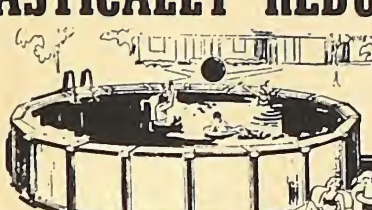

Remove the human sinfulness of hatred and you remove the cause of a basic conflict between men. Impossible? Of course it is for those who won't or don't try...

our business isn't business... it's a pleasure

Why do we enjoy banking so much?

Maybe it's because we've been in Wyandotte for five generations now. We've had the opportunity to see a small boy proudly open his first savings account... helped him get an education... financed his first car... assisted with the mortgage on a new home when he got married... helped him get started in his own business... and stood by proudly with him, while his boy opened his first savings account. Like we said, banking isn't business to us. It's a pleasure.
